OWAN IS FOR HOOVER

Remarkable Ovation in Des Moines.

Ex-Gov. Clarke Rouses Great Mass Meeting in Famous Plymouth Church.

Predicts Former Food Chief as President will be Moral World Force.

[EXCLUSIVE DISPATCH.]

DES MOINES, April 8.—Former Governor Clarke was given a tremendous ovation tonight when he addressed a mass meeting at Plymouth Church in favor of the candidacy of Herbert Hoover for President.

Ex-Gov. Clarke, who is president of the Iowa Hoover Club, declared that Hoover's election will turn public thought away from "self-seeking, unseemly scramble, degradation of the Presidential office hunting, the corruption of the public mind by the use of money and other questionable practices." The Governor said:

"I, like Mr. Hoover, believe in party organization, but it must be the promotion of issues, not of men. I am, as is Mr. Hoover, an independent, Progressive Republican. I object as much to the reactionary group in the Republican party as I do to the radical group in the Democratic party, even as Mr. Hoover has stated his objections.

"Mr. Hoover on the stump for the nomination would cheapen himself and the Presidential office. It would bring the suggestion of making his great service to the world a basis for winning the Presidency. He is incapable of anything of this kind, both by nature and conviction. Mr. Hoover's frankness and courage are admirable.

A POLITICAL FORCE.

"These, and his unselfish devotion to country, will make him a tremendous force politically. With professionalism in politics he will have nothing to do. Neither will that kind of politics have anything to do with him.

"Everything in Mr. Hoover's career indicates that he would be a powerful leader of public opinion. His expressions on public questions are straightforward, unusually clear and convincingly sound. He is for measures and not men. Men to command his support must be men who forget themselves and the next election, and are consumed by a desire to render the greatest service

EACE IS PROSPECT.

Adoption of Resolution Seems Sure.

House Debate Closes Late Today, When Favorable Vote is Expected.

Chairman Campbell Declares People Long for Return of Normal Times.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 8.—The peace resolution had passed the half-way mark on its way through the House, when echoes of the storm of oratory and debate it provoked, died away tonight. For six hours it was the center of discussion, yet no one questioned that it would be adopted in the final vote tomorrow.

There was a vote today on adoption of the special rule limiting debate and preventing amendment of the resolution as drawn up by the Committee on Foreign Affairs. This was carried, 214 to 155, seven Democrats joining the Republicans in its support and one Republican opposing it.

This was taken to indicate action on the resolution itself. One of the Democrats, Representative Huddleston of Alabama, who voted against the rule, announced that he would support the resolution.

Charges of partisanship ran through Democratic comment on the resolution. Representative Huddleston noted these but insisted that his conscience would not let him "trot along" with the party majority and oppose the peace proposal, whatever "company" his decision forced him to keep.

Declaring that the war with Germany was over and that Congress should assert the fact, Chairman Campbell of the Rules Committee opened the fight for adoption of the joint resolution declaring the state of war at an end.

Mr. Campbell said the people were wearied by a year and a half of life under an executive with war powers in time of peace, and longed for the freedom of government with three separate and independent branches.

Passage of the resolution, he continued, would put the United States back on a normal basis. He added that grave domestic questions made the proposed action imperative.

"PEACE HUMBUG," SAYS POU.

Representative Pou, North Carolina, ranking Democrat on the Rules Committee, made the first address in opposition to the resolution, which he characterized as "the peace humbug to be debated for two days."

Passage of the measure, he declared, "would be playing Germany's hand."

Mr. Pou charged that the Republicans were seeking to make political capital for the next campaign and were offering the resolution as an excuse for broken party pledges.

Howls from Republicans greeted his statement that the measure was designed to embarrass President Wilson and they were renewed when he said the President "had no selfish ambitions."

"Few members of the House believed anything will ever come of the resolution," Mr. Pou declared.

"It is another stunt of the steering committee and the autocratic power which has ruled the House during this Congress."

The resolution is "a business proposition from start to finish," Representative Snell, Republican, of New York, declared.

"It is what the American people demand.

"If it were not for outside political opposition there would not be a single vote against it."

MAY VOTE TO RECOMMIT.

On the technical side of the discussion the Democrats repeatedly challenged the constitutiinal right of Congress to pass such legislation, insisting it was a contemplated invasion of the treaty-making powers conferred on the executive branch and the Senate.

Historical and legal precedents were marshaled to support this view and the writings of authorities on international law quoted at length. The Republicans quoted other authorities and precedents and maintained that all that was sought was to end legally a war that had in fact ended long ago.

Representative Campbell, in presenting the rule, assured the House that there was no intention to permit any other vote than in adoption of the resolution and one vote on recommitment.

Representative Flood, Democrat, Virginia, leading the opposition, had not determined tonight the form the motion to recommit would take. Possibly, it will contain instructions that a substitute resolution, more acceptable to the Democrats, be reported back by the Foreign Affairs Committee, but there was no anticipation that such a move could be put through.

There was nothing to indicate

FOUR SWITCHMEN OUT OF SIXTY QUIT IN SAN BERNARDINO.

[EXCLUSIVE DISPATCH.]

SAN BERNARDINO, April 8.—Four out of sixty switchmen on the Santa Fe went on strike last night. The four, who are members of the Switchmen's Union, struck at 11 o'clock when they were assigned to duty at the Santa Fe pre-cooling plant at Colton, where more than 100 cars of citrus fruit are waiting to be shipped. The Santa Fe has called on brakemen to take the place of the four strikers. There are no indications that the Brotherhood of Railroad Trainmen members will go out. E. J. Chandler, general chairman of the brotherhood here, said late last night:

"I do not believe any members of the brotherhood here will go out on strike as they have a contract to protect and I believe they will do it."

LATEST NEWS.

U. S. Destroyer's Record Run.

CONSTANTINOPLE, April 8.—The United States destroyer Cole arrived here from Feodosia, in the Crimea, today in the fastest long-distance run in the history of Black Sea navigation. The Cole started with only a twenty-four hours' supply of food and water and raced the nearly 500 miles to Constantinople at an average speed of forty miles an hour. The time was twelve hours flat.

Twelve Russian refugees, who escaped from Odessa, were on board. They are now in the Red Cross hospital, being treated for typhus.

Belgium to Aid France.

BRUSSELS, April 8.—(Havas.) At a council of ministers today under the presidency of the King, the latest events in Germany were examined. To support the principle of solidarity of the Allies before Germany and as a token of friendship to France, it was decided to inform the French government that the Belgian government is ready to associate itself with France and to send a detachment in connection with the measures for the occupation of the Ruhr region.

Colorado Wheat Crop.

DENVER (Colo.) April 8.—Colorado's wheat crop is only 75 per cent. normal, according to predictions for the season made in a statement issued today by the Colorado co-operative crop reporting service. The depletion in production is charged to dry conditions, the recent terrific windstorms and decreased acreage.

The statement says that the prospective crop of winter wheat will be 13,283,000 bushels. Last year a survey indicated a yield of 19,359,000 bushels.

The amount of land devoted last fall to winter wheat was 978,000 acres compared with 1,075,000 acres the previous year.

Outrages in Ireland.

LONDON, April 8.—One thousand and eighty-nine outrages were committed in Ireland between January, 1919, and March 29, according to an official white paper, which attributes them to the Sinn Fein movement. Thirty-one police, military and officials and five civilians were killed; eighty-one were fired upon; thirty-two were assaulted.

This does not include the 200 police barracks destroyed during Easter week.

Lane to Address Lawyers.

[BY A. P. NIGHT WIRE.]

CHICAGO, April 8.—Plans for the annual meeting of the American Bar Association, to be held in St. Louis August 25, 26 and 27, were discussed at today's meeting of the executive committee of the organization. It was announced that speakers would include A. J. Beveridge of Indiana and Franklin K. Lane.

NATION-WIDE HOOVER CAMPAIGN

Influential Republicans Meeting Today in New York to Co-ordinate Great Movement Designed to Force Nomination of Former Food Chief.

BY THOMAS F. HEALEY.

[EXCLUSIVE DISPATCH.]

NEW YORK, April 7.—Influential Republicans from all sections of the country who are leading the movement to bring about the nomination of Herbert Hoover as the Republican candidate for President, are in session today and tonight to plan a nation-wide campaign party. They will endeavor to perfect an organization which will be systematic and strong enough to successfully grapple with the powerful machine controlled by reactionary groups. They will formulate plans for the conversion of sentiment into organized political power, and they will seek to co-ordinate loyalty to the Republicanism of Herbert Hoover and the Hoover standards of political action with intensive work.

These men plan to sit down and work out a Presidential political policy which will force the organization leaders to an immediate realization of the new political doctrine which is sweeping the country.

The men who are in New York for this meeting feel that the moment has arrived for definite, concerted action. Already they see the effect of Mr. Hoover's influence in the national political situation. The moment has come, they say, to launch the Hoover candidacy with all the force and power that can be put behind it.

The voters of Michigan and New York have spoken directly and indirectly respecting Mr. Hoover and his policies, and the leaders in the Hoover movement can find no equivocal note in the sentiments expressed at the polls. Rather, they see in the rout of Senator Johnson in New York, the heavy vote polled by Mr. Hoover in Michigan, and the remarkable fight staged on the organization in the Seventeenth Congress District here, a warning to the men who presumed to read Mr. Hoover out of the party that the independents know they have found a leader and that this will be an independent year.

SENTIMENT GROWS.

The vote in Michigan is regarded as a direct indorsement of Mr. Hoover and his policies. The defeat of Senator Johnson in New York is regarded as an indirect indorsement of the Hoover standards of political action.

The vote polled in the Seventeenth Congress District by Miss Mabel Choate and Julian S. Myrick is considered remarkable, not by Hoover advocates alone, but by organization men as well.

In Michigan and New York the movement for Hoover was hastily organized, and by no means systematized, and was opposed by machine power. Because of these facts, Hoover sentiment increased tremendously here today, and reports from the country at large were more than favorable.

Organization men, members of the State and county Republican committees, and leaders of the fight against Hoover in the Seventeenth District professed today to be well pleased with their victory there.

But the truth is they were amazed at the votes polled by Miss Choate and Mr. Myrick. The organization centered its fight in that district, yet the Hoover movement was without organization. It was conducted by amateurs, as its leader, Watson Washburn, said today.

These amateurs entered the lists with trained, old-school politicians, and they captured one-third of the votes cast. That, the Hoover men say, spells sentiment for Hoover, which event the most reactionary of the old guard leaders cannot misunderstand.

MADE LATE START.

Mr. Washburn pointed out today that the Hoover movement was started here even before it was known upon what ticket he would run. "In view of that fact alone," he said, "the showing made by the Hoover candidates is evidence that Hoover sentiment is overwhelmingly strong." It was the opinion of Mr. Washburn and others that had Mr. Hoover announced himself as a Republican candidate a month before he did he would have made such a showing here as would have caused not only local, but national, concern to the party leaders.

Hoover leaders who arrived in New York today from various sections of the country were enthusiastic in their reports of the growing sentiment for their candidate. This sentiment, they say, needs but to be crystallized or organized to make it an overwhelming force. Therefore, they propose to form a national organization of the State and community committees and clubs now working up sentiment for Mr. Hoover. The conference here will take the place of the convention which was planned for Chicago.

CONSOLIDATE FORCES.

At the meeting here Friday, next, at the home of Mr. Washburn, the activities of the New York Hoover Republican Club will be transferred to the Greater New York Hoover Republican Club, which is headed by R. Fulton Cutting. Mr. Washburn said that within a week the Greater New York club would be enrolling tens of thousands of Republicans, who are for Hoover, first, last and all the time.

LOS ANGELES RAIL OFFICIALS ACT AS SWITCHMEN; TRAINS HANDLED WITH REGULARITY

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 8.—The Southern Pacific Railway late tonight announced that all switchmen, yard engineers and yard firemen in the San Francisco and Oakland yards, 430 in all, had walked out and that railroad officials and clerks were doing necessary switching of passenger trains. Approximately 800 men in the Coast division were out, according to the company's figures.

Announcement that the Southern Pacific Railway would accept no perishable freight or live stock to be moved from or through the San Francisco Bay region and the Los Angeles district, was made tonight by President William Sproule because of an "unauthorized" strike of switchmen and yardmen at those centers. Other freight would be accepted subject to delay, he stated.

Reports from Los Angeles quoted strike leaders as saying 1400 men employed by the Southern Pacific, Santa Fe and Salt Lake companies were out in the Los Angeles district and sixty Southern Pacific switchmen were out in Colton. Santa Fe and Salt Lake yardmen were said to be still at work in San Bernardino, a division point, but Salt Lake officials had issued an embargo on perishable freight which was regarded as serious by growers of citrus fruits.

Sproule said "diligent inquiry both among the men and the brotherhood officers" had failed to reveal why the men had struck.

Strike leaders in Southern California declared they had accomplished there a "100 per cent. strike" in that not a box car was moved in any yard during the day.

The company tonight expressed hope that all "on sober second thought will revise their views and return to work."

"We prefer that they return," said President Sproule, "but in any circumstances the service must be restored."

While several hundred "outlaw" switchmen, who quit their posts on the three steam railroads early yesterday without giving notice of their intention to do so, were holding a union meeting yesterday, to which brotherhood officials were denied admittance, officials of the steam lines were acting as switchmen and getting out their trains with but little delay.

At 11 o'clock last night General Manager Hibbard of the Santa Fe and Assistant General Manager Williams of the Southern Pacific held a conference and announced that trains would be run by both companies today with the least possible delay. With high officials throwing the switches, the Southern Pacific rolled its trains in and out last night with surprising regularity. No. 109 got in from New Orleans at 9:15 p.m., first and second sections of No. 73 came in from the north at 11:55 p.m., the first and second sections of the Lark rolled out at 9:30 and 5:45 p.m., with the San Joaquin Valley trains pulling out at 9:10 and 9:30 p.m.

Late last night it was stated that a committee from the Switchmen's Union was to meet the railroad officials, but it was announced at 1 o'clock this morning that there was "nothing definite from the committee." Another meeting will be held at 8:30 a.m., today.

W. H. Whalen, superintendent of the local division of the Southern Pacific, says the strike will be short-lived. "Public sentiment will soon put a crimp in it," he asserts. "The traveling public will put up with just about so much and then, figuratively speaking, 'the worm will turn.'"

ORDERED BACK.

Executives of the switchmen's union, excluded from a mass meeting of the strikers yesterday afternoon, called on Superintendent Whalen and Assistant General Manager Williams, giving them copies of telegrams in which Coast representatives of the brotherhoods ordered all strikers back to work and told the brakeman, conductors, firemen and engineers to stay on the job.

LONDON, April 8.—David Lloyd George, the British Prime Minister, will leave for San Remo, Italy, next Saturday, for the coming session of the Peace Conference.

PONCA CITY (Okla.) April 8.—Two persons are dead and three others received serious injuries as a result of what is supposed to have been a gas explosion in the kitchen of a restaurant here early today. Property damage is estimated at $75,000.

WASHINGTON, April 8.—Fighting between Japanese and Russian forces at Khabarovsk ceased late Tuesday, the Japanese Embassy was informed today, with the surrender of the soviet troops. The Japanese suffered 200 casualties while the Russians lost 400 dead, 1500 prisoners and seven guns.

LONDON, April 9.—It is reported that ten civilians were killed and 180 wounded and that three British officers were wounded in the disturbances in Jerusalem, April 4, between the Jews, Moslems and Arabs, says a dispatch to the London Times from Cairo, Egypt, dated April 7.

WASHINGTON, April 8.—Refugees from the German Communist forces are entering the British zone of occupation around Cobienz in large numbers, the State Department was informed today. More than 5000 were disarmed and interned Tuesday, and reports were that at least 15,000 more were expected yesterday.

GENEVA, April 8.—A telegram received at Lugano from Trieste asserts that the Italo-Jugo-Slav commission which has been in consultation regarding an Adriatic settlement has reached an agreement concerning the Adriatic ports under which Italy obtains sovereignty over Fiume, The Jugo-Slavs, under the reported agreement, would receive Susak, the Canale della Fiumara, the port of Baross and the port of Volosca. The port of Abbadiza, south of Volosca, would remain Italian with the Jugo-Slavs receiving Scutari, on the Albanian coast, as compensation.

RAIL HEAD HITS RADICALS.

Says Labor is Drunk with Power and Would Force Ruinous Pay Rise.

"Labor is drunk with power, and the radicals are in the saddle. Unless the conservatives assert themselves I look to see soup houses all over this country within another two years," said B. A. Worthington, president of the Cincinnati, Indianapolis and Western Railroad, yesterday, who is concluding a two weeks' tour of the Pacific Coast, ordered his private car switched over to the Santa Fe, and declared that he was going back to Indianapolis as fast as steam would carry him.

"I look for this strike to spread," said he. "The new railroad bill provides that no changes shall be made in pay before September 1, and that disputes after that time shall be referred to a wage board. Labor's radical element of the brotherhoods has decided to strike now and all hard, hoping to force a showdown before time for a reconsideration of wages arrives.

"In view of the present attitude of labor and its indisposition to accept conciliation, the outlook to the country is extremely dark. Labor will take a reasonable view of the situation we cannot but a period of industrial depression which will be the worst this country has ever experienced.

"Seventy-five to 85 per cent. of the men are loyal and reasonable, but the radicals are in the saddle and they have ways of whipping the others into line."

President Worthington declared, further, that wages in many lines have advanced at least 100 per cent. in recent years, pointing out that engineers and engineers on his road, who make the run from Chicago to Indianapolis in three hours and 15 minutes, call it a day's work and draw $345 per month for that service, whereas boys who call the crews for duty used to draw $30 a month, and now get $135. Even the less strenuous stenographic work has been advanced from $70 to $150 per month. He declared that he had no objection to people earning as much money if the traffic would bear it, but that the railroads were confronted with pay rolls, and that he could today replace his girl typists for $80 per month.

"As an example of the unreasonable attitude of the striking switchmen, let me call attention to recent figures of the Interstate Commerce Commission," said Mr. Worthington. "It says that the tentative valuation of all our railroads is slightly less than $20,000,000,000, and that labor's war increases now aggregate $1,500,000,000 a year. The government has placed a permanent labor mortgage of 7½ per cent. upon the railroads, in addition to the compensation labor was receiving prior to Federal control.

"If labor had come before the people at the beginning of the war and demanded that everything be duplicated and put upon a 7½ per cent. increase basis the public would have stood aghast, but that is what has actually happened. Yet the people have no additional mileage, and there is only sufficient new equipment to partially take care of annual renewals."

Mr. Worthington pointed out further that the cost of production in this country has reached the stage where other countries can supply us with many commodities for about what our manufacturers would pay out in labor alone while turning out the same commodity.

"It is fast coming to the place where our industries cannot meet the competition," he concluded. "Many of our important industries are already taking stock. We had better go a little bit slow if we would avoid what now appears to be a fast-approaching period of industrial depression."

SWITCHMEN DEMORALIZE TRAFFIC.

[BY A. P. NIGHT WIRE.]

CHICAGO, April 8.—The unauthorized strike of switchmen and railroad enginemen which started in Chicago and spread today to several cities will be broken with the next forty-eight hours, A. F. Whitney, vice-president of the Brotherhood of Railroad Trainmen, and S. E. Heberling, international president of the Switchmen's Union of North America, predicted tonight.

The situation in Chicago showed some improvement during the day, but Whitney said the traffic handled was still less than 50 per cent. of normal. One thousand brotherhood men from other cities have answered the call to come here as strike-breakers, he added.

The Railroad Managers' Association reported that more engines were operated today than at any time since the strike began.

While conditions here showed improvement, the strike was spreading from coast to coast. Reports tonight summarized the situation as follows:

Chicago—Eight thousand men out; freight traffic 30 to 40 per cent. of normal; 40,000 packing-plant workers thrown out of work, with complete suspension of the plants, employing 50,000 men, in prospect tomorrow.

Buffalo—Fifteen hundred to 2700 men idle. Embargo on all freight in effect.

Kansas City—Two hundred to 500 men out; freight embargo in effect.

Los Angeles—Twelve hundred men employed by transcontinental lines on strike.

Toledo—Six hundred men out; complete freight tieup within twenty-four hours predicted.

Detroit—One thousand men out and 500 more expected to follow tonight.

Gary—Three hundred to 400 idle; 350 B. of R. T. men voted to remain loyal to their union.

East St. Louis—200 out; 5000 in St. Louis voted to "resign" at midnight unless demands are granted.

Decatur, Ill.—102 on strike, vote to stay out until demands granted.

Joliet, Ill.—Fifty on four roads strike; Chicago Outer Belt men refuse to join walkout.

Springfield, Ill.—Baltimore & Ohio switchmen out.

Colton, Cal.—Fifty Southern Pacific men quit; freight tied up.

Cleveland—1500 vote tonight on strike issue.

Sheridan, Wyo.—Men vote to remain at work and send delegation to Chicago to aid in breaking strike.

Niagara Falls—Switchmen refuse to strike after listening to appeals from fifty Buffalo strikers.

Elmira, N. Y.—Yardmen of the Delaware, Lackawanna and Western, New York Central and Lehigh Valley ordered out.

Pittsburgh—2000 Pennsylvania employees at Conway yards vote to strike at midnight if demands not granted.

Memphis—Yardmen on all but two roads voted to strike at 4 p.m. Friday if demands not granted.

Fort Wayne—Strike of 3200 Pennsylvania shopmen believed settled. Strike had no connection with switchmen's walkout.

San Francisco—Twenty switchmen quit.

DETROIT UNDER EMBARGO.

[BY A. P. NIGHT WIRE.]

DETROIT, April 8.—Approximately 1500 switchmen and enginemen were idle here tonight and nearly every railway entering the city was powerless to move any but perishable freight and passenger trains as the result of the sympathetic walkout of switchmen today.

The Michigan Central declared an embargo on all inbound and outbound freight except fuel and foodstuffs.

Railroad officials had received no demands from the men, who, they said, left the yard upon appeals from the Chicago strikers for united action. Officers of the Brotherhood of Railway Trainmen and the Switchmen's Union were endeavoring to induce the men to return.

CRIPPLE KANSAS CITY.

[BY A. P. NIGHT WIRE.]

KANSAS CITY, April 8.—All railroads entering Kansas City and operating under contracts with the Brotherhood of Railroad Trainmen, tonight were wholly or partially affected by the strike of switchmen which began last night, W. M. Corbett, general manager of the Kansas City Terminal Railway Company, announced.

Only the Rock Island, whose switchmen are members of the Switchmen's Union of North America, remained unaffected, according to Mr. Corbett.

Locomotive firemen in the employ of the terminal company were the last to quit. They left their engines late today.

Officials, yardmasters and office employees of the terminal were pressed into service and early tonight officials of the company reported that nine switching crews had ben organized from among these volunteers.

Railway officials place the number on strike at 400.

MADE NATION-WIDE.

[BY A. P. NIGHT WIRE.]

BUFFALO (N. Y.) April 8.—At a meeting tonight attended by about 1200 striking switchmen, the grand lodge of the International Yard Workers' Association was organized. It was said by the officers that the organization would be extended to other cities where the switchmen are on strike, and they declared that the association would supersede the Switchmen's Union and also the Brotherhood of Railroad Trainmen as far as it affects yardmen.

Speakers at the meeting emphasized the contention that the men were not on strike, but that they had walked out as individuals.

A striker who attempted to interject remarks in praise of Eugene V. Debs was denied a hearing by the assemblage.

After the meeting, Edward C. Holahan, president of the new organ-

TO SUBSTITUTE IN ARMY'S BILL.

Wadsworth Concedes Defeat of Universal Training.

To Stave Off Vote by Introducing a New Measure.

Would Now Have Voluntary Service for 19-Year-Olds.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 8.—Defeat of the compulsory universal military training provision of the army reorganization bill was conceded today by Senate proponents of the plan and to stave off a vote on the issue they planned to substitute a programme for voluntary training of four months for all youths 19 or more years old.

When consideration of the army bill was resumed Chairman Wadsworth of the Military Committee admitted that the opponents of compulsory training were in the majority. It was understood that a caucus of the Senate showed four- teen or more Republicans and about forty Democrats in opposition.

Senator Frelinghuysen, Republican, New Jersey, condemned opposition to military training founded on the theory that the men who fought Germany can be called upon again.

"They have carried their portion of the burden," he said. "It must be remembered we had an unmarried army, and that even now hundreds of thousands of its membership have married.

"The last war has taught us that wars are inevitable. We are somewhat estranged already with the nations which united with us in the fields of France. Mexico no longer respects us and some day we must show her, too, that she cannot always murder American citizens and abolish American property rights."

A plan for voluntary training of youths 18 years old and upward was offered by Senator Frelinghuysen as a substitute for the compulsory plan. He said that while he favored the compulsory plan, he was convinced that it would be rejected by the Senate.

DR. BARROWS AGAINST ALIENS OWNING LAND.

NOT ONLY ORIENTALS, BUT ALL, NOT CITIZENS SHOULD BE DENIED, HE SAYS.

[BY A. P. NIGHT WIRE.]

PORTLAND, April 8.—Dr. David P. Barrows, president of the University of California, in an interview here today declared that alien ownership of farming lands was a danger to the life of the nation, saying that he would go the logical limit and forbid the acquisition of lease of agricultural lands by all aliens, whether Oriental or otherwise.

Dr. Barrows was here today to speak before the Civic League on the subject of Bolshevism.

"I think alien land holdings should be equitably liquidated," Dr. Barrows said. "The State can afford to pay generously to get back into the possession of its own citizens agricultural lands that have fallen into alien possession."

STATE TO FILE AN INTERVENTION SUIT.

[BY A. P. DAY WIRE.]

BOSTON, April 8.—Atty.-Gen. Weston Allen announced today he would file a suit for intervention in the litigation involving governing boards of the Christian Science Church and Publishing Society. He said the papers would be presented to the court today or tomorrow.

His action will be taken in behalf of the members of the church as beneficiaries of a public charity under a law which requires that the Attorney-General shall enforce the due appropriation of funds of public charities within the commonwealth.

dent of the Cincinnati, Indianapolis and Western Railway, who was visiting here, canceled arrangements for a trip to the north, had his private car switched to the Santa Fe line and started home.

C. H. Hallmark, general freight agent for the Southern Pacific, says that less than fifty carloads of perishables were left in the local yards when the switchmen went out. Live stock loads were switched to the corrals by yardmasters and other officials before the engines were put away. The Santa Fe was likewise fortunate in the quantity of perishables left on hand.

None of the roads was able to transfer freight to the terminal market yesterday.

One veteran switch crew stuck by the Southern Pacific and it, with the assistance of Master Mechanic William Peterson, Terminal Trainmaster W. H. Jones and General Night Yardmaster Fred Dangle, managed to switch the passenger trains yesterday and started hundreds of travelers on their way. Many people here en route from Southern California cities to the north cashed in their tickets and returned to their homes.

Local railroad officials would not venture to forecast last night what the next twenty-four hours may bring forth. The Southern Pacific officials appeared to be the most optimistic, but their confidence seemed to run no farther than that the strike would not spread to the other brotherhoods.

F. I. R. Moore, chief of mail transportation on the Salt Lake and the Santa Fe lines, and Charles Rager, in charge of the mail trains on the Southern Pacific, were on duty yesterday at the Federal Building, awaiting developments.

They reported that there had been but little delay in the departure of mail trains on any of the roads. Every mail train booked up to 4 o'clock had gone, they said, but in several instances, there had been a delay of about an hour in leaving.

Claude E. Slater, superintendent of the railway mail service, with headquarters at San Francisco, was in Los Angeles yesterday morning en route to El Paso, Tex., and stopped off between trains. With but a cursory view of the situation, he thought there would be no trouble in moving the mail trains.

Hubert Kittle, acting local chairman of the Firemen's Brotherhood, instructed firemen to put in their eight hours and perform their contracts with the company as firemen, but to throw no switches. The effect is designed to be that if an engineer and firemen are ordered to take a train out, they will obey, but when they come to the first switch which has been vacated by its union switchman they will refuse to throw it, and unless the switch is otherwise handled the train will stop there. The crew under those circumstances would remain in the cab eight hours, then kill the engine and go home.

WIRE TO FIREMEN.

Yesterday Mr. Kittle sent the following telegram to all firemen of Orange Grove Lodge No. 97:

"You are hereby ordered to fulfill your agreement with the Southern Pacific Railroad Company. Walkout of switchmen here in Los Angeles is not brotherhood move. No information nor authority for men (firemen) to strike."

About 500 switchmen on the three local lines are participating in the walkout, the tie-up being practically complete except for emergency service given by officials. No advance notice of the strike was given, the Southern Pacific men quitting at midnight and the Santa Fe men refusing to report for duty yesterday at 3 p.m. The Salt Lake switchmen quit early in the morning.

Veteran railroaders say they believe the "outlaws" are attempting to break up the four railroad brotherhoods and reorganize them into the Yardmen's Association. The "outlaws" have flatly refused since the strike started in the East to obey instructions from officials of their brotherhood to return to work at once.

MAY GO BACK.

Members of the Big Four, the railroad brotherhoods, met at the Labor Temple last night with the "outlaw" switchmen and had a long confab which apparently ended nowhere, but appeared to bring out the development that certain switchmen feel that an effort is being made to break up the brotherhoods. It was strongly hinted that many switchmen may go back to work today. Several switchmen openly declared they are through with the union—that somebody was always trying to throw a monkey wrench into the machinery.

OUT AT BAKERSFIELD.

[BY A. P. NIGHT WIRE.]

BAKERSFIELD, April 8.—Switching crews and yardmen in the local Southern Pacific yards went on strike tonight and passenger and mail trains are being moved by local company officials, according to announcement at 11 o'clock tonight from the office of Supt. F. M. Worthington of the San Joaquin Valley division. The Mojave yards, seventy miles east of Bakersfield, are tied up.

Four engine crews stopped their work simultaneously. No reason was given by the men for their action.

No freight is moving out of the Bakersfield yards, which are, however, comparatively clear of perishable shipments.

Passenger transport will not be hindered or delayed, it was said.

A trainload of thirty-five cars of automobiles for Los Angeles is tied up in the local yards.

Supt. Worthington, yardmasters and office clerks were doing the switching tonight.

AT SAN BERNARDINO.

[EXCLUSIVE DISPATCH.]

SAN BERNARDINO, April 8.—Although about forty-five switchmen of the Southern Pacific and Salt Lake are on strike at Colton and nothing is moving in the Colton yards except the through traffic the Santa Fe switchmen in San Bernardino have made no move as yet toward joining in the strike. It is expected that if a strike is determined upon here the men of the next shift beginning at 10 o'clock will be the ones to go out.

"Mr. Hoover is needed because of his intimate knowledge of world conditions and affairs, and because we cannot be in the world and yet not of it. His name has prestige in the world. He is our best Republican at home and abroad. We must not allow the world to lose confidence and faith in America, this respect Hoover is our best hope. It is because of these things that we are for Herbert Hoover for the Presidency."

"HOOVER IN MICHIGAN."

[EXCLUSIVE DISPATCH.]

CHICAGO, April 8.—Under the caption "Hoover in Michigan" the Chicago Evening Post tonight says editorially:

"Democrats must be wondering just what their Michigan primary means. Hoover announced himself a candidate for the Republican nomination, whereupon the Democratic voters of Michigan expressed their preference for him over all other contenders.

"Is this an invitation to Mr. Hoover to reconsider?

"Or is it notice to the Democratic party that the rank and file prefer a certain kind of Republican to any kind of Democrat?

"Or is it, perhaps, a hint to the President that Mr. Hoover's policy of ratifying the treaty with the Lodge reservations is more popular with the voters of the Democratic party than the President's policy of nullifying the treaty because the reservations are not exactly to his liking?"

MISSOURI HOOVER CLUB.

[BY A. P. NIGHT WIRE.]

ST. LOUIS, April 8.—Organization of a Missouri Hoover Republican Club was begun here today and is expected to be perfected Monday.

LYMAN CHAIRMAN OF HOOVER DRIVE HERE.

LOCAL CLUBS ARE TO MERGE FOR THE PRESIDENTIAL PRIMARY CAMPAIGN.

At a meeting yesterday in the headquarters of the Hoover Republican Club, E. D. Lyman was appointed permanent chairman of the campaign in Los Angeles. Plans were made for the State-wide campaign and for the merger of the Make-Hoover-President Club and the Hoover Republican Club.

Because of announcements made during the past two weeks by Mr. Hoover from Washington, declaring he is a Republican and asserting that he would accept the nomination of no other party, W. C. Shelton of the Make-Hoover-President organization yesterday offered the personnel of his club to aid the Republican campaign.

Ralph Merritt, State chairman of the campaign, will arrive this morning from San Francisco and will go into immediate conference with Mr. Lyman. He will address a meeting at the headquarters, 712 South Spring street, in the afternoon.

"The next three weeks will be the busiest of the campaign," said Mr. Lyman yesterday. "With the thousands of workers and supporters now enlisted, there is no doubt that California will send a solid Hoover delegation to Chicago."

STANFORD HEAD EXTOLS HOOVER

"Represents New Element in American Politics."

Dr. Wilbur Strongly Favors Classmate's Candidacy.

Says He's Best Man to Solve Nation's Problems.

Declaring that Herbert Hoover represents an entirely new element in American politics and new values in American life, Dr. Ray Lyman Wilbur, president of Stanford University, yesterday extolled his former classmate as the one man for President during the present difficult period of the nation's history.

"Lots of men had a chance to see what the government did at Washington during the war, and lots had a chance to see what the government did not do in the army, but Hoover had an opportunity to see all of these things as the head of one of the greatest administrative departments developed by the government during the war," said Dr. Wilbur.

"There is no man in the United States, let alone the world, who has such a mastery of executive and administrative problems as Herbert Hoover. My knowledge of Hoover convinces me that there is no one so fully capable of solving the problems of reconstruction and the economic problems with which we are faced today.

"I saw Mr. Hoover about three weeks ago, but at that time he was very reluctant about having anything to do with politics. He thought that the politicians did not want him as a Presidential candidate and he did not know whether the people wanted him or not. Since that time, however, he has cleared up the situation with a statement as to his political attitude.

"Hoover has always been a Republican, but it was his idea when engaged in war service that he should follow the man at the helm. He knew what the problems of war were, and he knew that the only way to solve them was by steady cooperation."

MEETS WELFARE CHIEF.

Dr. Wilbur arrived in Los Angeles yesterday for the purpose of meeting leaders of social organizations prior to the annual meeting of the California State Conference of Social Agencies to be held at Riverside, May 4 to May 7. Dr. Wilbur is head of the State conference and will preside at the convention.

A luncheon in his honor had been arranged by resident alumni of Stanford at the University Club, but as Dr. Wilbur's train was several hours late, it was postponed. Dr. Wilbur leaves for San Diego today, but will return to Los Angeles before the conference, when he will, if possible, be entertained by the alumni.

Immediately after the conference yesterday, Dr. Wilbur left for Pasadena, where he addressed a mass meeting of Hoover supporters at the Y.M.C.A. Preceding the meeting, a dinner attended by Stanford alumni and Hoover supporters was held at the Hotel Maryland.

Dr. Wilbur, who was a classmate of Hoover at Stanford, is strongly in favor of his nomination for President of the United States. In 1913 Hoover was elected to the board of trustees of Stanford, and in 1915 Dr. Wilbur was made president of the university. Since their undergraduate days, Dr. Wilbur and Hoover have maintained a close friendship in university affairs, and the lines of policy along which the university has been developed in recent years are those in which the two men are thoroughly agreed and for which they are largely responsible.

A FEDERAL SINGLE TAX IS PROPOSED.

ALL LAND HOLDINGS VALUED IN EXCESS OF $10,000 MAY PAY TRIBUTE TO WASHINGTON.

[EXCLUSIVE DISPATCH.]

SACRAMENTO, April 9.—Is the Federal government to try out single tax as an experiment? A bill has been introduced in the House of Representatives, No. 12397, by Mr. Nolan, "to provide for the raising of public revenues by a tax upon the privilege of the use and enjoyment of lands of large value."

State Controller John S. Chambers has been in communication with Washington to ascertain the purport of this bill and just what it might mean as affecting the revenue situation in the State of California.

"The title," says Chambers, "speaks of 'lands of large value,' and in the body of the bill this value is placed at anything in excess of $10,000. A ranch worth this amount of money ordinarily is not considered a large value ranch. Under the bill, improvements which are 'the result in whole or in part of the application of labor to land' are not taxed. This is single tax."

NOLAN BILL PROVISION.

Among other things, the Nolan bill provides that land valued in excess of $10,000 shall be taxed at the rate of 1 per cent., and where this land is under lease then the tax is a charge against the lessee. Where title is held in more than one person, each is to pay in proportion to the value of his or her share. In the event of condemnation proceedings by the United States, the value placed upon a tract of land by the owner or owners may be used in evidence.

Among other things, the owner or owners must tell who they are and what interest they have in the land to be taxed, the price paid for it, unless received as a gift or through inheritance; the amount paid by the predecessor in interest, the valuation placed upon the tract, offers received by the owners for such land and any price at which the owner has offered the land for sale during the past two years; likewise, the value of the improvements must be given, the price at which the improvements are held, the amount paid by the owner or others in making improvements and the value of the land with and without improvements. But such returns are not conclusive evidence of the value of the land. The Commissioner of Internal Revenue, who is to handle this department, may place such values as he deems right and proper. Failure to pay the tax when due will involve a penalty of 5 per cent. and an additional penalty of 1 per cent. per month for each month of delay.

"It is to be hoped," said Controller Chambers, "that the bill will not pass, and the indications are that it will be defeated. Yet it should be watched and strong protest made. The war is over and the Federal government should be, and as a matter of fact is, able to finance itself without further encroachments upon State sources of revenue. In California the State government itself no longer taxes general property, but the counties and cities do, under our dual system. The State government taxes corporations. But in the end the people pay all taxation. Any undue burden on one source affects all sources. This proposed Federal land tax would fall directly on the people and add directly to their local tax burden since it is land, as taxed locally, that would be affected. If now the Federal government should impose a burden on land which the State government refuses to impose, a great injustice would be done.

STATE RIGHTS.

"The bill distinctly says," concluded Chambers, "that it is for the purpose of raising revenue. Nothing is said about the breaking up of large estates, of putting a stop to speculation in large land holdings. But even if that were the purpose, then the execution of such a purpose belongs to the State and not to the Federal government.

"The Federal government is encroaching more and more upon the sources of revenue of the States. It is taxing inheritances and incomes and indirectly other State sources, and now should the Nolan bill go through, it would even tax our land holdings. The necessity is urgent for the making of a definite arrangement, leaving to the Federal government certain sources of revenue and to the State government certain other sources; there must be distinct lines of demarcation or the confusion now prevailing will become far worse, the present inequalities will be emphasized, the tax burden made heavier and heavier, and unnecessarily so."

POLAND WAITS FOR BOLSHEVIK ANSWER.

[BY CABLE AND ASSOCIATED PRESS.]

WARSAW, April 7.—Poland awaits a reply from the Russian Bolshevik government relative to the proposed peace conference between the two countries and believes further exchanges of notes concerning an armistice and the place where the conference will meet are useless, said a wireless message sent to Moscow by M. Patek, Polish Foreign Minister, today.

This note may be the last relative to peace negotiations with the Bolsheviki to be sent by Poland, it is said.

Wash Your Face With Cream

Thousands of men and women know from experience that, after a day on the beach, in the auto or on mountain trails, it is better to massage the face with *Owl Theatrical Cold Cream* rather than to use soap and water. It is essentially a cleansing preparation and contains soothing and healing ingredients which take the "burn" out of sunburn and windburn, prevent chapping and the usually resultant tan. Owl Theatrical Cold Cream is certainly not expensive. Full-pound tins sell for 75c.

CONVENTION MAY GO TO OAKLAND

Democratic National Meet Might go Across the Bay.

Claim Some Dissatisfaction with San Francisco.

Statement, However, Denied by McNab and Others.

[BY A. P. DAY WIRE.]

CHICAGO, April 8.—Fred Lynch, National Committeeman from Minnesota, said here today that dissatisfaction of Democratic party leaders with the convention accommodations at San Francisco will be aired at the national committee meeting here April 20, when a proposal to move the convention across the bay to Oakland will be presented.

SAN FRANCISCO, April 8.—The statement of Fred Lynch, Democratic National Committeeman from Minnesota, in Chicago today that a proposal is to be made in the coming meeting of the committee, that the national convention be removed from San Francisco to Oakland, was called an "inaccuracy" by Postmaster Charles W. Fay, who was one of the most prominent in bringing the convention here.

"The delegation headed by Lynch already has secured its quarters in this city," he said. "Furthermore, as I understand it, the committee is to meet for the purpose of putting its stamp of approval on the arrangements for the convention in San Francisco, I have heard of no dissatisfaction with the arrangements here and most certainly I am in a position to hear all complaints.

"Arrangements for the convention virtually have been completed, and I cannot conceive of the committee overturning them now."

NOT CONFIRMED.

George F. Mara, assistant to Homer S. Cummings, chairman of the Democratic National Committee, who has been here for some months perfecting convention plans, is in the southern part of the State. At his office it was announced that no knowledge had been received there of any proposal to remove the convention from San Francisco to Oakland.

"The matter is settled," said Gavin McNab, who figured prominently in winning the convention for San Francisco.

"Abundant hotel accommodations are provided for all delegations. As to jealousy between delegations as to the pick of accommodations, that would be impossible to avoid," he added. Concerning auditorium accommodations, he said:

"If it were possible to provide an auditorium sufficiently large to accommodate all those who wished to attend the convention, it would be futile, for they could not hear anything."

OAKLAND (Cal.) April 8.—Oakland has an auditorium in which 16,000 can be accommodated. It includes an arena which seats 10,000, a theater which has the largest stage in the west, and more than twenty-five committee rooms. The building measures 400 by 200 feet and is but five minutes' walk from the heart of the business center. The main arena is 217 by 117 feet.

Oakland has first-class hotel accommodations for approximately 3000 guests in an emergency. Berkeley and Alameda can take care of 1000 more. Second-class accommodations available amount to about 1500 guests.

LA FOLLETTE LEADING.

[BY A. P. DAY WIRE.]

MILWAUKEE (Wis.) April 8.—On totals compiled from partial or complete returns of thirty-eight counties, La Follette candidates to the Republican National Convention still maintain a lead over Gov. Philipp and other adherents of an uninstructed delegation. The vote follows:

La Follette slate: Thompson, 49,924; Gross, 47,576; Blaine, 47,559; Krumereye, 45,386. Uninstructed list: Philipp, 33,631; Hatton, 29,707; Bosshard, 28,078; West, 26,992. Independent candidates: Schultz (La Follette,) 19,240; Strange (Wood,) 7886.

The latest returns indicate the La Follette adherents' delegation will number at least twenty-three Philipp appears to have carried the First and may have one in the Ninth.

DALLAS (Tex.) April 8.—Dallas was awarded the State Democratic Convention by the party's executive committee in session here this afternoon. The convention meets May 25.

LOUISVILLE (Ky.) April 8.—A Hoover-for-President Republican Club, the first in Kentucky, is being formed in Louisville.

TAX ON CAMPAIGN FUNDS?

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 8.—A tax of 100 per cent. on political campaign contributions or expenditures exceeding $1000 was proposed today by Senator Thomas, Democrat, Colorado, in an amendment to the pending tariff bill. Publicity of campaign finances by requiring statements of expenditures in all income tax returns also was proposed.

URGES REJECTION OF CONFERENCE'S PLAN.

LABOR SECRETARY TELLS SENATE COMMITTEE THAT REPORT IS WRONG.

[BY A. P. DAY WIRE.]

WASHINGTON, April 8.—Flat rejection of the plan proposed by President Wilson's second industrial conference for the settling of labor unrest was urged before the Senate Labor Committee today, by W. Jett Lauck, secretary of the old War Labor Board. Mr. Lauck was the first witness at hearings on the conference plan preliminary to the drafting of legislation to carry into effect such of it as the committee may deem advisable.

Mr. Lauck told the committee that the industrial unrest throughout the world was due to the fact that labor organizations were "demanding a greater measure of control by labor in industry" as well as larger earnings and shorter hours. This, he said, was due to a "new conception of democracy," requiring that the principles of political democracy be taken into the industrial field.

The conference report, he said, did not meet this.

ACCUSED GERMAN A SUICIDE.

OUR NAVY WAS READY FOR WAR

Admiral Says Ships on Active List Were Prepared.

Informs Committee Allied Officers had Co-operation.

Asserts Atlantic Fleet not in Good Condition Now.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 8.—The vessels on the active list of the navy were never better prepared for war than when the United States joined the Allies, and the Navy Department had "full and complete" plans to combat a German offensive against the coasts of the United States, Admiral H. B. Wilson today told the Senate committee investigating the Navy Department's conduct of the World War. Admiral Wilson asserted that "from the moment war was declared the entire navy, the department as well as the fleet—entered into the prosecution of the war with the greatest energy, and its accomplishments deserve the commendation of the nation."

Admiral Wilson, now commander-in-chief of the Atlantic Fleet, commanded the patrol force that first protected waters adjacent to the United States, and later, based on Brest, France, co-operated in protecting Allied convoys in the war zone and hunting U-boats.

USED SUGGESTIONS.

Within four days after this country entered the war representatives of the Allied admiralties were in conference with Secretary Daniels and naval officers in Washington, outlining the means by which the most effective assistance could be rendered by this country, the witness declared. So far as he knew, Admiral Wilson said, every suggestion or proposition put forward by the Allied officials was promptly agreed to and efficiently carried out. The fact that the greater part of the American army was transported over 3000 miles of water without a life being lost through efforts of the enemy, testified to the success of this co-operation, the admiral asserted.

Mistakes the navy made during the war were so "relatively unimportant" that they were hardly worth considering in comparison with its achievements, the witness said.

REFERS TO SIMS'S CHARGE.

Referring to Admiral Sims's charge that an insufficient number of small vessels was sent abroad during the first few months of American participation in the war, Admiral Wilson declared that at a conference between Secretary Daniels and Allied admiralty representatives about April 10, 1917, the foreign officials did not express any dire need for help and suggested that the United States take over the work of patrolling the waters adjacent to this country, and one representative suggested that the United States send "one destroyer abroad in order that the flag may be shown to let it be known that the United States Navy has actually joined the naval forces of the Allies."

Admiral Wilson read into the record a statement as to the condition of the Atlantic Fleet at this time. He said the force was not now in as good condition as it was prior to the war. The officers are, for the most part, young and inexperienced, he added, and on one dreadnaught 52 per cent. of the enlisted men are under 19 years of age.

BRITISH OPPOSE FRENCH ACTION.

(Continued from First Page.)

the odium of such a position, to say nothing of its risk."

BRITISH TO KEEP OUT.

The statement concludes:

"If, and when, France's suspicions of Germany's ulterior motives and deliberate flaunting of the terms of the peace treaty become accomplished facts, the Allies would doubtless be prepared to act instantly and vigorously in concert to vindicate the position and respect for the provisions of the treaty. But for the time being it may be taken that no British soldier will participate in the occupation of German cities in the neutral zone."

The London Times says that a crisis has arisen in Anglo-French relations and that, contrary to assurances that difference of opinion between the Allies regarding the violation of the neutral zone by German troops were about to be composed by a friendly understanding is appears that the British government yesterday took steps to emphasize their disagreement with the policy of France.

The Times adds that during the day M. Cambon, the French Ambassador, had a long interview with Earl Curzon.

"Soon afterwards," continues the paper, "one of the Premier's private secretaries, Philip Kerr, of Bullit fame, invited the representatives of the provincial press to Downing street and informed them of Mr. Lloyd George's standpoint. Simultaneously, a private communication on similar lines was addressed to the London press and various worded communiques were issued for publication through the news agencies. These statements are understood to have been on the same lines as Earl Curzon's representations to the French Ambassador.

CLAIM A NOTE SENT.

"In official quarters last evening it was alleged that a note had been dispatched to the French government through the British Ambassador at Paris.

"The substance of the Premier's argument is that by her occupation of German towns in the neutral zone, France has acted against his views and the wishes of the other Allied statesmen and without consultation with them. Italy, Belgium and the United States are alleged to have been opposed to the French plan. As regards Belgium, the Brussels telegram shows this statement to be incorrect.

"A discussion had been preceding for some time in regard to various suggestion for dealing with the situation, but no agreement had been reached. One proposal was that German forces should be permitted to occupy the Ruhr area under guarantees to be defined by Marshal Foch. Another was that Allied officers should accompany the German troops. A third was that matters should be left entirely with the German government, with the intimation that if the neutral zone was not evacuated as soon as circumstances should permit, the Allies would claim the right to occupy important German centers."

The Times adds that in diplomatic circles the view is expressed that the action of France is wrong in form, but right in substance. It is also regarded as a mistake on the part of France not to have employed white troops exclusively in the occupation of German cities.

PARIS, April 8.—German regular troops have bombarded Dusseldorf with gas shells, according to a Mayence dispatch to the Matin.

Merciless repression by the Reichswehr forces in the Ruhr basin is reported by fugitives arriving in Frankfort, according to a Mayence dispatch to the Journal des Debats. The fugitives allege they witnessed the shooting of all Westphalians who laid down their arms.

The Debats expressed the opinion that France will accept a prolongation of the period fixed by the convention of August last, with Germany concerning the maintenance of troops in the neutral zone.

The French forces which have occupied Frankfort and other German cities will be reinforced, the Temps says today. A regiment has been at Mulhouse since Sunday ready to reinforce the French Rhine garrisons. The first battalion will leave Friday morning, while the remainder of the regiment will depart during the day, the newspaper adds.

It is reported from Coblenz that there has been a collision of French and German patrols between Bad Nauheim and Nieder Wollstadt, north of Homburg. In the exchange of shots a German officer was wounded. The report is not confirmed from other sources.

The Foreign Office has issued an official report of the events at Frankfort. The facts are identical with those already cabled, with the addition that the burgomaster, on the evening after the street conflict, issued a proclamation stating that the troubles during the day were due to provocations by the population and calling upon the citizens to remain calm and avoid contact with the French troops.

ORDER IN FRANKFORT.

[BY CABLE AND ASSOCIATED PRESS.]

MAYENCE, April 8.—Complete order has been restored at Frankfort, the authorities having succeeded in quieting the students.

The municipality has posted bills requesting the people to keep calm. The security police who made prisoners at Frankfort will be removed from the occupied territory by rail today.

LONDON, April 8.—Germany has been given a week's additional grace for the withdrawal of her troops from the neutral zone, the Evening News today says it understands. This would extend the time to April 17.

Western Union Telegraph Company, J. H. Wellever, Vice-President in charge of Commercial Department, says: "The Dictaphone is in extensive use in our various departments and is giving good satisfaction. After The Dictaphone was tried out experimentally in the first instance, a short experience showed it to be a time-and-money saver. Our use of The Dictaphone has grown steadily."

Pictorial Review Company, New York, N. Y., Chas. W. Nelson, Vice-President, says: "We are using 38 Dictaphones in our Circulation and Pattern Departments. These Dictaphones are time-and-money savers. They have solved our problem, viz., speedy handling of correspondence."

American Railway Express, New York, N. Y. Fulmer, General Purchasing Agent, says: "After a month's test, covering 18 operators with an average output of 1,591 letters per day, we found the cost of transcribing a little under 3½c per letter."

Hartford Accident and Indemnity Co., Robert Cone, A. V. Cornell, Supervisor Audit Department at Chicago, says: "The 14 Dictaphones in the Chicago Audit Department at Chicago speed up letter production. They make it possible for our auditors and their assistants to dictate every detail of each important subject while it is fresh in their minds. For after-office-hours dictating, The Dictaphone is indispensable."

OUTLAW STRIKE STOPS FREIGHT.

(Continued from First Page.)

lation, announced that the switchmen's demand for wage increase and an eight-hour day would be submitted to officials of the railroads tomorrow. He said that there would be no compromise, and that the men were prepared to remain away from the yards if their demands were not granted.

BLOCK ST. LOUIS FREIGHT.

[BY A. P. NIGHT WIRE.]

ST. LOUIS (Mo.) April 8.—Approximately 200 switchmen employed in the railroad terminals in St. Louis, East St. Louis, Ill., and Madison, Ill., had tonight joined in the strike which was launched at 2 o'clock today, according to officials of the twenty-seven roads concerned in the tie-up.

Freight traffic is particularly at a standstill, they said, but an attempt is being made to keep passenger trains running on schedule. All engineers and firemen are still at work, they said.

CONGRESS TAKES NOTICE.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 8.—Congress took cognizance today of the strikes of railroad employees which, starting at Chicago, have spread to half a dozen cities from the Pacific to the Atlantic.

Senator McCormick, Republican, Illinois, introduced a resolution authorizing the Interstate Commerce Committee to investigate the walkouts and to report on the controversy.

The resolution proposed an investigation of any existing strike of railroad employees not authorized by the leaders of the railroad workers' unions. Senator Pomerene, Democrat, Ohio, wanted to know whether the resolution would apply specifically to strikes reported today from Los Angeles, Buffalo and other cities. Senator McCormick said it would apply to all strikes in which the men "have disregarded the judgment of their responsible leaders."

With the unauthorized strikes spreading, President Wilson's advisers advised him to speedily appoint a railroad labor board provided for in the Transportation Act.

JERSEY CITY (N. J.) April 8.—All yard brakemen employed in the Erie Railroad yards here went on strike late today without giving any reasons for their action.

FAMINE FACES STRIKERS.

[BY A. P. NIGHT WIRE.]

CHICAGO, April 8.—Famine will end the rail strike if the men "refuse to listen to reason," S. E. Heberling, international president of the Switchmen's Union of North America, declared today just before going into a mass meeting to address 2000 striking members of his organization.

"It would be possible under the terms of the Transportation Act to arrest those responsible for the strike for conspiracy, but I do not think such severe measures will be necessary," he continued. "The men will be in the bread line in two weeks unless they go back to work. If the strike continues much longer the public will demand government action and prosecution of the parties guilty of having caused all this suffering. The best thing the trainmen can do is to return to work today."

John Grunau, whose "personal grievances" precipitated the present strike of railroad switchmen, is president of the "outlaw union" known as the Chicago Yardmen's Association.

Grunau, a yardmaster, was conductor on a work train operated by the Chicago and Northwestern Railroad.

Recently the company added a passenger car to the train, making necessary the replacement of Grunau by a road conductor, officials say. Following his discharge, Grunau organized the Yardmen's Association among switchmen who formerly were members of the Brotherhood of Railway Trainmen and called the local strike.

Grunau is said to have been ousted from the brotherhood during the war for alleged pro-German utterances.

A dispatch from Sheridan, Wyo., said that several members had started from there to join those from points nearer Chicago. Industries throughout the Chicago district had begun to feel the effects of the strike seriously today. A motor truck freight service to Illinois and Wisconsin cities was started by one of the packing-houses. Fifty motor trucks trains left Chicago at dawn, each loaded with 30,000 pounds of fresh meat, billed to near-by towns.

The packing company which inaugurated the service expects to serve its regular routes in Northern Illinois and Southern Wisconsin in this way. Each train consists of a tractor and three cork-lined refrigerator cars.

CHICAGO FACES MANY FAMINES.

Windy City has Alarming Meat and Milk Shortage.

Coal Supply is Reduced; Other Goods are High.

Must Beat Rail and Mine Strike to Stop the Peril.

[EXCLUSIVE DISPATCH.]

CHICAGO, April 8.—Chicago and its territory is now facing an actual meat famine. It will shortly be up against a coal famine; milk supplies are being rapidly reduced and no vegetables or other foodstuffs are coming in, owing to the railroad strike and the strike of coal miners in Illinois and Kansas.

The meat situation is desperate. Owners of the big plants, exhausted by constant strikes and walkouts, have about come to the conclusion to force a showdown. They are now unable to get any stock for butchering and most of the slaughtering plants have closed down. There were intimations today that they could continue closed down for an indefinite time, until the workers can agree among themselves to remain on the job two or three days in succession and to observe contracts. The employees are aware of what is in the wind and are scattering, seeking other employment.

Due to the strike, potatoes today went to $7.35 per hundredweight, the highest price in history. Butter is selling at 67 cents and eggs are plentiful at 41 cents. Sugar is again very scarce and prices are advancing. Packers assure the public that they will make every effort to supply meat from warehouses and outside packing-houses, but prices are certain to advance as retailers will take advantage of the abnormal situation to increase their profits.

There will be an actual coal famine within a week, unless the strike is broken and strict conservation of supplies is being urged. The farmers are suffering from the strike as they have lost their big market. Large accumulations of hogs, cattle and sheep are being made by the packers at points within easy distance of the city and if affairs settle down in the course of a week or so they will be able to resume business on a large scale. However, there is a determination to have an end to the interminable strikes, and this is as good a time as any to fight it out.

UNITED STATES GETS GERMAN BATTLESHIP.

TWO TEUTON WAR VESSELS ARRIVE AT FIRTH OF FORTH FOR SURRENDER.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, April 8.—The German battleships Nassau and Ostfriesland arrived at the Firth of Forth yesterday, this constituting the commencement of the surrender of the remainder of the German warships under the terms of the Treaty of Versailles.

Ultimately the Ostfriesland will be turned over to the United States.

The battleship Ostfriesland was placed in commission in September, 1911. Her normal displacement is 22,800 tons, her length 546 feet and her beam ninety-three feet. The complement is about 1100 men.

The Ostfriesland was reckoned by the Germans as one of their first line battleships.

The Nassau, which has been allocated to Japan, also is of the dreadnaught class, but displaces only 18,000 tons. She is capable of carrying a crew of 960.

Both battleships were towed into the Firth of Forth by German naval vessels and will be turned over to their new owners as soon as crews are provided to take charge of them.

The Baden, a new battleship of 28,000 tons, which the Germans tried to scuttle in Scapa Flow, is now in British hands and has been permanently allocated to Great Britain.

The arrival of the Ostfriesland and Nassau marks the first delivery of German naval vessels since the Scapa Flow incident. The opinion was expressed at the British admiralty today that the delivery of the remainder of the German war vessels, which are to be surrendered under the terms of the peace treaty, will proceed speedily.

There remain six battleships, several light cruisers and some forty or fifty torpedo boat destroyers and a number of submarines to be delivered. In addition it has been agreed that fifty-four German submarines will be sold for the benefit of the Allies. The allocation of the remaining vessels has not been determined on but it is understood Brazil will receive six torpedo boat destroyers, some submarines and a cruiser.

NOLLET SAW THROUGH GERMAN CAMOUFLAGE.

HIS REPORTS OF PRUSSIAN CONCEALMENT BROUGHT FRENCH OCCUPATION.

[BY CABLE AND ASSOCIATED PRESS.]

BERLIN, April 8.—A member of the French military control commission in Berlin is quoted by the Zeitung am Mittag as saying that the French advance is in no wise due to imperialistic or militaristic influences, but was brought about mainly through reports of Gen. Nollett, head of the mission, who was able to look behind the scenes.

"With growing concern," this authority declared, "we observe a system of deliberate concealment on the part of the German military officers. It is impossible to discover what quantities of arms of all kinds exist. The suspicion grows that the leading German militarists are far from intending to disarm, and if the scheme of the so-called temporary but continuous arming of local guards materializes we must energetically object, for such a system means nothing else than secret militarization of the German nation."

UNION AGITATOR ASKS JURY OF PROLETARIAT.

[BY A. P. NIGHT WIRE.]

NEW YORK, April 8.—Attempts of James Larkin, Irish union labor leader, to bar "bourgeoise" from the Supreme Court jury which is trying him for criminal anarchy and obtain the selection only of "proletarian" talesmen, today again delayed progress of the trial. Larkin is acting as his own attorney.

Justice Weeks repeatedly rebuked Larkin during the examination of talesmen when the latter insisted upon questioning them as to their investments and social beliefs.

PRINTING TO BE TAUGHT PUPILS.

Portland Schools to Install Linotype Machines.

Inadequate Supply of Apprentices Responsible.

Papers Want Board to Include Trade in Curriculum.

[EXCLUSIVE DISPATCH.]

PORTLAND, April 8.—Because the apprentice system as dictated by the Typographical Union and other unions in the printing trade threatens the future welfare of the industry, the Portland Board of Education proposes to install in Benson Polytechnic School complete courses for the teaching of printing and allied pursuits. The action will be taken at the request of the Portland Publishers Association, comprised of the four daily newspapers, and the local branch of the United Typothetae, including sixty-five commercial printing plants. The plan is a comprehensive one, and has been outlined by the publishing and printing interests.

"There exists at this time," reads their petition to the school board, "a condition in the newspapers and the allied printing trades in the city of Portland and throughout the country generally, by which the ultimate exhaustion of a supply of competent journeymen printers is not unlikely. This condition threatens not only the future of these institutions, but the public in general as well. The public depends to a large extent upon the newspapers for the dissemination of information and news. The business interests of this city are also affected. An institution which operates under a condition by virtue of which prescience discloses the exhaustion of necessarily well-trained workmen can see only prospective ruin. There are at the present time in the city of Portland approximately 378 journeymen printers employed in the allied printing trades, including four newspapers and sixty-five commercial printing establishments. This number meets the present supply of competent men needed in the industry. Under rules and restrictions imposed upon this industry, the number of apprentices employed therein is held to a minimum amount, to the extent that at the present time there are not over thirty-four apprentices employed in the newspapers and allied printing trades in this city."

To see that the plan is carried out effectively, it is proposed that it be put in the hands of a committee composed of one representative of the publishers, one representative of the employing printers, and a representative of the school board. A member of the board, George W. Orton, has already been named by the directors. This committee is to decide on the plant necessary, appoint the instructors and outline the courses. Members of the school board have signified their intention of carrying out the scheme and have adopted a resolution expressing their approval.

TURKS BURN ARMENIAN ORPHANAGE AND TOWN

TWO THOUSAND REFUGEES ARE REMOVED BY AMERICANS UNDER GUNFIRE.

[BY CABLE AND ASSOCIATED PRESS.]

CONSTANTINOPLE, April 7.—Turks have destroyed the village of Harouniyi, northeast of Adana, and burned the American orphanage there. Two thousand Armenian orphans were removed under fire and taken to Adana in safety by William Gilbert, Jr., of Yonkers, N. Y. They probably will be sent to Cyprus. Railroad communication has been restored between Adana and Aleppo.

Turkish nationalists have taken over control of the village of Bardisaj, about fifty miles from Constantinople.

Hadjin, north of Adana, is still cut off from the outside world and other Armenian villages are being besieged by the Turks. Hundreds of refugees are arriving in Adana daily. The railway between Adana and Konia, to the northwest, has been cut

ESPEE SERVICE TO BE RESUMED.

Gov. Huerta to Run the Mexican Southern Pacific.

Trains Firing up for Freight Haul to United States.

Villa Bands in More Raids; Two Trains Attacked.

[EXCLUSIVE DISPATCH.]

NOGALES (Ariz.) April 8.—Operations of the Southern Pacific of Mexico Railroad will be resumed tomorrow under the supervision of the government of Sonora, it was announced tonight by Gov. Adolfo de la Huerta. Engine crews are firing up locomotives left in the Nogales (Sonora) yards preparatory to hauling passenger and freight trains. Trains of tomatoes being exported to the United States, abandoned on the main line of the railroad when the strike was declared, will be the first to move, it was stated by Gov. De la Huerta.

An order has been received at Nogales, Son., Mexican Federal telegraph office, from the Department of Communications at Mexico City, to discontinue telephone communication between Nogales, Son., and Nogales, Ariz. Gov. De la Huerta countermanded the order, instructing employees of the Department of Communication that the wire should not be cut, stating that he would countermand any order of the Carranza government against the sovereignty of the State of which he is the executive officer.

ASK AID OF CURTIS.

Upon refusal of Epes Randolph, president of the Southern Pacific of Mexico Railroad to confer with the strike committee of Mexican railroad employees, Gov. Adolfo de la Huerta of Sonora this morning requested Bracey Curtis, president of the Nogales Chamber of Commerce, and Guilo Pina, president of the Nogales (Sonora) Chamber of Commerce, to confer with Randolph and request him to reorganize members of the striking employees who wish to present their grievances. Randolph having stated that he would meet the employees on strike as individuals, but not as members of a union.

VILLA BANDS IN RAID.

[BY A. P. NIGHT WIRE.]

JUAREZ (Mex.) April 8.—Two new attacks on trains of the Mexican Central Railroad by followers of Francisco Villa, revolutionary leader, were reported here today. Villa, it was said, has four strong bands operating in the State of Chihuahua with Jiminez as a center of operations.

One train was derailed at Noria, a station ninety-five kilometers south of Torreon, a few days ago, the report said, and passengers were robbed and left stranded. The second train attack occurred near Jimulco, it was said.

Villa's activities have practically crippled communication in the district in which he is operated, it was said.

WASHINGTON, April 8.—The resignation of Hilario Medina, acting Secretary of Foreign Affairs of Mexico, was reported to the State Department today in official advices from the American Embassy. Alberto C. Franco was named as his successor.

BISBEE A BAROMETER OF NATIONAL PLOT?

DEFENSE IN DEPORTATION CASE SUBMITS EVIDENCE OF I.W.W. CONSPIRACY.

[BY A. P. NIGHT WIRE.]

TOMBSTONE, April 8.—Arguments on introduction of evidence that conditions in Bisbee in 1917 were the result, partly at least, of a nation-wide anti-government conspiracy of the Industrial Workers of the World, occupied today's session of the trial of Harry E. Wootton, charged with kidnaping in connection with the deportations.

In a ruling two weeks ago, Judge Pattee held the defense might show that conditions in the Warren mining district were such as to make the deportations necessary. The court declined to express itself at the time as to whether a nation-wide conspiracy might be proved as throwing light on such conditions.

Today the issue was squarely presented when the defense sought to introduce into evidence documents tending to show conditions surrounding the strike at Butte, Mont., which was in force at the time of the deportations. The defense contended that the Bisbee strike was called more in sympathy with the Butte strike than for the purpose of obtaining better working conditions in Bisbee itself.

County Attorney Robert N. French today declared that the Industrial Workers of the World were not on trial in this case. Frank E. Curley of counsel for the defense replied that the I.W.W. were on trial "just as the man who was killed is on trial when self-defense is pleaded in a murder case to show whether he was the aggressor."

Judge Pattee took the matter under advisement.

NO OFFICIAL REPORTS AS TO GERMAN KILLING

RUMORED THAT UNITED STATES HAS SENT AN ULTIMATUM TO FRANCE.

[BY CABLE AND ASSOCIATED PRESS.]

MAYENCE, April 8.—Official reports relative to yesterday's disorders at Frankfort, where French troops clashed with a German crowd, killing six persons and wounding thirty-five, have not as yet been received, and accounts of the incident are being accepted with reserve.

A well authenticated report, however, states a force of 200 Moroccan soldiers was surrounded by a threatening mob about 1:30 o'clock in the afternoon. The officer became separated from his men and was hustled off by the Germans. His men believed him in danger. One fired his rifle and the others charged with the bayonet.

Stores in Frankfort were open yesterday morning as usual, but were closed when groups of young men gathered throughout the town. This gave the impression that part of the population was acting in obedience to orders. Incidents occurred in various parts of the city. A German woman stated she saw a French guardhouse threatened by a hostile crowd, and that the soldiers had to fix bayonets to free themselves.

It is insisted that responsibility for the disorders does not lie with the whole population of Frankfort. A Frenchman who knows the city well affirms half of the citizens are favorable to the French, a quarter are indifferent and the remainder are hostile.

A report was spread here yesterday that the United States had sent an ultimatum to France about the occupation of Frankfort. French and American officers and men, however, are on most cordial terms and Maj.-Gen. Harry T. Allen, commander of the United States troops at Coblenz, is coming here on Thursday to take luncheon with Gen. Dugoutte.

AUSTRIA SEEKING TRADE RELATIONS.

[BY CABLE AND ASSOCIATED PRESS.]

ROME, April 7.—Means of meeting grave needs of the Austrian republic and establishment of rapid communications with the United States, through Trieste are objects which have brought Dr. Karl Renner, Austrian Chancellor, to Rome.

He told the Associated Press today he hoped to arrange important comercial relations with America and that Austria desires to resume cordial intercourse with Italy.

"I am at the Italian capital," he said, "representing the new Austrian democratic republic, which has nothing to do with the empire and nothing in common with the traditions of the Hapsburg monarchy. . . . .

"Fulfillment of the provisions of the treaty of St. Germain is the duty before us. We do not ask either a total or partial revision of that convention, but only a friendly understanding as to the best means to loyally apply it."

In Touch With Vladivostok Again.

[BY A. P. DAY WIRE.]

NEW YORK, April 8.—The Commercial Cable Company announced today that communication with Vladivostok had been restored.

BELGIUM'S BUSINESS RECOVERS FROM WAR.

[BY CABLE AND ASSOCIATED PRESS.]

BRUSSELS, April 8.—For the first time in March, since the signing of the armistice, the exportation of manufactured goods has surpassed imports. The February returns give 256,000,000 francs in exports, an increase of 51,000,000 francs over the previous year. The exports in February reached 800,000,000 francs, as compared with the total for the year 1918 of only 930,000,000 francs.

The exports of January and February reached 59 per cent. of the imports, against only 5 per cent. for the same months of 1919. The proportion for February was 65 per cent., these figures being 11 per cent. higher than in January.

Production of coal and iron goods is now higher than before the war.

Physical Education Convention.

[BY A. P. NIGHT WIRE.]

NEW YORK, April 8.—Today's session of the American Physical Education Association annual convention here was devoted to sectional meetings. This evening a pageant was staged illustrating health-giving qualities of the dance.

BRINGS SOLDIER DEAD FROM FOREIGN SHORES.

TRANSPORT ARRIVES WITH EIGHTY-SEVEN WHO SUCCUMBED IN SERVICE.

[BY A. P. NIGHT WIRE.]

NEW YORK, April 8.—Bringing from Southampton, Eng., bodies of eighty-seven American soldiers, who died in the service of their country on foreign soil, the army transport Nansemond docked here today, her flag at half mast.

The bodies were those of enlisted men, most of whom died during the war at aviation and base camps in Great Britain.

They will be shipped within a few days to virtually every State in the Union. Each body, encased in a metal-lined, flag-draped casket, will be accompanied by a soldier guard—made up as far as possible of men who served in the same organizations as the deceased.

These guards of honor will remain with the bodies until the earth closes over their former comrades. Then they will return to the base here to make the formal report that will officially close the record.

WHAT IS AN OIL LEASE?

It gives you a contract, or authority to all oil, gas or minerals that underlie the surface. The owner of the land retains agricultural rights. Some of the "Oil Leasing Brokers" tell you it proves that the original lessee gets those rights but CAN'T TRANSFER THEM.

Do not, under any circumstances, buy lease on government or state land until such time as the existing deals on the 4 sections of your rights is cleared up. Buy only leases from private owners.

We have some leases in the Pecos Valley where big wells are coming in and where 150 wells are now drilling. These are real private owners—YOU GET WHAT YOU PAY FOR —no cloudy titles. Price $10 to $50 acre, sold on terms. Get some map of the field. These wells are now drilling. These leases are from one well comes [illegible]

SHOES WEAR LONGER

When you walk in comfort; so do stockings. A package of Allen's Foot-Ease, the antiseptic powder to shake into the shoes and sprinkle in the foot-bath, gives you that "old shoe" comfort and saves wear. Allen's Foot-Ease makes tight or new shoes feel easy. Ladies can wear shoes one size smaller by shaking some Allen's Foot-Ease in each shoe in the morning. Sold everywhere.—[Advertisement.

Why Should You Come to us For Office Furniture?

The Weber Showcase & Fixture Co. has no monopoly on all the good office furniture in America. You can probably get just as good furniture some place else. But, there is one feature peculiar to this house which is not subject to duplication, because it reflects a personality, an individual ideal.

It is the Weber idea of service—service that goes farther than the mere selling of furniture—service that creates a new meaning of satisfaction.

It isn't a promise, it isn't a special favor we are going to show you. It is simply our way of doing business.

MARY PICKFORD NEAR COLLAPSE.

Emotion Too Much for Film Star; Breaks Down.

Calls Studio, Goes to Bed, Her Birthday Party Off.

Publicity Regarding Divorce Declared Responsible.

Instead of celebrating the twenty-... birthday at a party that was planned for the day, Mary Pickford ... was taken home yesterday in a state of near-collapse caused by the nervous strain of the present situation, according to the announcement made yesterday at her office and later in the evening by her relatives and those of Douglas Fairbanks, her husband. Last night she was reported to be resting more comfortably at the Fairbanks home in Beverly Hills, but is still under the care of a physician. Her condition, while serious, is not dangerous, and with rest and care should show improvement soon, it was announced. The birthday party scheduled to be held at the Beverly Hills home was postponed.

Miss Pickford appeared at her office in the morning as usual and began work. At 3 o'clock her condition became so acute that she had to quit. When she was brought home she was joined there by Douglas Fairbanks.

Mr. Fairbanks, her brother-in-law, said regarding her condition: "Mary Pickford is ill in bed. She is utterly worn out and exhausted from work and the nervous tension of the last two weeks, and while we cannot call her condition a nervous breakdown, we felt that she ought to take a rest at once."

Friends of Mr. and Mrs. Fairbanks said that the publicity given the threatened action by the Nevada authorities to annul her divorce was in a large measure responsible for Mary's breakdown. Apparently there was no recognition of Miss Pickford or her advisers in the dispatches from Nevada regarding the divorce situation. "I have nothing to say, and I personally know nothing about these matters," said F. E. Benson, her attorney, the only person close to her who could be reached yesterday. He said he did not know whether any preparations were being made to contest the threatened action, but if occasion arises, a statement will be made at the proper time."

FEET VS. FISTS.

Chaplin & Mayer,

Who put on the famous knockabout act for one night only at the Alexandria. At the top is Charlie Chaplin and the Feet. Below, Louis Mayer and the Fist.

SCHOOL GIRL ELOPES.

Father Charges Groom of Forty With Perjury to Get License.

Finding that his 14-year-old daughter, whom he had believed was kidnaped, had eloped to Santa Ana with a 40-year-old carpenter who had boarded with him, C. R. McMillen of 2423 Malabar street yesterday swore to a complaint in Santa Ana, charging Frank Bagley with perjury in obtaining a marriage license to wed his daughter, Mabel Edith McMillen. The couple were married by Justice Cox in the Orange county city yesterday, it was learned from the records, after Bagley had obtained a license by stating that the girl's age was 22.

Mr. McMillen last saw his daughter early Wednesday morning, when she got out of Bagley's car, in which all three were riding, at Sixth street and Vermont avenue to take a car to the Normal School, where she was enrolled.

CHAPLIN'S FEET ON JOB AGAIN.

Take Him Far Away from All Questions About Fight.

Wife's Producer Nurses Sore Hand, but no Spleen.

No Legal Sequel to Scrap in Alexandria Lobby.

Charlie Chaplin's "million-dollar" feet are on the job again.

After the one fatal slip of their career, when they failed to do their duty during a fistic encounter of their owner with Louis B. Mayer, well-known producer, at the Alexandria Hotel Wednesday night, the two high-priced pedal extremities took a new grip on life and the floor and carried Charlie—so say his attorney and officials at the studio on the best information and belief—out of reach of reporters and others anxious to hear his story in detail.

Mr. Mayer was found at the Mayer studios, in perfect health, but nursing a rather sore fist. Having given his version of the encounter to The Times Wednesday night, he felt reluctant to elaborate on the grewsome details and contented himself with a few brief remarks regarding his position in the unfortunate affair.

"I do not contemplate swearing out a warrant for Mr. Chaplin's arrest or anything of that kind," he said. "I feel very sorry the thing took place where it did, and I feel that I owe an apology to the public and the management of the hotel for the occurrence and my unintentional part in it.

READY FOR MORE.

"But what was there for me to do when Chaplin insisted on having it out right in the lobby? The incident is closed so far as I'm concerned. Of course, if Chaplin insists and comes for more, he'll find me ready, in spite of the fact that I understand he had been training with a boxing instructor—presumably for my benefit."

Arthur Wright, attorney for Charlie Chaplin, said yesterday that he had not been able to reach his client during the day and felt certain there was nothing to be said for him. Mr. Chaplin's friends said they thought the encounter was spontaneous rather than the result of a plan on either side, but felt that if Charlie's foot had not slipped he would have registered a much better score on his opponent's face.

Kenyon F. Lee, attorney for Mrs. Mildred Harris Chaplin, claimed a complete alibi. "Mrs. Chaplin, as The Times informed us this morning, was dancing with the Prince of Wales in San Diego, and I was at a movie show, so neither of us could have known anything about the matter," he said.

MAYER UNCONTRADICTED.

Aside from his original statement to a reporter for The Times that Mr. Mayer is the man to tell why the fight started and that Mrs. Chaplin might know the reason, the famous comedian has failed to say anything about the case. Mr. Mayer's statement that the trouble grew out of attempts of Mr. Chaplin's friends to intervene in the domestic troubles of Mildred Harris Chaplin and her husband and out of visits by these friends to the Mayer studios, remained uncontradicted yesterday.

Mr. Mayer's own story and the accounts of the eyewitnesses seemed to agree as to what actually happened. Mr. Mayer was a guest at a party being given by J. Robert Rubin, his New York attorney, to Miss Anita Stewart, a star in the Mayer organization. The other guests were Mrs. Mayer and Mrs. Rubin, Anita Stewart and her mother, R. W. Cameron, Miss Stewart's husband, Miss Virginia Norden and J. D. Williams, of the First National Exhibitors' Circuit, and Mrs. Williams.

Mr. Chaplin, according to friends, was at a table with Marshal Neilan, the producer and director, and Agnes Ayres, one of his stars.

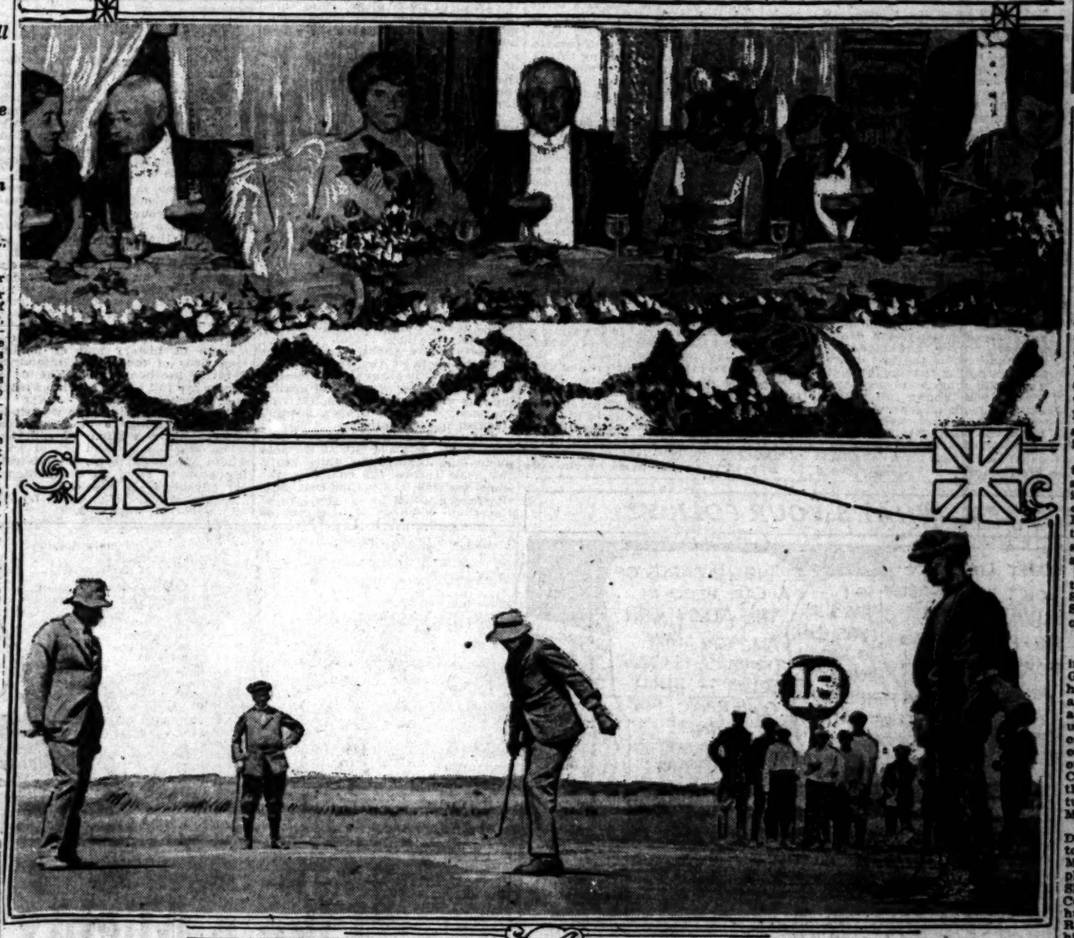
SWELLS RELIEF FUND.

Thousand Dollar Check Received at Jewish Drive Headquarters.

An order for $1000 was added yesterday by telegram to the Jewish Relief Fund by Oliver Morosco, who is now in the East and just discovered that the campaign was under way in this city.

The fund now totals $135,804 for this city, which is barely one-half of the quota of $275,000. Monday has been set aside as honor day for the benefit of those who have not yet subscribed and citizens are urged to send in their checks or bring them to headquarters at 212 West Seventh street, which will be open all day Saturday and Sunday and Monday to receive subscriptions.

Two Notable Events in the Visit of the Prince of Wales.



Mayor Wilde's Dinner to His Highness and the Prince's Game of Golf.

At the top, right to left, are the hostess, Mrs. Louis J. Wilde, the Prince, Mrs. Claus Spreckels, Gov. Stephens, Mrs. Joseph C. Kuhn, the British Consul at San Francisco, and Mrs. Randolph Talcott Zane, daughter of the Governor. Below, the Prince is just holing out at the eighteenth hole in his tie game on the Coronado links with Capt. Haynes Ellis, U.S.N. (extreme left.) At the extreme right is the Prince's Mexican caddie, who almost got $20, but didn't, thanks to "Beel" Nye.

WALES CURIOUS ABOUT HEIRESS.

Reads of Geraldine Graham in Paper; "Which One was that?" He Asks.

[EXCLUSIVE DISPATCH.]

SAN DIEGO, April 8.—A bit of gossip that was told last evening by one of the members of the staff of the Prince of Wales was interesting in view of the many stories of the susceptibility of the Prince. The reports concerning Miss Geraldine Graham were mentioned and the officer said that when the Prince read the newspaper stories of that young woman and himself, he said with a puzzled look: "Which one was that? I cannot remember now."

At the close of his game of golf yesterday Prince Albert almost caused the collapse of his caddie's mental equilibrium. He did not know the fees paid to caddies so he drew a crisp American twenty-dollar bill from his wallet to give the lad, but "Bill" Nye, his guardian angel, prevented such extravagance, even from a prince. Instead of permitting the Prince to give the $20 to the caddie, Nye carelessly tossed a silver dollar to the boy, who was frankly disgusted with Mr. Nye.

PRINCE BIDS US FAREWELL.

Vainly Tries to Forget Royal Pomp While He Golfs Away Last Hour in America.

BY OTIS M. WILES.

[EXCLUSIVE DISPATCH.]

SAN DIEGO, April 8.—The Prince of Wales before his departure from California's hospitable shore tried in vain for two hours yesterday morning to forget he is a Prince and the heir to the throne of a mighty nation. He wanted to play a quiet little game of golf, unattended by the pomp of royalty, but always huddled around him were those omnipresent secret service agents, those British guardians with waxed mustaches and swelling chests and those infatuated society girls.

His real name is Edward Albert Christian George Andrew Patrick David, but he wanted to be simply Edward, "the regular fellow." He wanted to be a civilian for a day, but he was not permitted to forget he is the Prince of Wales, the Earl of Chester and the Duke of Cornwall in the peerage of England; the Duke of Rothesay, the Earl of Carrock and Baron Renfrew in the peerage of Scotland, Lord of the Isles and Great Steward of Scotland, Knight of the Garter and Grand Master of the Order of St. Michael and St. George. He is only a Prince, and therefore could not enjoy the solitude privileges of the lordly commoner.

The Prince of Wales did not permit the grand ball at Hotel del Coronado last Wednesday night to interfere with his daily programme yesterday. Though he did not return to his ship, the Renown, until long after midnight, he was up at break of day. He enjoyed a swim in his private plunge aboard ship, ran around the decks a few times, played a brisk game of "squash" and shed his gold braid and glittering sword for a simple suit of tweeds.

WANTS TO SHOP.

He had wanted to go on a shopping tour in San Diego—incognito—but his ever-worried staff implored him to remain aboard while his valet ventured to town to buy a pair of shoes for "'is 'ighness."

At 10 o'clock the Prince came ashore at the North Island boat landing and motored with his staff to the Coronado golf links. Here he played a lively game with Capt. Haynes Ellis, an American naval officer. The Prince wore a large Panama hat hung jauntily on his blonde head, and a suit of English tweeds and golf oxfords.

When he drove his first ball off the first tee he was almost unattended. Few of the golfers on the links recognized him. But when he returned to the last hole on the green he was surrounded by a flotsam gathering of curious and officious people. He paid little heed to them as he coaxed his bloomin' ball to roll into the last hole. Only once did he display any exasperation and that was when he espied a stray ball on the green. Said the Prince:

"I say, caddie, remove that ball. I don't want it there."

It was removed. A Prince had ordered it.

LAUGHS AT TIE.

When he finished the game—it was a tie—he laughed merrily. He said he was pleased with the game and he wasn't a bit tired. Then he tucked a cigarette in his mouth—he cannot smoke the ordinary kind;

(Continued on Fifth Page.)

FEARS HE'D MAKE FOOL OF SELF BY MARRYING.

"I will deny this divorce," said Judge Taft yesterday in the case of John A. Fross against Elizabeth Fross. "If I turn him loose, he will get married again and probably make another fool of himself. He seems to think he can play with matrimony."

Mr. Fross charged his wife with desertion.

EARL ROGERS BEATS CASE.

Freed on Inebriacy Charge; Rearrested for Assault.

To Face Trial for Drawing Gun to Kill Deputy.

Sharp Clashe. Mark Effort to Put Him in Asylum.

Earl Rogers, noted criminal lawyer, won a sensational legal battle before Judge Myers yesterday in proceedings instituted to commit him to an asylum on the charge of inebriacy. The court discharged Mr. Rogers on the ground that the complaint was insufficient. Immediately thereafter Mr. Rogers was rearrested on a warrant served by Deputy Sheriff Blaisdell, charging him with an assault with a deadly weapon with the intent to commit murder.

Judge Myers arraigned him and transferred the case to Justice Hinshaw's court for a hearing this morning. Mr. Rogers declared in open court that he had no intent to kill Deputy Sheriff Robert Couts when the latter approached him on the street and told him he was under arrest.

Mr. Couts told the story of the terrible struggle with Mr. Rogers last Saturday, when the latter pushed a Savage automatic into his stomach on Spring street.

IS INSUFFICIENT.

Early in the hearing on the inebriacy charge Attorneys George Greer and Martin Coles sought to have the inebriacy proceedings against Mr. Rogers dismissed and the assault charge taken up. It was not until just before 5 o'clock that the court took a recess and a decision of the Supreme Court in the case of Henley against the Superior Court, to which Mr Greer had called the court's attention, was found and turned the tide of battle in favor of Mr. Rogers.

Chief Deputy District Attorney Doran was then sent for and declined to reduce the bail of $2500. After Mr. Rogers's arraignment he was placed in the custody of Deputy Sheriff Blaisdell and taken to the County Jail while his attorneys hustled out to raise the bail. Mr. Rogers had asked to be released on his own recognizance, saying he would report this morning in Justice Hinshaw's court, but this was refused by Mr. Doran, who said he was without authority.

The witnesses included Capt. Bogart Rogers, son of Mr. Rogers; Ivan E. Johns, his son-in-law; Paul Schenck, his former law partner; Dr. Charles Bryson, Dr. M. C. Carter and Lieut. Jackson. Mr. Rogers's brother-in-law.

Dr. Ross Moore and Dr. Williams, as examiners for the lunacy board, interrogated the witnesses on psychopathic lines.

POSTPONE RECEPTION.

The reception to Rev. John Snape, pastor of the First Baptist Church of Hollywood, which was to have been held this evening, has been postponed till the 14th inst. at 8 p.m., in the church.

WALES RECEIVES ON BOARD.

[EXCLUSIVE DISPATCH.]

SAN DIEGO, April 8. — The Prince of Wales entertained on board the battle cruiser Renown this afternoon with a reception which concluded his visit to San Diego. Three hundred people, including prominent Britishers as well as Americans, were the guests of the Prince. Typically British music by the ship's band and orchestra and Caledonian bagpipes and British hospitality greeted the visitors.

The guests were taken out to the ship, which was anchored in Coronado Roads, beyond the harbor, in two mine sweepers. In compliment to the visitors, the American flags were conspicuous on the deck, which was inclosed with flags and gaily decorated.

The Prince with his aides, Rear-Admiral Lionel Halsey, chief of staff, and Lieutenant-Commander E. W. M. Griggs, his secretary, received, and again charmed his guests with his simple democratic manner and winning smile.

The guests were shown about the ship by junior officers and middies and the attractive suite of the young Prince, with its luxurious appointments, was much admired by the visitors.

Tea was served buffet style on the deck, and, it being British soil, the punch had a stick in it, while the question, "Rye or Scotch?" of the waiters reminded the Americans of other days.

The Prince presented his photograph to Gov. W. D. Stephens and to Duncan MacKinnon, who had charge of the entertainment provided for him in San Diego.

When the guests departed and went aboard the mine sweeper for the return trip, the young Prince stood at the rail of the deck and bade his guests farewell as they gave repeated cheers for "The Prince."

Then, as the mine sweepers steamed off, the band of the Renown played "Star Spangled Banner," and the Prince and his officers saluted, as did the Americans.

The Renown sailed tonight for Honolulu and a parade of destroyers from the harbor escorted His Majesty's ship out for several miles. The Renown with her royal passenger will return from Australia in August, it was stated by officers of the British ship, and it is likely the Prince will make a more extended visit at that time.

GREATER UNIVERSITY CLUB.

Organization Votes to Spend Big Sum for New Building on Hope Street.

Members of the University Club of Los Angeles rounded out a quarter of a century of history last night by accepting plans for a new building which will be one of the finest structures of its kind on the Pacific Coast. Land was bought, plans approved and $100,000 in initial bonds actually purchased at an enthusiastic meeting held at the present clubrooms in Pershing Square.

The site purchased is on the east side of Hope street between Sixth and Seventh streets, and has a frontage of 166 feet. Three lots are included, two of which will be covered by the building, and the third on the south will be occupied by the club garage, gymnasium and squash courts. The garage will then have a new feature in Los Angeles clubdom, and will house fifty machines. A beautiful dining-room, forty-six by seventy-four feet, includes a stage for the club theatricals. The building, designed by Allison and Allison, presents a beautiful exterior, and will add dignity to a rapidly improving neighborhood. The entire building, which has six stories, will be occupied by the club, three floors being dedicated to living quarters for members.

The University Club, made up entirely of college men, has taken a prominent part in the city's intellectual life, and has served as a nucleus for all of the various educational activities of the Southwest. Membership will doubtless be largely increased when the club moves into its new and commodious quarters. Work will be begun at once, and should be completed in ten months.

It is proposed to authorize a bond issue of $700,000 to facilitate the work. Los Angeles will then have the finest University Club structure west of Chicago, and the future of this useful and conservative club will be assured.

Donald E. Clark says: "In my opinion the Buescher True-Tone Saxophone has the most perfect scale and the truest intonation of any Saxophone made."

The Buescher True-Tone Saxophone
—the Instrument of Unlimited Possibilities

As a solo instrument, with piano or player piano, accompaniment for dances, parties and evenings at home, for quartet or sextet, the Saxophone holds a place that can be taken by no other instrument.

You can learn to play the Saxophone—the most popular all instruments—within sixty days, and if you read music will require even less time.

Parents who have the best interests of their children at heart should investigate the possibilities of this instrument. As an aid to deep breathing and its consequent improvement in the player's health, the Saxophone is especially recommended.

We will teach you the scale in 30 minutes

I.W.W. WRECKS HOME

Husband Says Wife Harbored Woman Fugitive from Justice.

Their continual arguments over rights and wrongs of the I.W.W. made their married life together impossible, John R. Davis, recently witness for the prosecution in the trial of Nicolas Steffek, charged with criminal syndicalism, declared in divorce proceedings before Judge Taft yesterday.

The suit was brought by Mrs. Davis, who is asserted by her husband to have contributed to the I.W.W. cause and also harbored in her home a young woman, reputed to be a fugitive from justice. Mrs. Davis declared she did not know this young woman was wanted by the law. She testified that Mr. Davis had on one occasion twisted her arm and that she practically had to take care of it. Mr. Davis denies the charge. The trial will be continued today.

DOESN'T KNOW WHY.

A. G. Barber, charged with indictment returned at Tucson, Ariz., having conspired to get Orozco and Antonio Lopez and Elias Rivera across the boundary line of Mexico without going through the formality of securing a passport, was arraigned before United States Commissioner Long yesterday and pleaded not guilty. Barber denies knowing any of the persons he is charged with conspiring to evade the law, but admits that his name is Barber.

ON CATHOLICS IN WAR

Special Reel is to be Shown Under Auspices of Diocese.

Under the auspices of the Catholic Chautauqua, the National Catholic War Council's historical and educational picture review entitled "American Catholics in War and Reconstruction," will be given its premier showing in the Knights of Columbus auditorium at 3:15 p.m., Tuesday, April 13. M. Rosecrans will preside, and a large attendance will be limited by invitation to members of the various organizations and to officers and members of Catholic lay organizations.

In the case of the work of the Knights of Columbus Committee on Special War Activities, a special reel entitled, "Over There and Home Again with the K. of C.," will tell the story. Special reels will also show the reconstruction work of Catholic organizations.

The People and Their Troubles

WHAT EVERY WOMAN ASKS

BY JANE DIXON.

Third of those three phases which go to round out the human day—playtime.

For the most part the question here confronting girl or woman is where shall I go?

How and where shall I amuse myself or find amusement?

Dangerous ground, this.

For it is in those moments of relaxation, those offguard hours when we choose to forget the cares, the troubles, the duties, the serious business of life and just "have a good time" that we drift, unseeing, into a current which carries us swiftly into the rapids. Before we realize we are helpless, no longer a free spirit able and worthy to make a wise decision—we are on the rocks.

And, yet, it is positively necessary that every son and daughter of us set aside and keep this playtime.

The drabest, the most stupid woman in existence is the drudge who never treats herself to a good, healthy, hearty laugh, to a breath of fun, even frivolity. Such a creature is nothing more nor less than a machine made of bones and sinews instead of iron and steel. The soul of her turns into a flywheel and keeps revolving until it shatters itself against the irresistible force of infinity.

"But," insists the self-appointed drudge, "I cannot afford to play. I need thus and so. Those dependent upon me need this and that. I must go on and on without recess."

Egoisms, my dear. The earth did not stand still, waiting your arrival on these terrestial plains. It will probably go on revolving in its orbit a long time after you have returned to the dust.

Meantime, a laugh was just put in our hearts, a smile in the corners of our mouths, that the earth might be better and brighter for their usage. It is the duty of every one of us to contribute our portion to the grand total of good humor.

When a girl or a woman starts out to enjoy the amusements of the day, she makes a fairly deliberate choice of the kind of enjoyment she is going to have.

The wife, for example, who dangles around the haunts of pink candle light and camouflaged tea cups where suave young dandies of narrow chests and muddy complexions execute the last dance step with an agility that might better be applied to some manly occupation—such a wife knows full well she is drifting in dangerous waters.

The wife who spends the precious hours she might give to her home or to wholesome, health-giving fun and squanders them over a packet of pasteboard in a "friendly game" at the home of a similarly silly woman, realizes she is drifting beyond her depth.

She knows it will be only a matter of days until the man she has sworn to honor will discover that money he gave her to maintain the dignity and good name of their home has not gone to tradesmen, but to gamesters.

He will miss the jewel he gave her in remembrance of their wedding day, or on some happy Christmas tree, unless, of course, her luck turns and she can win it back before he is the wiser.

But fortune is another Tantalus. She promises many glittering things, then when we need her most, she deserts us completely. Utterly heartless, that is what she is and is sure to be.

Many a girl, otherwise sane, has lost her balance completely on the subject of automobiles. I know several of these addle-brains myself. I even know a woman well in her sixties, who does not bother to ask too many questions regarding an escort when a motor trip is in sight.

Likewise, I have seen in the upper reaches of Broadway young girls of respectable parentage and of affluence, themselves schooled in becoming modesty and propriety, deliberately accept the invitation of a strange man or men to "take a little spin in my car."

The girls giggled over their daring. It was a lark, just having a good time. And this in a city where every day the front pages of the papers carry details of crimes, such as must make Satan himself shudder! In most of these soul revolting stories, the words "innocent victim" appear prominently in the cast.

Contrawise, I have skimmed the silver ribbon of the Hudson in a Coney Island boat, and there I have seen girls on the arms of stalwart young workmen. The hands of these beat seams were meaty with labor. Their rugged young faces reflected the forced nonchalance of youth ill at ease. With the air of chronic spendthrifts they "did Coney" from the "Merry Whirl" to the "Devil's Dip."

It is a matter too well established to evoke contradiction that the real girls, the worth-while girls in this Coney crowd, would not exchange the thrill of these nickel rides with the man for the most magnificent motor that ever sounded its siren horn—without the man.

The wonder of it is a single one of us finds time to be lonely, to feel the necessity for amusement, when there is this whole lovely world wherein to play.

The second wonder is that so much of the best of these playgrounds are free, or at least inexpensive.

How, with all the possibilities of the out of doors, have we come to take our amusements sitting down?

Look about you. Is it not a fact that very few of the girls or women who lead a consistent outdoor life have kinks in their brains or in their morals?

There seems to be a quality in God's good air which blows away the slinking shadows, the dangerous desires, recklessness and restiveness and fetid imagination.

In winter we may fly over the glittering ice on our seven leagued steel runners. We may stroll through powdery white parks, tramp the snow blankets of the open country or walk briskly through city streets, the sting of the north wind spanking our cheeks to crimson, reviving the sparkle in dulled eyes, sending sluggish blood tingling.

And the interesting things we may read in the book of life as we pass along—the beauty, the pulse beats, the heart throbs, the comedies, the songs we sing, the laughs that ring, the fear brushed away, the lure of the shop window, of a sunset so majestic we stop and scarce breathe for the wonder of it!

If we will only look, and, looking, see!

Summer time. Tennis, made easy in the city by well-kept municipal courts in public parks, and by a host of private courts; where membership may be purchased for a reasonable sum. Bathing, almost every community has its lake or river or ocean. Boating, which lends itself to smaller streams.

Have you ever tried to paddle a canoe? It is vastly more interesting as a pastime than moping in the house, reading cheap novels designed to inflame the imagination.

Excursions, boat rides, hay rides, picnics. Just to pack a dainty lunch and carry it out in the open to some grassy bank or beneath some leafy tree, or even out on the desert sand at evening to watch the purple robe of night train its velvet folds across the waste, is enough.

Only—keep in the open. If you are casting about for added amusement, or for your allotted bit of good time, let the background of your choice be the great, good out of doors.

So you will keep your body fit, your brain clear, your heart happy, your soul mellow.

Then, if loneliness overtakes you, drop into a "movie." If you can afford it, go to the theater libraries are filled with the fascinating romances of history and of fiction. Magazines of today are miniature libraries in themselves. The daily papers are full of fun and knowledge and information.

The girl or woman who will sit in her room trying to beat senseless pasteboard in a game of solitaire, when she has a good friend with whom she might chat, an interesting book to read, all the outdoors for adventure, is hopeless.

Her question, "What shall I do?" will never be answered.

QUESTIONS ANSWERED

Question: A man earns $6000 a year; how much is his time worth per hour? H. S.

Answer: On the basis of an eight-hour working day, six days a week, fifty weeks to the year (allowing for a two weeks' vacation) his time would be worth $2.50 per hour.

LETTERS TO "THE TIMES"

Honor to Whom Due.

LOS ANGELES, March 29.—[To the Editor of The Times:] In the very able editorial in your issue of the 28th inst. entitled, "But for the Aqueduct," you gave us a concise account of the commendable acts of the five members of the Los Angeles water board in securing water rights in the Owens River Valley. You say, "They staked their money on the good sense of the citizens of Los Angeles, and when the options were taken over, not one of them had made a penny of profit." You name the five men as members of the board, as Fred L. Baker, M. H. Sherman, R. H. Norton, J. M. Elliott and J. J. Fay. In this you were correct, except it should have been John H. Norton instead of R. H. Norton. The writer personally knows that John H. Norton was proud of the part he took in that great work, and that he worked faithfully in carrying to a completion the aqueduct while a member of the board. R. H. Norton served us faithfully while a member of the Board of Supervisors, for which we give him full credit; but in the securing of the Owens River water rights, and the introductory work of our great aqueduct, we like to see due honor given to John H. Norton and his able associates on that board.

Knowing your high appreciation of the efforts of John H. Norton in the building up of and advancement of our city, I feel that you will be glad to make the correction.

"Like a Mighty Army Moves The Church of God"

Thirty divisions of that army —thirty denominations—are moving forward in a nation-wide cooperative campaign.

THE army that stands still is really retreating. The Master's command was a forward command, "Go ye into all the World."

Out of the war the churches emerged with a new sense of the urgency of that command.

"We must move forward all along the line," they said, and each denomination planned its own "Forward Movement" to deepen the spiritual life of its members and equip itself with money and power.

Then came the greater thought, "It is not enough for us to go forward. We must be sure that there is no duplication of effort; that cooperation prevails; that every man and dollar does its utmost in service.

"We must go forward *together*."

So the Interchurch World Movement was formed—a clearing house through which thirty denominations without sacrificing their identity in any way—can cooperate in the service of Jesus Christ.

FOR MORE than a year trained experts have been at work making a scientific survey of the whole world, and of America county by county.

The churches, for the first time in their history, have the full facts.

They know where America is overchurched and where underchurched.

They know exactly how they can cooperate in the foreign mission fields to produce the largest results in international education, international health and international good-will.

No business man can study that survey without being impressed by the accuracy and courage with which the task has been approached.

ON THE basis of the survey, the cooperating denominations will unite in a simultaneous financial campaign in the week of April 25th.

The amounts asked for are large in the aggregate; they are small when divided among the church members of the nation—smaller still when you count the whole number of men and women who love America.

The average contribution to the church today is less than four cents per member per day. Think of it. Yet if each person who loves and believes in America will increase his contribution by only a few dollars, the whole amount will be easily subscribed.

Will you do your share for a better America and a better world? Your chance to help is coming in the week of April 25th.

BY VIRGINIA WOODS.

Lovely Church Wedding.

The First Presbyterian Church was last evening the scene of a beautiful wedding and one of wide interest when Miss Ruth Rankin Walker of this city became the bride of Mr. Jack Ware of Kingman, Ariz. The ceremony was performed by the bride's father, Dr. Hugh K. Walker, in the presence of an assemblage that filled the church.

With stately palms, many ferns and a profusion of brilliant-hued spring blooms—including roses, jonquils, tulips, sweet peas and delphinium arranged in baskets and tall vases—the setting was perfect.

The bride, tall and blonde, was lovely in her gown of white satin made on severe lines with a long court train. She wore a veil of tulle that fell to the bottom of her train. It was crowned with a wreath of orange blossoms. Her shower bouquet combined white orchids, gardenias and cyclamen. Her brother, Mr. William Walker, gave her in marriage. Miss Jane Walker was her sister's maid of honor, and the bridesmaids were Misses Ellinor Warren and Margaret Duncan. Their frocks were made alike, with hoop skirts and tight basques trimmed with French flowers and silver ribbons. They were in apricot, orchid and Nile green, respectively. Their bouquets were spring flowers. Mr. Marshall McComb was best man, while Judge Morrison and Mr. William Godshall were groomsmen. The ushers were Messrs. Hugh K. Walker, Jr., Ford Prior, Everett Mattoon and Donald Tarr. Mr. and Mrs. Allen E. Ware and Mr. W. C. Howard of Kingman, Ariz., were at the wedding, which was followed by a reception and supper for the bridal party and family connections at the home of the bride's parents, Dr. and Mrs. Hugh K. Walker. The house was decorated in gold and yellow with jonquils and white sweet peas. After a honeymoon trip to Del Monte and San Francisco the couple will return here and then go to Kingman, where they will reside.

Wed in Hollywood.

Miss Mildred Wood, beautiful daughter of Mr. and Mrs. E. R. Wood of Beverly Hills and Toronto, Can., and Mr. Edward S. Reid, Jr., of this city but formerly of Charlotte, N. C., plighted their troth yesterday afternoon at the Methodist Church of Hollywood in the presence of relatives and a few close friends. The church was adorned in a mass of spring blooms and palms and ferns. Dr. Willsie Martin officiated.

The bride was given in marriage by her father. She wore a chic frock of sand-colored cloth bound in navy blue. Her natty hat was of navy blue horsehair braid with tiny brim of crushed silk flowers in sand and blue combined with rose. Her shoes and gloves were sand colored. She carried a handsome gold vanity case set with diamonds and sapphires, the gift of her parents.

They were attended by the bride's uncle and aunt, Mr. and Mrs. Frank Wood of Toronto, and by Mr. and Mrs. Earl W. Clark. The bride's grandmother, Mrs. Agnes Smart, and uncle, Mr. Carl Smart, were also at the wedding. So was Mr. Edward S. Reid of Charlotte, N. C., father of the groom.

The bridegroom was born at Charlotte, N. C., and educated at the University of North Carolina, where he graduated in the science class of 1916. He served in the aviation branch of the army during the war and was a pursuit pilot at Rockwell Field. He is now in the bond business with Blyth, Witter & Co.

The bride's father is president of the Central Canada Loan & Savings Co. of Toronto and is connected with a string of banks.

The couple will reside in Beverly Hills upon their return from a honeymoon trip. A supper party at the Wood home followed the ceremony.

By Miss Ackerman.

Miss Florence Ackerman, bride-elect of Mr. Clyde Payne, Jr., is to entertain Monday at a luncheon followed by a matinee party at the Orpheum in compliment to Miss Louise Forve, who is to marry Mr. Edgar Gale Miller. Her other guests, with the exception of Miss Florence Van Riper, all are engaged girls, and include Miss Margaret Mortenson, Miss Julia Hayward, Miss Barbara Scoville and Miss Margaret Orena.

By Mrs. Parker.

Mrs. C. C. Parker is hostess at a luncheon at the Los Angeles Country Club today, having places for thirty guests. Next Thursday she will entertain the same number at luncheon and will have it at the Los Angeles Country Club also.

Joint Hostesses.

Mrs. Stephen C. Hubbell and her sister, Mrs. M. S. Le Roy, were joint hostesses at a luncheon at the California Club yesterday, the affair being planned as a farewell by Mrs. Le Roy, who is returning shortly to her home in Manchester, Iowa. Yellow and purple flowers adorned the table, at which plates were set for Mmes. Norman Bridge, J. Ross Clark, E. P. Clark, Joseph Kitchart Clark, O. H. Churchill, J. F. Francis, Howard Huntington, William S. Hook, Jr., C. B. Jones, Joseph A. Lewis, Walter Lindley, Kate Moore, C. C. Parker, Charles Prager, J. Langford Stack, Moye W. Stephens, H. Strong and I. N. Van Nuys.

By Miss Hunt.

Miss Louise Hunt is to entertain a dinner company at the California Club tomorrow evening, the party attending the dance later on. These dances have heretofore lasted until 1 o'clock, but will continue until 2 o'clock this time. Miss Hunt's guests will be Messrs. and Mmes. Wells Morris, Van Buren Jarvis, Arden Day, Webster Holmes; Misses Rosemary Sartori, Eleanor MacGowan, and Messrs. John Rankin, Preston Hotchkis, Field Staunton and Chandler Ward.

Mr. and Mrs. John Garner, Jr., and Mr. and Mrs. Charles G. Adams are also to have dinner parties there and attend the ball.

For Mrs. Williams.

Mrs. Fred Baker gave a luncheon at the Los Angeles Country Club yesterday for Mrs. Clarence Williams, wife of Vice-Admiral Williams.

Today Mrs. Henry L. Musick is entertaining at luncheon for Mrs. Williams and for Mrs. J. M. Summers of Oakland. Mrs. Charles Elvon Musick, Mrs. Lucius E. Jarvis and Miss Carrie Frost, all of Pasadena, were also guests. After luncheon they will go to the Orpheum.

CHUNG SING IS VICTOR.

Chung Sing, who was crippled for life when his two-horse wagon was struck by a Southern Pacific freight car that had been "kicked" over a crossing, wins a judgment of $13,000 from the company by a decision handed down yesterday by the State Supreme Court, affirming a judgment of the local Superior Court.

—Why—taking these smart little sports coats at $29.50 doesn't seem like buying at all. It seems more like finding a treasure that one stumbles across unexpectedly.

—Modish little coats of lovely black costume velvet—full of vivacity to go golfing or walking—and full of charm to take one with them—fashioned for summer wear. Novelty buttons, pockets, collars and belts unite in making these coats a trifle ultra. All beautifully silk lined.

—22 of them—that have taken a new price so much lower than their former marking that if you knew—and if you knew how much they might cost Bullock's to replace them—and if you know coat values today—and if you want one—when you see these today you simply must love them, and wonder over them, and buy them, which might be true even at a price much higher than $29.50.

—They make stunning effects, combined with wool or silk skirts, which reminds one of the worth-knowing character of Bullock's $22.50 wool plaid skirts. It is not easy to find better skirts than these at $22.50. Bullock's has not found any to offer at that price.

—Today is the day to buy those captivating costume Velvet Sports Coats at $29.50. It is an unusually low price for unusually good coats. You should not miss them if you wear a size 14, 16 or 18 years.

Bathing Suits

—it would seem, shall be more or less important this summer, according to one's wishes regarding

Bathing Capes

—some at Bullock's are of Rubberized Satin, hardly less beautiful than the suits themselves—to be worn over the suit—handkerchief cap of same material and design to match cape—a very necessary adjunct to the Beach Costume this season—$37.50.

—*Bathing Suits—Taffetas and Satins*—mostly black—some plain—others beautifully trimmed with fringe or embroidery in unusual designs—$12.50 to $59.50.

—*Mohair and Sateen*—black trimmed with contrasting colors—slip-over style—$5.00 to $6.95.

—*Wool Bathing Suits*—fancy belts and odd novelty pockets—$6.95 to $19.50.

—*Fiber Silk*—in black with contrasting colored stripes—$17.50.

—Before Milady visits the Beach she should visit

—Bullock's Fourth Floor.

Shadoette

Is Still $2.25 Yard

—The "Fabric of Dreams"—a sheer silk material in 150 shades—a cloth that will drape or plait and can be used for any type of dress desired—specially desirable for Graduation Frocks, Afternoon Dresses and Wedding Gowns.

—At Bullock's only—Priced at $2.25 yard.

—*Collar Points*—laces, exquisite in their tracery—points of flat Venise and Filet—Batiste and Organdie Embroideries—white and ecru—a collar for the Blouse, Dress or Suit that can be purchased by the yard—of the newest and daintiest patterns—at Bullock's.

—*Antiko Laces*—from 3 to 8 inches wide—including old and well known antique patterns—combine well with nets for curtains—a wide assortment—20c to 65c yard.

—The June Bride and the Girl Graduate should find much that is charming—

—At Bullock's—Second Floor.

—*Collar and Cuff Sets* of *genuine* Baby Irish—unsurpassed for Sports Coats or Sweaters—beautiful and durable—Today at the exceptionally low price of $9.00 set.

—*Modistees*—real Irish Crochet and Net—with Tuxedo collars—a beautiful and practical substitute for the Blouse—Specially priced, $8.00.

—*Net Guimps*—elaborately trimmed in Baby Irish Crochet—combined with real Filet—a special Bullock price—Today—of $14.00.

—*Modistees* of Organdie trimmed in real Irish and Val.—come in long and short effects—$5.00 should prove a most popular price for these.

—The newness and quality of this lot, and lowness of the markings should cause these 116 pieces to make friends quickly—Today—at Bullock's First Floor.

Navy Taffeta $3.95

—It is 35 inches wide—beautiful, crisp Navy Taffeta which has been reduced for this April event—and if you knew how greatly reduced—and if you knew what beautiful Taffeta it is—you would not miss it these days of taffeta popularity—you could not resist it—Today—Friday—at $3.95 yard.

—At Bullock's—Second Floor.

Hand-Made Blouses

Even at $5.00

—have come to Bullock's for the women of Los Angeles and Southern California from many romantic and distant sources.

—From France, where the love of distinction and difference is the motivating influence—from Porto Rico and the Philippines, long famed as dwelling places of art exquisite in hand work.

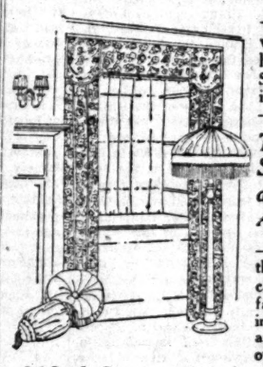
—To Bullock's have come the Blouses—hosts of them—sheer Batistes and Voiles—hand fashioned with a French tilt toward the ultra, daintily touched with a Filipino sense of art—or a trifle more elaborate as the Porto Rican desires.

—Hand embroidered, hand drawn, hand tucked, hand hemstitched, hand made. In white or cafe au lait shade.

—Fresh and crisp—take to the tub as they take to the sunshine—and you should take to the Blouses without the least hesitation when you see them. Priced at $5.00 to $35.00.

—At Bullock's—Third Floor

Cretonnes for a Thousand Tastes



—To touch the windows, the walls and the furnishings of one's home with the sweet charm of Spring's foliage—color luxury seeped in flower fragrance.

—Let it be said again for emphasis—

The New Spring and Summer Cretonnes Are at Bullock's in Profusion—A Veritable Exposition.

—Bullock's knows of no better than these—Bullock's has chosen them carefully and amply—scrutinizing the fabric, the weave, the finish—searching wide for beauty and here they are, riotous as the roses that tumble over many of them.

36 Inch Cretonnes 30c

—It is hardly believable that such a price could be these days—but here it is—and here are the cretonnes—beautiful—for cushions, couch covers, overdrapes—36 inches wide—at 30c yard.

36 Inch Cretonnes 65c

—For living room, dining room, library—overhangings, couch covers or beach pillows—splendid variety of lovely designs in flowers—36 inch at 65c yard.

36 Inch Cretonnes 85c

—In designs particularly effective for the sun porch—just a trifle recherche. In the bedroom for bed spreads, pillows, overdrapes, box coverings. Out of the ordinary in both beauty and price—36 inch at 85c yard.

Other Cretonnes at $1.00

—either 30 or 36 inches wide—in rich subdued tones for overdrapes, pillows and box coverings. Loveliness that holds one captive. At $1.00 yard.

—And a myriad other Cretonnes—prices up to $7.50 yard—all new and good for Spring and Summer—one should find much pleasure and home decorating inspiration in a visit to Bullock's Sixth Floor.

Lamps Among the Ribbons

—And not at all out of place—for they have that inherent feminine fancy for ribbons and color. They answer to the name of "Rose Maid"—have the most petite and winsome doll heads—and think that the fashions Grandmother wore are much more adaptable to the requirements of a lamp than the modes of today.

—You may agree when you see them. Anyway, with such interesting opinions upon wearing apparel Milady should find them very charming boudoir companions—and useful, too, because they shed just enough light in the shade one desires. Bullock's will trim them according to one's desires to harmonize with color schemes.

—Priced at $4.50—for doll head, frame and light cord. Trimmings and materials extra.

—At Bullock's—Ribbon Section—First Floor.

Perfumes

—from France and from England offer their fragrance and their charm to you—at Bullock's.

—Les Parfumeries de Gabilla of Paris offers

—"*Tango*"—in beautiful novelty bottles and 1 oz. containers, $3.50; in bulk, $3.00 oz.; Toilet Water—two sizes, $2.50 and $3.50; Complexion Powder, $3.50 box.

—"*Toute La France*" and "*Le Jasmin*"—containers and 1 oz. bottles, $3.50 and $4.00; in bulk, $5.00 oz.; Toilet Water, $2.50 and $3.50.

—"*Bouquet de Cabilla*"—a delicately blended essence—in 1 oz. bottles and containers, $2.50; Toilet Water, two sizes, $2.50 and $3.50.

—England sends some quaint fragrances, including

—"*Shem—El—Nessim*" (*The Scent of Araby*)—in 1 oz. bottles and containers, $2.50 and $3.00; in 2 oz. bottles, $5.00; in bulk, $2.00 oz.; Complexion Powder, $1.00 each; Toilet Water, $3.00.

WHITE HOUSE LADY.

The suffragists are willing to furnish the nation with a President, but the material suggested doesn't create much enthusiasm. Just like the men folks. The wrong ones are after the jobs.

MIXING MATTERS.

With the French army occupying Frankfort to keep peace in Germany, the Japanese forces holding Vladivostok to maintain order in Russia and the United States Senate disturbing the peace of the League of Nations at Washington the dove of peace is indeed an elusive bird.

PROMPT JUSTICE.

The fact that the juries in almost all cases where Reds are brought to trial are prompt to convict on the evidence is a good sign. It cannot be said that they are bought up or influenced. It shows, rather, that the average American will resent any plan or purpose which contemplates direct action against his government or which threatens established law and order.

THE CLEAN-UP MAN.

Surgeon-General Gorgas, who made Panama safe for democracy and swatted the fly out of Cuba, has made a five-year engagement with the government of Peru at $15,000 a year and expenses and will put in execution a sanitary programme to fumigate and purify that Latin republic. The Peruvians couldn't do better than to make him dictator for a while. They would have a country that would shine like polished silver and even the Chileans would be forced to admire. As a clean-up man Gen. Gorgas is America's best.

SETTLING UP.

Congress will have to appropriate $420,000,000 to cover the final deficit in the government operation of the railroads incidental to turning the lines back to the owners. Something over $500,000,000 has already been paid to cover former shortage. These sums relate only to the deficit in operating expenses. They take no account of the obligation of the government to return the properties in as good physical condition as when taken. That may require years of time and billions of dollars to adjust. If the government had continued in the business in another generation we would have neither a government nor a railroad. Neither could have withstood the strain of the other.

A FILM CONFIDENCE GAME.

If the late Robert Louis Stevenson did not turn in his grave it was not the fault of Maurice Tourneur and those who abetted him in the production of "Treasure Island," now being shown on the screen at a theater in Los Angeles. The thousands of readers, both boys and men, of the greatest pirate classic ever written will have some startling surprises if they should chance to drop in in the hope of a treat. They will find a namby-pamby girl cast for the immortal character of Jim Hawkins, the juvenile hero of the last quarter af a century, and so many changes in the situations of the plot, according to the fancy of Tourneur, that it may be questioned if many remain for the last and the greatest jolt of all. This is the finale, when sweet-faced Jim, confidingly laying his hand on the arm of Long John Silver, reads him a moral lecture, saying "Honesty is the best policy, you will find, Long John!" Why did not Mr. Tourneur affix a title like "The Pirates Foiled, or Little Jim's Triumph" to his claptrap production instead of trading on the name and reputation of a story that has been deemed a masterpiece since the day it was written?

HOROUGHLY NASTY.

Elinor Glyn, a novelist with a weakness for vamp heroines, has been propounding a thoroughly nasty question. In a recent issue of the English "Ladies' Field" she asked whether it is possible for a man to be true to his wife "in thought, word and deed" for ten years. Her own naive insinuation is in the negative.

But the question proved a draw, as the lady anticipated. A number of indignant Englishmen replied wrathfully. It is perhaps encouraging to discover so many champions of masculine faithfulness, even if one would have preferred to see such gratuitous nastiness ignored. But the question also drew the usual number of thoroughly nasty answers, the congratulatory commendations of the weaker brothers, who, like the fox who lost his own tail, yearned to make tailless foxes fashionable.

Surely a widely-advertised question of that kind is wholly mischievous. "Oh, what damned minutes tells he o'er, who dotes, yet doubts; suspects, yet strongly loves?" Airily, inconsequently, this widely-read but all-too-dubious authoress tosses the germ of doubt into countless households—and to what purpose? For the lady is but literary small fry at best and has no greatness to afford good influence to the contrary, even had such been her intention, which was scarcely the case. It is one thing to recognize an unpleasant tendency and quite another to excuse it—with the wanton hint of universal disloyalty, festering a cankerous growth at the very basis of the human home ideal.

If Elinor Glyn honestly holds the opinion voiced she has been unfortunate in the company she has kept.

UNJUSTIFIABLE STRIKE.

Radicalism in union-labor ranks is the pretext given for the strike of switchmen and yardmen that has disorganized transportation service all over the country. The heads of the railway brotherhoods have given no order for a strike; but several thousand men are out. The "Big Four" chiefs are addressing threatening language to the strikers; but they have apparently done nothing to get them back to work.

S. E. Hebberling, president of the Switchmen's Union, made a statement in Washington yesterday which seems to disclose in part the hidden cause for the present "unauthorized" strike. He said the chiefs of the railroad brotherhoods would probably call upon the government to assume control and operation of the railways in the districts where the "outlaw" switchmen's organizations had gone on strike. That is a logical solution of the problem from the point of view of the unionized railway employees. If outlaw strikes can force the government to operate the roads in three or four districts, it is plain that there will shortly be outlaw strikes in all districts; for the railway unions vastly prefer government operation of the railroads. They are more likely to get wage increases if they deliver their ultimatums to a management that is not personally interested in making the railroads pay their own way. Politicians yield much more readily to threats than experienced business men who are faced by the necessity of making income equal to expenditure.

No attempt at justification of the present strike has been attempted, even by the strikers themselves. They have made no demands on the companies for concessions; but they have quit work under what is very plainly a secret agreement among themselves. As the strike covers the whole Middle West and the Pacific Coast, it is plain that there is some secret organization within the railroad brotherhoods that is ordering its members out. The strike savors very much of a plot of the I.W.W. or the Bolshevists.

The chiefs of the brotherhoods profess ignorance as to the cause of the strike; and that would indicate a secret revolt in the ranks of the unionists. But it is difficult to believe that the chiefs are so little in touch with their men that several thousand of them could arrange to go out in a body without any word of it getting to headquarters. That statement of the brotherhood chiefs would command more credence if they would make a clean breast of the thing. We repeat that the statement made by Hebberling, president of the Switchmen's Union, reads very much as though the outlaws are striking to get what the brotherhood chiefs want. If it succeeds the chiefs can indorse it; and if it fails they can wash their hands of it.

Tying up the transportation lines just at the time when spring is returning and the great industries of the East are resuming operations is a blow aimed directly at returning prosperity. It is very much like a barricade thrown up across its path. It is easily possible for 50,000 striking railway employees to throw 10,000,000 other workmen out of employment. And who will benefit? Only the I.W.W. and the emissaries of Bolshevism. The striking switchmen and yardmen are furnishing a powerful argument for the immediate adoption of a Federal law penalizing strikes against the public welfare. The brotherhoods may be certain that the public is not going to tolerate a condition under which a few thousand so-called outlaws by going on a strike can throw 10,000,000 workmen out of employment and starve the populations of the big cities.

If the railway employees were being underpaid or overworked they have a remedy at hand without resorting to a strike. The last Federal railway act sets up a commission to consider and adjust disputes between the management of the railroads and the workers. There has been no appeal to that commission. For some purpose not yet revealed the strikers have simply sought to put the transportation lines of the country out of business. Might cannot make right; but it can do a great wrong.

There is no disputing the fact that government operation of the railways has spoiled most of the railway employees. It has given them an entirely wrong idea about their duty to their employers and to the public. The government squandered vast sums of money from the public treasury in its sorry experiment at Federal operation. The politicians pampered the railway unions until they conceived the idea that the roads were operated for their special benefit and that the interests of the owners and the public did not have to be considered. Until the unionites get that idea out of their heads there will probably be sporadic strikes and attempts to make private operation impossible. If the brotherhood chiefs desire the confidence of the country they will themselves denounce the "outlaws" and co-operate with the management of the roads and with the public in keeping the trains running. Striking against the public welfare will benefit neither the railway employees nor any other workmen.

GOWNED EMOTIONS.

A famous London divine declares that women should cease wearing what he calls emotional gowns. Presumably these are dresses in which the lady may exhibit her emotions unhampered and unconfined. The backless and frontless gown that is held up by new thought is designed to give the emotion full play. It might be considered a small emotion of itself—in fact, it seems to be all the rage—and rage is one of the emotions, albeit unlovable. But if it is meant that the women must have a different gown for each emotion, few pocketbooks can stand the strain. If a lady can only express remorse in yellow satin and love in pink georgette it is time we had a larger standing army. The English priest rails loudly against the custom by which women undress rather than dress for dinner. He doesn't like the bathroom adornment in the parlor. He insists that women should dress with three things in mind rather than one. The cardinal virtues in gown-making are decency, comfort and beauty—these three, and the greatest of these is decency. There are gowns from Paris—the last word in fashion—that are lacking in all three of these attributes. And these creations are what the dames want and will have. A good many crimes are committed in the name of fashion.

Nobody but his own family thinks much of a profiteer.

JOHNSON'S PLUTOCRATIC BACKERS.

Readers of the San Francisco Chronicle are reported to be mystified as to whether the following editorial utterance which appeared in that paper on the morning of April 1 was an April Fool Day joke or was intended to be taken seriously, a deliberate attempt permanently to deceive:

> The tremendous enthusiasm with which Senator Johnson is received by audiences of the great cities of the East is being accepted by the politically wise as assuring his nomination by the Republican convention and his election by the people.

They know that the publisher of the Chronicle, M. H. de Young, is a candidate for delegate to the Chicago convention on a ticket pledged to Senator Johnson until Jonhson himself releases him; but Mr. De Young has been a publisher of the Chronicle for a great many years and it is not easy to reconcile the above quotation with the following editorial utterance of the Chronicle which appeared on August 29, 1916:

> Hiram Johnson has for six years past assailed all who would not accept his dictation with coarse personal abuse, embellished by a rich vocabulary of vituperation acquired in the criminal courts. And while accusing all who do not bow down and worship him of about all the crimes named in the statute book and proclaiming himself to be the apostle and expounder of all the virtues which entail to sainthood, he has employed in his service some of the vilest political scalawags who ever disgraced the State, and has sought to profit by their political skullduggery.
>
> Does not Hiram Johnson absolutely control Alameda county politics in the name of purity? And is it not as politically rotten as local politics can be?
>
> There was never a ranker political humbug than Hiram Johnson. Hateful in spirit, coarse in his nature, vile in his language, tricky in his politics, he has for years devoted himself, through subservient Legislatures, to such manipulation of our election laws as might enable him, with the aid of the machine which he has created, to perpetuate the fraud which he is now attempting.

Four years ago Senator Johnson was equally vindictive in his denunciation of Mr. De Young. In the closing address of his Senatorial campaign he said:

> Now you need make no mistake about it. There is no room for W. H. Crocker, Michel Henri de Young and myself in the same political house.

For Mr. De Young to assume to be sincere in his advocacy of Johnson for President at the present time is to convict himself of insincerity. He has always had an ambition to enter the diplomatic service; and it is possible that he holds from Senator Johnson a promise of an appointment as Ambassador to France, in case Johnson wins. And for Senator Johnson to select as one of his California delegates a man whom he has denounced as a pirate from one end of the State to the other in every one of his former campaigns is evidence of a political deal ranker than any other attempted in California in a generation.

De Young, however, is but one of the nine jolly millionaires who occupy front seats on the band wagon carrying the Johnson primary delegates and flying the banner, "Friends of the Peepul." Nine millionaires on a delegation of twenty-six from a single State would be enough to blow the ordinary candidate out of the water. But, of course, there are good millionaires and bad millionaires, and we must assume that the State was thoroughly curried, that only nine good ones were found and that they were promptly seized for the Johnson delegation. Wonder what those Nonpartisan Leaguers and Plumb Plan Leaguers think about it, however?

Here are the nine, each of whom is a millionaire and whose combined wealth is estimated at $150,000,000: W. H. Crocker, M. H. de Young, Frank P. Flint, George I. Cochran, John B. Miller, Herbert Fleishhacker, Joseph R. Knowland, James Rolph and Mrs. Charles K. McClatchy. There are six others on the list who have a Bradstreet rating above $100,000 each.

With the Johnson delegation coursing along on a highway paved with gold in California, however, it is puzzling to listen to the howl Senator Johnson is setting up in the East about the "millionaire backers" of Gen. Wood.

REVIVING FRANCE.

The spirit of fraternity between the peoples of two nations has never been better exemplified than in the case of France and America, whose common watchword is liberty. France has never once halted when she had an opportunity to demonstrate her affection for America and America has always returned the compliment by extending the helping hand to France in her times of need. France sent us Lafayette, America sent Pershing to France. In 1879 the people of France, through popular subscription, erected the Statue of Liberty in New York Harbor and presented it to America. That favor is soon to be returned, in kind, by the people of the United States, who are raising funds to pay for a great memorial statue to be designed by Frederick MacMonnies (now visiting in Los Angeles) and which will stand at the spot where the valiant French soldiers turned the Hun tide back from the Marne in 1914.

But perhaps of even greater importance to France than the erection of this statue will be the remarkable work on Abraham Lincoln, "The Valley of Shadows," by Francis Grierson, the translation of the book from English into French, by Leon Bazzalette, being practically finished. Mr. Grierson, now a visitor in Los Angeles, yesterday received a letter from Bazzalette in which the translator said: "After a labor of four years I am now completing the translation of 'The Valley of Shadows' and it will soon be ready for the press. On a few of the chapters I have spent as long as six months, being often delayed through service to my country and sometimes being hard put to it to find appropriate words and expressions, in the idioms of Normandy, for the idiomatic terms used by the country people of America in Lincoln's time. During my service in the trenches I always felt that I would be spared to complete the translation. Ten years ago I translated Walt Whitman for France and now I am to be allowed to present my people with a true picture of Lincoln. It will be the first real view of that great American ever to have been presented to France and I do not doubt that it will play a tremendous part in the revivification of France in turning the thoughts of the people toward the ideal."

That France has not yet awakened to the possibilities of her innate genius is the opinion expressed, recently, by Mr. Grierson, who declares that the great wave of spirituality which is now sweeping over England and America has not yet touched the European continent. "France is still Voltairian," he said. "The influence of the brilliant atheists of 150 years ago is still making itself felt. Since Voltaire's time, and even today, France has had and has many intellectual lights, but few of them have had any faith. They have brilliance, wit, cleverness, often feeling and heart—but no soul. Even Flaubert was a materialist. Anatole France, finding that all his books counted for nothing in face of the great crises precipitated by the war, awakened somewhat to the idea of duty and service and would have joined the army—but he was too old. After all, it is not mere words that count, not cleverness nor wit nor fascinating sophisms, but the vital message that may and usually is couched in very plain words. Truth is not complicated; it is simple and is more often heard from the lips of the recluse than from the platforms upon which stand so-called gifted orators pouring out their platitudes into the ears of drowsy listeners. Speaking of the great and faithful ones, Victor Hugo said: 'Such men know well that God exists'—but he was not talking of the materialists. The materialist may be talented, scholarly, fascinating in a superficial way, but he is never a genius. He is always imitative, never creative, for the reason that he has not identified himself with the 'Over-soul,' has never established himself with or recognized the connection between himself and the source of being. Materialism, of course, is doomed, in Europe as well as in America. 'Every knee must bow and every tongue confess that Thou art God.'"

PUTTING OVER THE PEANUT.

Meager is the bag of peanuts that one gets nowadays for 5 cents. The value of the peanut crop has outsoared that of the citrus fruits of California. The farmers of the United States are credited with having obtained $80,000,000 last year for this underground bean, which probably means that the general public paid $160,000,000 for the produce as it was delivered to it in the form of butter or dipped in chocolate or salted. Some people consider themselves too superior to eat peanuts, but the majority of Americans can get away with a considerable number of bags during each year, so that it has become a paying industry to raise them. Uncle Sam has realized this and has taken the lowly nut, or whatever it is, under his care. Grading and standardization of the peanut is one of the newest lines of work of the Department of Agriculture and it is expected at Washington that conditions of handling, distributing and marketing the crop will be considerably improved. So far Southern California has not gone in very largely for the raising of peanuts, as it has considered that other crops are more valuable, but some growers who have experimented have had success. As the average price last winter was about double that of a few years ago, it may pay to give more consideration to this humble crop. And it's really not so humble, for it has attained the dignity of becoming an important article of world trade.

KEIFER REDIVIVUS.

J. Warren Keifer! The name brings back recollections of post bellum days. A valiant standpatter, contemporaneous with Chauncey Depew, Uncle Joe Cannon and other G.O.P. heroes of the last generation. And now it is proposed to bring J. Warren back into active Ohio politics—at least we draw this inference from the announcement that the choice of Ohio for President after Harding is eliminated, if he should be, would be Johnson and Keifer, or Keifer and Johnson, as the case may be. How the Buckeye Republicans can adjust themselves to this trinity must be a problem for the onlooker. In the days when Keifer was to the front, a Republican that cost the party the Presidency by withholding the vote of his own State, as Johnson did, would have had some difficulty in keeping his name on the roll. But apparently the Hardingites see no inconsistency in the proposed mixture. Of course, the slogan is "Anything to Beat Wood," even if it be necessary to use the political graveyard in the process. Who was it that first said: "Misery acquaints a man with strange bedfellows?"—[Indianapolis News.

A LETTER TO HIRAM.

BY EUGENE BROWN.

My Dear—Too Dear—Hiram:

What makes you think that I want to vote for you in the primary election? Here you go to the trouble of having a note printed asking me to support you when I am hardly able to support two domestic establishments as things are now. A man's first duty is to his families. I would look fine supporting every fat man that came along just because he had a voice that carried. Wouldn't I now? I leave it to you yourself.

And besides we have a phonograph all the time.

The man who does your printing for you intimates that to vote for you is a duty I owe my country. Almost every day I am called upon to do something for my country and sometimes it costs me as high as six bits, but if the fate of the nation depends upon my voting for you, why the Lord help my country!

I am not saying I wouldn't—get me right about that—but if there is a chance to vote for anybody else, even if he has almost no vocal capacity at all, I think I would take it. I am one of those funny guys who like a man who gives his heart and hand to his country more than one who merely registers emotion with his lungs.

You have sent me a long list of the things you have given California. It seems to include almost everything but this last rainfall. Weren't you in on that? But it seems that you have given California practically everything she has, including the double-cross. Before your administration was with us our climate was coarse and insipid. It had no system and was all bent out of shape. Also our scenery was dull and colorless and the mountains themselves looked awful peaked.

But after you had been Governor for six months things began to pick up. People began to talk about their climate with pride. It had a tang to it like a Scotch highball, and the Sierras showed a rugged strength suggesting immortality. The sun glowed with benignant fervor by day and the gentle rain brought its beneficent largess in the night. All the native sons would increase their bust measure from forty to forty-six inches whenever they would start to talk about the glories of California.

And to think that it was all due to you!

Here we had been plugging along in worse than darkness, generation after generation, and it was not until we had a Johnson at Sacramento that the light began to shine and we learned how to spend our money.

You got into that, all right.

At spending other people's money you could give Capt. Kidd a two-century start and then leave him in cold storage. We have your word for it that you spent $30,000,000 to make new ways of getting to Sacramento without being bumped. And that there was no scandal about it, either.

We have your word for it that you kept our banks from failing; that you gave the ladies equal suffrage; that you saved the people from bunko men; that you reformed the ballot and drove the crooks out of politics; that you made bosses impossible; that you gave free school books to the children; that you made the railroads behave and that you left the State treasury fairly bursting with its flood of gold.

These are only a few items from the list of glories you have conferred upon your State, but will give an idea of the magnificent whole. You admit that you have made California the most advanced and progressive State of the Union!

Glory be! 'Twas Hiram Johnson who brought civilization and prosperity. But for you we would even now be prowling in the wilderness with nothing much but a breechclout and a morose disposition. As it is, we are enabled to enjoy the society of the Bolsheviki and pay the highest taxes that any people in the world ever knew.

The Johnsons are modest, but there's a grudge against the company kept. A combination of Johnson and Hearst seems like the mating of the German carp with the wall-eyed pike. It is like the linking of the œsophagus with the larynx. When two Californians hold an overwhelming ambition for place and power, how do the rest of us stand? Here is a Democrat who would blithely wreck his own party for his personal glory and advancement and here is a Republican who has already done his best to the same end. What tie of self-interest can bind them together? It must be a selfish one. With all your modesty you still think a lot of Hiram. Is it that you and William Randolph think you can use one another without letting the other fellow know it? Isn't it that Hearst thinks you can serve his purpose in California while you think he can pull something for you in New York?

Do you blame me for being suspicious of a combination of that sort? Do you think you can bunch the Examiner and the Herald and put it over? You would not only have a war with England and Japan, but you would soon be fighting between yourselves.

That is why I say when you ask me to support you that I prefer not to and will do only what I can to support myself—there's a guy that deserves it.

You may burn this letter if you can have any fun out of it.

RIPPLING RHYMES.

COST OF MOTORING.

Excuse me while I shed a tear
and raise a loud lament; the price
of tires has climbed, I hear, some
25 per cent. I have to buy four tires
this spring or run her on the rims,
and I am saddest when I sing these
cost-of-scorching hymns. The cost
of gas is rising, too, the gas that
runs our boats; and every time my
car goes "choo!" it burns up seven
groats. And oil is going up with
gas, the oil we all must buy; and so
I pause to say "Alas!" and say it
with a sigh. And spark plugs cost
a bone a throw, that once were fifty
cents; and motorists, submerged in
woe, are sulking in their tents.
They gaze upon the windswept hill
they can't afford to mount, for every
mile runs up a bill that breaks their
bank account. They view the long
inviting road where they would like
to speed, but they are chained to
their abode by cost of things they
need. They cannot tour the moor-
land track or journey anywhere, un-
less they're willing to get back to
Shanks and his old mare.

WALT MASON.

His Not to Reason Why.

A dear old gentleman noticed a laborer walking along a railway train and diligently tapping the wheels. Having nothing better to do, the old gentleman approached and asked:

"How many years have you been working for this railway, my man?"

"Thirty-eight, sir," replied the laborer, still continuing his work.

"I suppose you have had many varied experiences in your time—plenty of change of occupation, I expect?"

"No, sir; I've always had this same job, I've tapped the wheels of trains for eight-and-thirty years, sir."

"A long time, my man, a very long time; and, if I may say so, it shows a steady character. And, by the way—what is the reason for tapping the wheels? Why do you do it?"

The man looked up, scratched his head and said: "I'm darned if I know!"—[Galveston News.

TALES OF PERIL IN THE DESERT.

Woman Who was Lost for Days Telegraphs Wife.

Geologist Exhausted in Death Valley Wilds.

Two Legs Save Them After Hunt by Airplane Fails.

Glen Moore, a motion-picture photographer, of 1964 Tamarind avenue, and Millard Wilson, a government geologist, have escaped from the perils of Death Valley, where it has been feared for nearly a week that they had perished and where an airplane has been searching for them for some time.

Details of their safety and details of their adventures are contained in a telegram received by Moore late yesterday afternoon from Daggett, which was filed at Daggett Junction, follows:

"We have our way in south end of Death Valley. We were completely lost five days as car went down through crust in floor of valley. We started to walk twenty-eight miles out of water. Found Amargosa Creek ranch at 5 o'clock today. Mr. Denton, foreman there, cared for us for two days and we are unhaunted.

"Started for north end of valley to locate spindle of auto. Were met by Ryan. Car is still there waiting for parts. We have had a wonderful picture of Death Valley and most death-dealing places in America. We will proceed with picture and reach Los Angeles early part of week. We have gasoline in a can, which is the only way to view it."

Two days ago Mr. Moore sent a message by his wife announcing that they had broken an axle of their car and consequently would be delayed the next day. When they did not arrive Mrs. Moore feared for their safety and Lieut. Millard Marshall, former army aviator and a friend, volunteered to make a search in an airplane. He flew over the desert, and yesterday night about 10 o'clock Moore received a telegram from Marshall announcing that he had landed over the desert and found the broken-down car but no trace of its occupants. About midnight hours later, Mrs. Moore received a message by wire from her husband at Death Valley stating that he was safe and would wire details later. Yesterday afternoon the long telegram

TIDELANDS SUIT WON BY CITY.

State Supreme Court Affirms Judgment in Contest with Salt Lake Road.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 8.—Title of the city of Los Angeles to certain tidelands at Los Angeles Harbor, which had been claimed by the Salt Lake Railroad Company, was upheld by the State Supreme Court here today.

The city claimed the title under a grant by the Legislature of 1911, and the railroad on a patent issued by the government in 1858, which was alleged to have confirmed a previous Mexican grant. The decision today defined the boundaries of the land to which the city is entitled.

A lower court decision previously had established the city's title and today's decision was an affirmation of this judgment.

REST OF BURGE'S PRISONERS FREED.

EVIDENCE TOO WEAK, ASSERTS PROSECUTOR IN MOTION TO DROP CHARGES.

Following a motion made by Deputy City Prosecutor William Krowl yesterday, Police Judge Richardson dismissed charges of vagrancy pending against Thomas Buckley, Fred E. Buser and his wife, all of whom were taken into custody following a personally-conducted raid by R. T. Burge on a house in West Third street. The dismissal of the cases, according to Prosecutor Krowl, was necessary after C. W. Wilson, the fourth member of the party arrested by Burge, was found not guilty by a jury several days ago.

According to Prosecutor Krowl, he moved for a dismissal because the evidence proved so weak that a conviction could not be secured in the strongest case which was against Wilson. Attorney Claude Morton for the defense stated following the court action freeing the remaining three prisoners that an action for damages against Burge and his private detectives will be filed by his clients at once.

OPPOSES U. S. SHIPS FOR GERMAN ROUTES.

CHAMBER OF COMMERCE SENDS ANOTHER TELEGRAM OF VIGOROUS PROTEST.

Another telegram was sent to the United States Shipping Board and the New York State Chamber of Commerce as follows:

"Los Angeles Chamber of Commerce opposes suggested allocation to German routes of vessels from Shipping Board, believing such action would hinder development American merchant marine. Los Angeles chamber favors establishment of permanent American merchant marine and utilization of all available American vessels for that purpose."

This protest is based on the general proposition that the Shipping Board ships are needed to develop new trade in Pacific Ocean routes and South American ports and that the German routes being already established can better take care of themselves than new routes, where we have to develop new trade.

Dr. Stevens to Visit Diocese Before Making Decision.

[EXCLUSIVE DISPATCH.]

SAN ANTONIO (Tex.) April 8.—Dr. William B. Stevens, who was elected coadjutor-bishop of the Episcopal diocese of Los Angeles in Los Angeles yesterday, stated late this afternoon that he will not decide whether to accept or not until after he has visited the Angel City. He said he has been invited to visit the diocese before giving an answer. It will probably be two or three weeks before he can leave this city as his church is pushing a campaign for funds. Close friends of Dr. Stevens here say he will probably accept. He has received more than a score of telegrams of congratulation from all parts of the United States, many of which urge him to accept.

WIFE WITH WANDERLUST

Husband Given Divorce While Mate is Away "Seeing World."

In Judge Taft's Court yesterday Charles I. Rhodes told the court how his wife, Mary Rhodes, wanted to see the world. He said:

"Every so often she would get the wanderlust. She said she just had to see the world and she would go away. The last time she went, she sent me a postal card from somewhere in New Mexico. She was going East. I have not seen her since."

The decree of divorce was granted Mr. Rhodes.

MUST LIVE IN CITY.

Council Decrees Municipal Employees Can't Inhabit Suburbs.

"If a city job is good enough to hold, then the man or woman who takes it should be willing to live in Los Angeles, and not in Alhambra or some other suburb," said Councilman Wheeler yesterday, and the rest of the members of the City Council said, "Aye, aye," and voted solidly to request the City Attorney to draw up an ordinance compelling all municipal officials and employees to live in the city of Los Angeles. Aqueduct and other employees whose work makes it necessary for them to live elsewhere will be excepted under the proposed ordinance.

FLOWER SHOW AT PASADENA.

Rare Blossoms Delight the Many Visitors.

Hospital Solicitors Collect $150,000 in a Day.

Rail Strike Does not Affect Crown City.

[LOCAL CORRESPONDENCE.]

PASADENA, April 8.—The annual spring flower show, under auspices of the Pasadena Horticultural Society, opened today in a tent in Library Park. The show will continue until Saturday night.

The outstanding feature of the exhibition this spring is the display of tulips. The rose and poppy exhibits are also attracting much interest, as are the entries of rare shrubs from the Henry E. Huntington estate at San Marino.

Prize awards were made today.

$150,000 IS RAISED.

One hundred and fifty thousand dollars were raised by teams of society women, club men, business and professional men here today in the first day of the campaign to secure a million-dollar fund for Pasadena Hospital by popular subscription. The campaigners paraded through Colorado street this noon, following their luncheon at the Maryland, and painted the result of the first day's canvass on the campaign thermometer at Colorado and Raymond. They plan to raise the million in one week.

TRAINS ALL RUNNING.

No effect of the walkout of switchmen in the Los Angeles yards was reported by the railroad agents in Pasadena today. Station agents of the Santa Fe, Southern Pacific and Salt Lake Route, reported both passenger and freight service here normal. The roads have no resident switching crews in Pasadena, the switching being done here by the train crews.

A HIDDEN DANGER

It is as dangerous to overload the stomach — thereby increasing the work of the liver and kidneys—as it is to sit on a powder keg! If the stomach does not function properly, the food digested is not assimilated and taken up by the blood.

A stomach alterative and blood maker that has been favorably known for the past 50 years is Dr. Pierce's Golden Medical Discovery.

An imitation of nature's method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an alterative extract of herbs and roots, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather takes from the food just the nutriment the blood requires. This "Medical Discovery" gives no false stimulation, because it contains no alcohol or other narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood.

Los Angeles, Cal.—"I will gladly tell of the relief and cure Dr. Pierce's Golden Medical Discovery gave me. I was sick with all troubles of stomach, liver, etc., and La Grippe with all its attending ailments. When all else failed Dr. Pierce's Golden Medical Discovery did the good work. I also took 'Pleasant Pellets' for biliousness, with grand success. I write with gratitude to tell others of the relief that is in store for them. Do not delay but hasten to get the above remedies if suffering from any indisposition."—SAMUEL KALISKY, 978 Euclid Ave.

GLENDALE.

[LOCAL CORRESPONDENCE.]

GLENDALE, April 8.—At the annual meeting of the members of the Glendale Presbyterian Church, held last Wednesday evening, the trustees were by unanimous vote instructed to sell the building site at the corner of Maryland and Wilson avenues. At the same time they were instructed to purchase the property at the northwest corner of Harvard and Louise, directly opposite the main building of the high school. They are planning to build a $75,000 church building in the near future.

D. D. and William Haines, makers of panoramic scenic views, have located permanently in Glendale, having come here a year ago from Conneaut, O., where they have a large studio. Should present plans work out as is hoped the entire business will be located in Glendale.

Peter Diederich, foreman of the Glendale Public Service Department, was married Tuesday to Miss Teresa Adams of Los Angeles, at St. John's Episcopal Church. Upon their return from a honeymoon they will reside at 327 North Belmont.

Frank H. Lowe, City Recorder and police judge is a judge after the heart of Judge Cox, of Orange county. Not long ago he made a declaration that any arrest for driving at a speed of fifty miles or more would draw a jail sentence. L. J. Morriset of Los Angeles, was the first arrested driving at that speed. He was fined $50 and sentenced to ten days in jail. But it having been proven to Judge Lowe's satisfaction that the prisoner's wife is very dangerously ill in a Los Angeles hospital, the sentence was suspended on good behavior.

NAVY INVESTIGATES SINKING OF U-BOAT.

OFFICERS AND MEN TELL STORY OF DISASTER. OTHER NEWS.

[LOCAL CORRESPONDENCE.]

LOS ANGELES HARBOR, April 8.—Twenty-four officers and men of the sunken submarine H-1 appeared before a naval board of inquiry at the Submarine Base here today to testify to facts surrounding the grounding and loss of the diver on the rocks of Santa Margarita Island, off the coast of Lower California, a month ago.

The court will forward its findings to Washington, the results of which will not be announced until later. Officers and men on the submarine H-3 and the Eagle No. 11 were also called to testify in the hearing. All efforts to salvage the submarine have been abandoned.

ENTERTAIN ENGINEER.

City Engineer John. A. Griffin was the guest of the San Pedro Chamber of Commerce on a trip about the harbor today. Griffin enjoying his first thorough inspection trip of the harbor. Previous to the boat ride, Griffin was the guest at the weekly luncheon of the chamber.

How the city will expend the harbor funds was explained by the City Engineer. Under the direction of Mayor Snyder the funds will be expended with the Board of Public Works holding jurisdiction over the harbor engineering operations. The Harbor Commission will decide what work will be done and the City Engineer will supervise carrying out the improvements.

Announcement was made today that the First National Bank is considering changing the tentative plans for their new building for the corner of Sixth and Palos Verdes streets to take in twenty-five feet additionally on the west side. This would make the building 75x100 feet in size and five stories high. Plans for the 50x100-foot building called for an expenditure of $250,000.

FAITHFUL OFFICER.

Well-known Character Dies at Soldiers' Home.

[LOCAL CORRESPONDENCE.]

SOLDIERS' HOME, April 8.—Funeral services for Capt. J. P. Wells, commander for the last ten years of Home Co. L, took place in the Protestant chapel yesterday afternoon. His service in the Civil War was sergeant of Shield's Battery, First Deleware Light Artillery. Capt. Wells was a native of Rhode Island, unmarried, 76 years old, and was admitted to the Pacific branch in 1908.

Co. L is what is known as "cripples' quarters;" being occupied by aged men and veterans almost destitute of ability to move about without pain. There had been several prior to Capt. Wells in charge of that barracks, but because of the too severe attention required for care of the helpless and aged charges, had one after another resigned. Capt. Wells's kindness, continuous patience, and real fatherly care, endeared him to his charges beyond that of any other officer in the home.

IMPRESSIVE CEREMONY.

Funeral of Santa Monica Woman Largely Attended.

[LOCAL CORRESPONDENCE.]

SANTA MONICA, April 8.—All business houses in Santa Monica were closed from 10 until 11 o'clock this morning as a mark of respect to Mrs. Rosamonde Borde, whose funeral was held here today. Mrs. Borde died recently at a hospital in San Francisco, where she had undergone a serious operation.

Mrs. Borde built the Windemere Hotel on Ocean avenue ten years ago. She was beloved in Santa Monica for her public spirit and kindliness. At the Presbyterian Church this morning, where Rev. Cornett officiated at the services, people of all classes and nations were present. Japanese, Chinese and colored people who had been in her employ came here from all over the State with floral tributes, which were laid on the grave of the loved woman. Leading citizens of the bay district were pall bearers.

Interment was at the Woodlawn Cemetery.

INVESTIGATION CAUSED BY LETTERS IN BLOOD.

SAY LUNGS FOUND IN PARK ARE FROM BODY OF BOY, WITH INITIALS J.L.S.

Two mysterious letters believed by the police to be written with blood and received by a local newspaper and the police department yesterday reopened an investigation of the finding last Saturday of the lungs and other vitals of a human being in Westlake Park. Both letters which are signed, "One who knows," assert that the parts found were cut from the body of a young boy whose initials were J.L.S.

The first letter mailed to the Chief of Police on April 5 reads: "The body found in the lake is that of a young boy from Denver, Colo. His initials are J.L.S. I am not allowed to disclose his name yet."

The second letter mailed to a newspaper on April 6 is as follows: "The body found in the lake is the body of a young man from Denver, Colo. His name I can not say. But his initials are J.L.S."

Police Detectives Cornwall and Mann who are making the new investigation assert that the two letters were sent by the same person. They believe, according to a report made to Captain of Detectives Moffatt late yesterday, that the letters are the work of a crank.

The lungs and other parts of a human body were found by several children who were fishing in the lake. They were covered with old sheets and a blue shirt. Efforts to find the person who threw the parts in the lake failed.

GIRL'S INDIAN SLAYER DIES OF HIS INJURIES.

LEWIS IS SAID TO HAVE SHOT MISS VASSAR BECAUSE OF REFUSAL TO WED HIM.

George Lewis, 35-years of age, the half-breed American Indian who shot and killed Laura Vassar, 16 years of age, at her home in the Loomis apartments, 625 Loomis, street, early last Saturday evening, died at the County Hospital yesterdays as the result of two self-inflicted wounds, and the effects of a thirty-foot fall from Miss Vassar's apartments following the slaying of the young girl.

Lewis, according to the police who first investigated the killing of the Vassar girl, concealed himself in Miss Vassar's apartment and shot her twice when she entered the place. He then fired two shots into his own body and leaped from the window. He was picked up by the police and taken to the County Hospital. Up to yesterday surgeons who operated in efforts to save his life, thought that he might recover.

Lewis is said to have been in love with his victim and the shooting was the outcome of repeated efforts on the part of the Indian to persuade Miss Vassar to marry him.

FOUND ARSENIC IN MIXTURE BAKER GOT.

CHEMIST MAAS BUYS ANOTHER BOTTLE, SAYS IT WAS WITHOUT POISON.

Cough syrup which Frank G. Baker obtained for his wife, Mrs. Lorna Baker, had enough arsenic in it to cause death, if taken according to directions, a tablespoonful every hour, according to testimony yesterday of Prof. Arthur R. Maas, a chemist, during Baker's hearing in Justice Hinshaw's court. Baker is accused of attempting to poison his wife, from whom he is now separated. Baker was held to answer in January by Justice Hinshaw for an asserted offense against his stepdaughter, Marcel Jewell, 13 years of age.

Prof. Maas testified that he analyzed the cough medicine Baker bought for his wife, and found considerable arsenic. He also examined another bottle of the same medicine, bought by himself, and found none. Deputy District Attorney Fitts is prosecuting the case, which was continued until April 24.

LANDLORDS BANQUET.

Apartment Owners at Frolic; Dodge High Rent Blame.

The Los Angeles Co-Operative Apartment-house Association enjoyed its annual banquet at the City Club last night, but promised that the tenants won't have to pay for it. In fact, the assertion was made at the banquet that the association has nothing to do with the high rents—that that rests with the individual landlords and is governed by supply and demand. Anyway, the 260 persons present last night ate and laughed and enjoyed themselves as if their consciences were clear.

Harry Hill spoke on the aims of the Association for the Betterment of Public Service; Daniel H. Jones of Barker Bros., Sylvester L. Weaver, vice-president of the Chamber of Commerce, and Frank G. Tyrrell, also spoke. Charles R. Desmond was toastmaster.

RECKLESS WARNED.

Notes to Many Vigilantes Have Reported; Hurts Decrease.

One hundred and ninety-nine reckless auto drivers will receive warning notes from the police today, as a result of the week's activities of the Vigilante Committee of the Automobile Club of Southern California. One prominent business man, twice before reported for careless driving, will be summoned to appear at police headquarters.

Meantime, the vigilante campaign has borne other fruits, in a reduction of 16 per cent. in traffic accidents during seven days. The March average of twelve and a half injuries a day in the city has now been cut to ten and a half. The personnel of the vigilante committee has been increased from 200 to 400 and its work will go on as long as there is need.

Names of the drivers reported by the vigilantes will be placed permanently in the police records. A second report will mean a call at police headquarters.

BOY "BEATS" HOTEL.

Locked in Room when Alexandria Officials get Suspicious.

Vernal C. Dean, a runaway boy, 16 years of age, was able to put up such a bold front at the Alexandria that he was allowed to run up a bill for over $200. The officials got suspicious when no money was forthcoming and he was locked in his room Wednesday night and yesterday was taken to Juvenile Hall. He confessed to Detectives Winn and Taylor that he ran away from his home in Ogden, Utah. He said he was unable to get along with his father and left home about a month ago.

WARSAW, April 7.—Hugh S. Gibson, the American Minister, left Warsaw for Washington Tuesday. He will travel by way of Berlin, Paris and London.

After a conference in Washington, Mr. Gibson will go to his home in Los Angeles to recuperate from the effects of an attack of influenza which he suffered some time ago.

RAIN FALLS IN NORTH; NO GENERAL STORM.

COAST STATES REPORT SLIGHT PRECIPITATION; WEATHER IS UNSETTLED.

[EXCLUSIVE DISPATCH.]

SAN FRANCISCO, April 8.—A showery condition has set in over the coast region of California with atmospheric conditions unsettled and rain falling along the coast between San Francisco and Eureka.

This condition, Forecaster E. A. Beals of the Weather Bureau, says will continue throughout the night and probably tomorrow.

He looks for showers to fall anywhere in Northern California, with the prospects for rain strongest along the coast as far south as the Santa Clara Valley.

There was a trace of rain in San Francisco this morning, .03 of an inch at Santa Rosa and .04 of an inch at Eureka, none fell in the interior valleys. No general storm is in sight, Forecaster Beals says, and no snow has fallen in the mountains.

ANGELS DROP INTO HATCHES

Oaks Depress Our Cherubs Unmercifully.

Third Time in a Row They Trounce Killefer.

Overripe Umpiring Causes Seraphic Chute.

BY HARRY A. WILLIAMS.

Los Angeles is now a bona-fide—as much talland as it is possible for a team to be. The Blue Oaks pushed the Angels into fourth position yesterday, when Del Howard's athletes copped their third straight game, 5 to 3.

For this time the Angels had San Francisco to give them that power so coveted by misery. Now they have the cold, clammy cellar all to themselves.

Fans are undecided whether Pinelli or Ollie Anderson are the more ominous, although it is generally agreed that both are deadly. Pinelli's bugs left the park commenting bitterly that Anderson, with many decisions in the seventh, stole the game to Oakland. If Pinelli was a nice present, being a human, all dolled up with curses and luminous with profanity.

FIVE IN ONE.

Embittered cash customers claim that the Angels were content to retire five Oaks in that inning of whom were Capt. Holmes, who didn't seem to count, so pointed one of the runs. If the umpires and one umpire can't decide out it may be necessary to call in Jack Dempsey. It seems the defenders haven't yet found the right spot in which to tag Capt. Holmes. He must have some vulnerable region, if it can only be found. The enraged patron passing out cards was going to shoot Anderson, but he didn't do it on the theory he must have decided to hold fire until next week, by which time he may change his mind and decide to plug Billy Phyle. Next week is mentioned because Billy Phyle is not worth powder and shot.

LEAGUE WON'T PAY.

The league won't pay Bill Guthridge for umpiring good ball on the theory it's a cinch that it won't be missed.

MRS. M. E. PROCTOR says she is so grateful for what Tanlac has done for her she wants the whole world to know about it. Declares complete recovery after years of suffering seems hard to be true.

"I am so grateful for what Tanlac has done for me that I want the whole world about it," says Mrs. M. E. Proctor, of 717 W. 10th St., Los Angeles, Calif., who is one of the splendid results obtained from the medicine. "I feel that I should have suffered for many years, and spent hundreds of dollars in vain efforts to get relief, and then find complete relief by taking only four bottles of Tanlac seems too good to be true.

"Yes, indeed; for years and years I suffered terribly from stomach trouble. Everything I ate would form gas and so affected my heart and breathing that I would have palpitation and would turn dizzy in the face in my efforts to get my breath. These attacks caused me intense suffering and were so severe that I was frequently confined to my bed and would have to be waited on by some member of the family. Sometimes I should succumb during one of these attacks.

"I got awfully thin and became so weak that I had to give up my household duties. I often went for weeks at a time without getting a good night's sleep and my subsequence became very much run down and low-spirited. In fact, I was a confirmed invalid and my friends did not expect me to live very long.

"I sat reading the paper one morning when my eyes caught the statement of a lady who had been afflicted with similar trouble to my own, and was telling how she had been wonderfully helped by Tanlac. I procured a bottle and started taking it, and the results have been most gratifying.

"My appetite is splendid now, and I can eat most anything without any distress afterward. The gas has entirely stopped forming and I no longer have palpitation or that smothering feeling. I sleep sound all night long and get up feeling rested, and am in better health today than I have been for forty years and I feel much younger.

"I don't believe there ever was as good a medicine made as Tanlac."

STANFORD UNIVERSITY, April 8.—The Stanford University track team defeated the University of Southern California, 77 to 45, in their second meet of the season today. Paddock, U.S.C., sprinter, won both the 100-yard and 220-yard dashes, the feature events. Capt. Wells of Stanford with a total of 11 was the biggest point winner.

Paddock's time was 10 seconds flat in the century and 21 2-5 seconds in the 220. Previously this season he has done the 100-yard in 9 4-5, but a strong wind blowing slowed him up. Kirksey of Stanford, also credited with 9 4-5, finished only inches behind in the shorter sprint, but was outdistanced by several feet in the 220-yard event.

Wells won both hurdles and was third in the 100-yard dash. Paddock and Evans, also of U.S.C., tied with 10 each for second point winner. Evans won the shot put and discus throw.

The half-mile race was won by George, U.S.C., Carismith, Stanford, and Mickey, U.S.C., led the field until the stretch, when George forged ahead in a thrilling finish. It was the hardest fought event of the meet.

The summary:

100-yard dash: Paddock (U.S.C.) first, Kirksey (S.) second, Wells (S.) third. Time 10s.

220-yard dash: Paddock (U.S.C.) first, Kirksey (S.) second, Schiller (U.S.C.) third. Time 21 2-5s.

120-yard hurdles: Wells (S.) first, Davis (S.) second, Rogers (S.) third. Time 16 1-5s.

220-yard low hurdles: Wells (S.) first, Davis (S.) second, Schiller (U.S.C.) third. Time [illegible].

440-yard: Wilson (U.S.C.) first, Schofield (S.) second, Mortad (S.) third. Time 51 3-5s.

880-yard: George (U.S.C.) first, Mickey (U.S.C.) second, Wilkie (S.) third. Time 2m. 6s.

Mile: Waddell (S.) first, Miller (U.S.C.) second, Hayes (S.) third. Time 4m. 35 2-5s.

Two-mile: Westrich (S.) first, Eddelman (S.) second, Radcliffe (S.) third. Time 10m. 14s.

High jump: Templeton (S.) and Green (S.) tied for first, Weaver (S.) second. Height 6ft.

Broad jump: Templeton (S.) first, Schweitzer (U.S.C.) second, Davis (S.) third. Distance 20ft. 10½in.

Pole vault: Green (S.) first, Wilcox (S.) second, Ewing (S.) third. Height 12ft.

Shot put: Evans (U.S.C.) first, Adams (S.) second, Palmer (S.) third. Distance 39ft. 2in.

Discus: Evans (U.S.C.) first, Gillespie (S.) second, Green (S.) third. Distance 116ft. 7½in.

Mile relay: Won by U.S.C., with Wilcox, Wilson, Isenhower, Schiller. Time 3m. 30 2-5s.

SALT LAKE CITY (Utah) April 8.—Poor support by the locals, coupled with ability of Beaver players to hit freely "Spider" Baum's offerings, enabled Portland to score a win, 5 to 4, over Salt Lake today. Portland scored the winning tally in the ninth, when Blue took first on a fielder's choice, stole second, advanced to third when Krug failed to cover the bag and scored on Wisterzil's single.

In the seventh, Bill Rumler, Bee right fielder, scored a home run, putting the ball over the right-field fence. The score:

SEALS' WORM TURNETH AND BITES BENGALS.

[BY A. P. NIGHT WIRE.]

OAKLAND, April 8.—In a game marked by ragged fielding, the Seals won from the Vernon Tigers today, 7 to 3. It was the first victory of the series for San Francisco. The hits were evenly distributed, each side pounding out ten safeties. Seaton, twirling for the Seals, however, tightened up in the pinches and worked his way out of several dangerous holes. The Seals made all of their tallies and won the game in the first four innings. After the fourth inning, Schneider, the Tiger moundsman, heaved an excellent article of ball. The score:

SHOTSMEN TO TRY FOR OLYMPIC HONORS.

[EXCLUSIVE DISPATCH.]

NEW YORK, April 8.—Rifle and pistol shots who aspire for Olympic honors will have an opportunity in tryouts, which will be held at marine base at Quantico, Va., during the weeks beginning May 15 and June 1. The rifle, pistol and trap shooting events will be staged July 22 and 31, inclusive.

The rifle tryouts will be at 200, 300 and 600 yards. The firing will be: 200 yards—standing, slow fire, ten shots; 300 yards, prone, slow fire, ten shots; kneeling, slow fire, ten shots; 600 yards prone, slow fire, ten shots; 300 yards five shots, prone, and five shots kneeling, rapid fire in twenty minutes, starting with the gun loaded. All strings of ten shots, with the exception of the rapid fire, will be preceded by two sighting shots.

In the pistol tryouts the "L" target will be used and the course will be slow fire consisting of ten shots at 25 yards, ten at 50 and ten at 100 yards. Seven men teams will be chosen.

BOTH TOTE A GOOD WALLOP.

Ketchel and Carter to Try for Knockout Tonight.

Are Billed for Feature Event at Jack Doyle's.

Joe Brown and Danny Kramer in Semi-Windup.

It is very seldom that two lightweights, each packing a knockout punch, hook up in a Vernon main event, but Young Ketchel and Tommy Carter are scheduled to clash tonight, and as each has been piling up something of a knockout record during the last few months, there is a good chance for a slam-bang battle.

Carter has done all his fighting around Arizona, where he has built up a big reputation as a boy with a punch. Ketchel was a light hitting, clever lightweight for a time, but he has switched his style and has developed a lot of punching power in his right hand.

Joe Brown has again been given a chance in the semi-windup class, and will take on Danny Kramer, the local featherweight who knocked out Billy Alverez in half a round a few nights ago.

JOE AND DANNY.

Benny McCoy, who boxes anywhere on the card from curtain raiser to main event, and always stages a good battle, is matched with Eddie McKenna. The latter has boxed several bouts at Vernon, but has never appeared to be in the best of shape. He has trained hard for tonight's bout, and hopes to qualify for the semi-windup class.

Jack Oliver is matched with Johnny Meyers at 145 pounds; Jack Rauls will meet Ralph Pena at 138 pounds, and Johnny Woodruff and Bobby Keene, lightweights, will box the first bout on the card.

OLD ROXY SWINGS MIRACLE IN EIGHTH.

[BY A. P. NIGHT WIRE.]

SACRAMENTO, April 8.—Roxy Middleton, left fielder for Sacramento, became the hero of today's game when he drove a home run over the right-field fence with three men on bases in the eighth inning and won the game from Seattle, 4 to 2. Geary held Sacramento safe until the eighth, when hits by Compton, Schang and Middleton, coupled with errors by Hart, Ford and Kenworthy, blighted the Siwashes' chance for victory. Kuntz, on the mound for the Senators, was relieved in the final inning by Larkin. Larkin proved ineffective and Mails was called upon to finish the contest. The score:

TIA JUANA RESULTS.

[EXCLUSIVE DISPATCH.]

SAN DIEGO, April 8.—Shortstop won the Sea Breeze Handicap, an event of a mile and seventy yards, this afternoon at Tia Juana. The winner established a new record for the distance. During the running of this event Jack Johnson appeared at the track and was the center of a crowd of curious spectators. The results:

First race, six furlongs: Fireplace first, W. C. Dooly second, Merry Lass third. Time 1:14 2-5.

Second race, six furlongs: C. A. Comedy first, Old Homestead second, Positano third. Time 1:14.

Third race, six furlongs: Jim Dudley first, Mother Mine's second, Little Abd third. Time 1:13 4-5.

Fourth race, six furlongs: Tahlee D'Honneur first, Freedom second, Norfolk Belle third. Time 1:12 4-5.

Fifth race, one mile and seventy yards: Shortstop first, Mister Mark second, Bronco third. Time 1:43 2-5. (New track record.)

Sixth race, five furlongs: Ideal first, Dot H. second, Mabel's third. Time 1:01 2-5.

Seventh race, five furlongs: Little Jake first, Cal Cure second, R. A. Jones third. Time 1:00 2-5.

ON WAY TO THE FINALS.

[EXCLUSIVE DISPATCH.]

SAN DIEGO, April 8.—The tennis players in the Coronado tournament are making their way to the finals for Saturday. The most interesting match today was that between Allen and Ferrandini and Hinckley and Godshall. Hard, fast driving on the part of all four players and rapid play made the game intensely interesting to the gallery. Allen and Ferrandini won, 6-4, 7-5.

The results today were:

Hinckley beat Johnson, 8-6, 6-2; Allen beat Godshall, 6-2, 6-3; Miss Tarilton and Browne beat Mrs. W. Ellis and Hinckley, 8-6, 0-6, 6-4; Mrs. Cushing and Fottrell beat Mrs. Brasden and Johnson, 6-3, 5-7, 12-10; Miss Wyatt and Mackey beat Miss Fenton and Boldon, 6-2, 2-6, 6-2; Browne and Wayne beat Belden and Lewin, 6-0, 6-0; Mrs. Bruce and Bundy beat Miss Wyatt and Mackey, 6-0, 6-2; Hinckley and Godshall beat Barker and partner, default; Brown and Wayne beat Bullock and Leeds, 6-1, 6-1; Allen and Ferrandini beat Hinckley and Godshall, 6-4, 7-5; Mrs. Cushing and Fottrell beat McVey and Wayne, 8-6, 8-6; McVey and Wayne beat Mrs. E. E. Ellis and Bell, 6-3, 9-7; Snodgrass and Reinke beat Bell and Bundy, 6-1, 6-0; Miss Tarilton and Browne beat Miss Williams and Allen, 6-4, 4-6, 6-4.

TACOMAS TO BEGIN TRAINING SUNDAY.

[BY A. P. NIGHT WIRE.]

TACOMA (Wash.) April 8.—The Tacoma baseball club of the Pacific International League will go into training Sunday at Crockett, Cal., according to word from Manager Bobby Vaughn, former Coast League player, who is in the South recruiting players.

With the exception of two or three men the Tacoma squad will consist almost entirely of California Leaguers.

The Tigers will train at Crockett for more than three weeks, after which they will come north to get acclimated before opening of the league season, Wednesday, May 5.

WALTER MILLER TO TRY TO REGAIN TITLE.

Walter Miller, L.A.A.C. wrestling instructor, leaves tonight for Spokane, where he is to meet Ted Thye on April 15 in an attempt to regain the lightweight title he lost to Thye two years ago. A dislocated shoulder put Miller out of the running at the time.

Miller declares he is in grand shape, and confidently expects to return with his former crown.

WILLIAM JOHNSTON LOSES TENNIS MATCH.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 8.—Roland Roberts and Johnny Strachan won an exhibition indoor tennis match here last night from William Johnston, national singles champion, and "Peck" Griffin, 6-4, 6-3, 9-7.

Howard Kinsey and Mrs. George Wightman, national woman singles champion, defeated Robert Kansey and Miss Eleanor Goss of New York, 4-6, 6-4, 6-4.

COLLEGE COACH HAS A BUSY TIME OF IT.

CUNNINGHAM HAS STRENUOUS SCHEDULE MAPPED OUT FOR REDLANDS.

[SPECIAL CORRESPONDENCE.]

REDLANDS, April 8.—Coach A. Cunningham of the University of Redlands says that the life of a college coach is no sinecure. Saturday promises to be one of the busiest days the doughty coach has ever had.

He will leave here at 6:30 in the morning with his baseball team for Los Angeles, where the team will play the first conference game of the season with S.B.U.C. The game was to have been played in the afternoon, but the postponed college conference track meet interfered.

Then the coach must hurry back to Claremont, where will be held the college conference track meet. He will be very busy there. Cunningham says that his men have a fighting chance of winning the meet although Occidental and Throop are expected to put into Redlands heavily. Powell, the Redlands vaulter, who had a chance to win the pole vault, is in bed with the mumps, and will not be out that day.

BIRDMEN TUNED UP FOR BIG AIR CLASSIC.

[SPECIAL CORRESPONDENCE.]

DEL MONTE (Cal.) April 8.—Racing birdmen are already starting to tune up for the Del Monte air classic, which will be staged on April 21, under the auspices of the Pacific Aero Club. This is the first sanctioned air competition ever held on the Coast and it is attracting no end of entries.

It will constitute a non-stop race from San Francisco to Del Monte with a start at 10 o'clock in the morning. The return trip from Del Monte will be made, starting at 2 o'clock in the afternoon.

Lieut. H. A. Halverson, commanding officer of Crissey Field, will act as one of the judges and will fly a Bluebird D. H. plane to Del Monte, early in the morning on the day of the race, so that he will be on hand to check in the machines as they land at the polo field.

SAN JOAQUIN TO GIVE TENNIS TOURNAMENT.

[SPECIAL CORRESPONDENCE.]

PORTERVILLE, April 8.—The high school tennis championship tournament of the San Joaquin Valley will be held in this city in May. County trials will precede this event.

W. A. Ferguson, principal of the local high school, is confident of the outcome for the home team in the preliminary trials. On this will be based eligibility for the greater contest.

ZEPHYR BRINGS NEVILLE LUCK.

Lands State Champ's Second Shot on Edge of Bank.

Members at L.A.C.C. Golf Tourney are Interesting.

All Contestants Scheduled to Play 36 Holes Today.

BY PAUL LOWRY.

An ocean zephyr and a bit of Neville luck defeated George C. Thomas, Jr., 1 up on the nineteenth hole in the first round of match play for the Southern California golf championship at the L.A.C.C. yesterday.

The zephyr crept upon the scene of action as the players, all square at the eighteenth, teed off for the nineteenth hole. It caught Thomas's drive and sent the ball sailing into the rough. Blowing blithely it deposited his mashie shot in the soft sandy trap at the right of the green.

Here enters the Neville luck, indissolubly linked up with the aforesaid ocean zephyr. The State champion's second shot headed for the sand trap at the left of the green, but a husky gust caught the little white pill, stopped its headlong flight and poised it on the edge of the bank. An inch more and it would have rolled over.

TOO STRONG.

Thomas's third shot to get out of the sand was too strong, and it landed him on the far side of the green. Standing with one foot on the top of the bank and the other

CAN A HORSE FLY? SURELY!

Equine Takes Wings and Soars to Santa Barbara.

Hundreds View the Landing at Big Steed Show.

Preparations are Making for Dance de Luxe.

BY OLIVE GRAY.

[EXCLUSIVE DISPATCH.]

SANTA BARBARA, April 8.—"Can the horse fly?" The question took on new significance, in relation to the modern mercury, under debate between the Humane Society and those proposing to set a new gait in the equine world by sending Miss Jeannie McPherson's little treasure up to Santa Barbara aero-wise. Cecil de Mille was willing to bet a million dollars that the horse could fly and to back up his bet that the horse would.

This morning came the news that the plane had started and by noon the aviation field was the objective of crowds gathered to see the landing. With Lieut. Davis Thompson at the wheel, the landing was beautifully made and the little horse, when revealed to the hundreds of waiting eyes, was calm and without a scratch.

TOO MUCH HEFT.

It was decided that Miss McPherson should not take the same plane test, there be over-weight and the second plane was said to have started soon after the first. Half an hour

Big Interscholastic Field Meet Tomorrow.

HIGH SCHOOLS ARE ALL READY.

Big Track Meet for Southern Honors Tomorrow.

Event Expected to be Greatest Ever Held Here.

Entrants Reach 280; Cinder Paths in Fine Condition.

All heats in the big all-southern interscholastic track and field meet, which is to be held on Occidental oval tomorrow, will be run off in the morning, starting at 10 o'clock.

With twenty-four heats scheduled in six races—the high hurdles, low hurdles, 100, 220, 440 and relay race—Manager Seth van Patten last night emphasized the point that all contestants must be on time, otherwise they will be thrown out of competition.

With 280 entrants, representing thirty-one schools, entered, tomorrow's meet is expected to be the greatest that has ever been held in the South.

IN GREAT SHAPE.

The track, under the direction of Coach Fred Johnson of Hollywood school, has been put in wonderful shape. An extra jumping pit has been dug, and the high jump and pole vault will be run off at the same time. The discus will be thrown in the center of the field, so the spectators may get a good view of the proceedings, and the shot-putting circle has been moved over in front of the grand stand.

The pole vault will start at 1:15 o'clock, the shot, discus and high jump at 1:30 o'clock, and the track events at 2 o'clock. Every twenty minutes thereafter a track race will be started until all are finished.

Arrangements have been made by Manager Van Patten with the street-car company to have plenty of service on the Eagle Rock line, which passes down Spring street and out to the college campus.

Speculation is rife as to who will win the high jump. Corey of Chaffee High, Bennett of Santa Paula and Argue of Oxnard are all six-foot jumpers.

ANGELS DROP INTO HATCHES.

(Continued from First Page.)

pay me money for bum umpiring from the press box, so I will pass the decisions along to the eye-and-ear witnesses down below, who seemed unanimous.

Lefty Claude Thomas came back for more, and accepted his second beating of the week like a gentleman and a scholar. Buzz Arlett was on the winning end of the argument, heed the ultimatum strike-breakers

Pop, the other Arlett, was not in the game, having retired the day before with a rigid spine, which became so when he was stooped over engaged in honest toil. In addition to the petrified vertebrae, Pop, the bone-setter has discovered, has overlapping ribs.

GOOD FOR BOXER.

This is all right for a boxer, whose business it is to get slammed in the slats. The overlapping ribs give him slats of double thickness. But in the case of a shortstop, whose business it is to stoop down and snatch up baseballs, the overlapping ribs pinch the meat in between them as he folds up and unfolds, causing excruciating pain. Pop's ribs are now being pried apart and will soon be free again.

So Henree Gingiardi, who comes from a long line of first-class dago red, was again playing shortstop. While popular, he was not the hero of the day before. This was because he treated the spectators to no home runs. He swung repeatedly, and although combing the air very thoroughly with his bat, was unable to locate a homer.

BEGIN TO WONDER.

People are beginning to wonder if he was loaded with only one home run in the first place, and having fired that the first day can't keep the pitchers and public guessing any more.

Thomas was unable to use his best delivery yesterday. His pet fooler is a spitball, which is prepared with perspiration. He prepares this by dabbing the index finger of his pitching hand on his perspiring brow. But yesterday it was too cold for Lefty to live and pitch by the sweat of his brow in the usual manner, and he was defeated.

BAGS CLUTTERED.

In every round the Angels had one or more men on bases, and once assembled the maximum number allowed, yet not until the ninth were they successful in getting anybody around to where it counted.

Killefer himself doubled at the start, but three batters couldn't budge him off second. Consecutive passes to Crandall, Niehoff and Thomas filled the bases in the second with two down. Killefer, himself, forced Niehoff at second. One would think Red old enough to do better than that.

Thomas pitched himself out of a baseball proposition in the first into which wildness had led him. Thence until the seventh he continued invincible.

Buzz Arlett opened this round with a mighty wallop to left. Tex McDonald ran in on the ball, and the ball ran up and over Tex, going for a triple. This looked like the game, yet it wasn't. Bill Lange drove to Crandall, who nipped Buzz at the plate. Thus the crisis appeared to be passed, which it wasn't. Enter Ollie Anderson as villun of the drammer.

DROVE TO HANEY.

Capt. Zeider drove to Haney. Fred flipped the ball to Crandall, forcing Lane, and Karl relayed it to first. Capt. Zeider was ruled safe. Eye witnesses aver he was out, and Earl Houck, the blind man, who umpires by ear, says he distinctly heard the ball strike Sandow's mitt before Capt. Zeider's hoof smote the bag. Willie sent a deceptive bounder down to Haney, which lodged in the fork of Fred's wishbone.

This put runners on first and second, and opened the way for a double steal which was immediately attempted. Bassler whipped to Niehoff. The throw was a bit high, but eye and ear witnesses aver that Bert after pulling the ball down tagged Capt. Zeider all the way from his shoulder straps to his marching shoes.

MISSED SPOT.

But apparently he missed the right spot, which probably is the bald space under Capt. Zeider's cap, which can't be reached. Anyway, Ollie called him safe. Niehoff, overcome with emotion, jumped six feet straight up and then came down on his feet. Had Bert come down on Ollie, the umpire might have understood what he meant. Jumping up and down on top of the earth don't get a guy any place.

"Niehoff didn't have his foot on the base," Ote Crandall avers Anderson said in explanation. If this is true, Ollie is certainly an interesting talker.

By this time it had been demonstrated that Capt. Zeider contains as many lives as an egg with two yolks. Hack Miller swatted a single that scored both men. Guisto's infield hit, Gingiardi's sacrifice and Arlett's hot one between the legs of Fred Haney, who was impersonating the Statue of Liberty cooling off, yielded another in the eighth. A walk by Killefer himself, an out and McDonald's hit gave the Angels theirs in the ninth. The boys are finding the sea a bit rough, but we're all going to stick around and go down with the ship. DIVING ENTRIES ARE COMING IN RAPIDLY.

National fancy diving championship entries are commencing to come in for the great event to be held at the Los Angeles Athletic Club the latter part of this month.

Two divers are entered from Stanford University including Finkston, the young man who took the local divers down when the Stanford team met the Los Angeles Athletic Club recently. The Multnomah Athletic Club will send one man, the present junior national champion. The Olympic Club will send Patterson, their star performer.

At least one diver is expected from the East and a good half-dozen from this territory.

FACTS!
you cannot deny them

Motorists buy Zerolene because it is good lubricating oil; because it makes the car last longer.

More than half the motorists of the Pacific Coast states use Zerolene. Such approval is never an accident; it is given only as a reward to products of highest quality.

There is an advantage to you in the resources, experience, knowledge and equipment of the Standard Oil Company, which combine to make Zerolene. They insure a uniform product of quality. They create an efficiency in the manufacture of fine lubricants hard to duplicate elsewhere in the world.

Our Board of Lubrication Engineers has studied your particular make of car and prescribed the right consistency of Zerolene for its Correct Lubrication. There is a Zerolene Correct Lubrication Chart for each make of car. Get one for your car at your dealer's or our nearest station. Use Zerolene for Correct Lubrication.

BEAT THE DRUG GAME
CURE YOURSELF OF
Constipation
No Exercise—No Diet. No Artificial Means.
I can convince even the skeptical that my anatomical method of permanently correcting constipation is a certain success. I work from an experience of over twenty years.
Men, women and children, many of them afflicted for years, from one thing, then another, always seeking help, only receiving but temporary relief, have adopted my method, and within ten days Nature began to assert itself, and in 30 days were natural and regular in this all important duty, having avoided all drugs, depending entirely upon Nature for elimination.
To you who suffer from this distressing disease producing condition, if you will drop me a card I will send you positive, undeniable proof that you can permanently correct your trouble. My method appeals to all intelligent people—and it is that class of people who appreciate and understand the danger of artificial—and produced elimination. They realize that one drug leads to another more drastic.

E ASPIRIN ONLY TOLD BY "BAYER"
Introduced Aspirin to the Physicians Over 18 Years Ago.
Safe, quick relief follow carefully the safe and proper directions in every unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety mark "Bayer Cross."
The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years.
"Bayer Tablets of Aspirin" can be had only for Colds, Headache, Neuralgia, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis and Pain generally.
Only 12 boxes of 12 tablets cost a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—[Advertisement.

Shampooing Spoils the Hair
Shampoo should be used very carefully if you want to keep your hair looking its best. Most soaps and shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.
The best thing for steady use is pure mulsified cocoanut oil shampoo (which is pure and greaseless,) and better than anything else you can use.
One or two teaspoonfuls will thoroughly moisten the hair with which rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, lustrous, fluffy and easy to manage.
You can get Mulsified cocoanut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply the needs of the family for months.—[Advertisement.

CAN A HORSE FLY? SURELY!

(Continued from First Page.)

or so later the plane bearing Miss McPherson was sighted off Montecito Point and then was lost to view.

All anxiously awaited the reappearance of the plane and when at last it appeared and circled round the grounds of the Ambassador, before landing, anxiety was relieved. Miss McPherson's description of how it felt to circle above a heavy cloud bank uncertain whether one was over land or sea, was vivid and interesting. Lieut. Omar Locklear, the great aviator in charge, later gave some fancy demonstrations over the ring at the horse show.

Tomorrow the aviatorial horse will be exhibited in the ring. He is the first horse to fly since the days of Greek mythology and the story of the delay caused by the Humane Society has added interest to the event.

The programme for the afternoon was enjoyed by a crowd equal to that of yesterday. Tomorrow many are expected to arrive for the dinner-dance and horse show ball. Preparations already are being made upon a lavish scale, not only the large ballroom being brought into requisition, but the spacious lobby of the hotel as well, a special stand being erected for the orchestra. Then riding togs and sport clothes will be doffed and many handsome evening costumes will be worn.

QUEEN MAB.

Mrs. Holmes, the silver Queen Mab, is trusted to bring out something beautiful for the occasion. Mrs. Vernon Goodwin will be present and there will be many interesting personalities as well as lovely dresses. Miss Maud Banks has adopted the plan of costuming herself for the horse show in the colors "worn" by her prize winner Champion. Purple and gold are becoming to Miss Banks and develop much loveliness when embodied in dress for both daytime and for evening.

ZEPHYR BRINGS NEVILLE LUCK.

(Continued from First Page.)

in the trap Neville dispatched a wonderful fifty-foot putt that laid the ball dead for a "4." The match was over when Thomas's equally long putt was feet to the bad.

Neville's uncanny ability to get out of ticklish situations marked him the champion that he is. One down on the thirteenth he halved the fourteenth after his drive had gone into the bunker, and won the fourteenth and fifteenth. Thomas won the sixteenth by a great putt, and was in a fair way to win the long seventeenth when the northern man's drive went into the rough. But Neville displayed his nerve when he attempted a brassie shot in a pinch where most players would have been satisfied to use an iron. He made good and was on the green in "2," halving the hole with his L.A.C.C. rival.

OUT IN 38.

Thomas's score for the eighteen holes was 74 and Neville's 75. Both went out in thirty-eight. Neville got an eagle on No. 4, a 5 par hole, but shot 7 on No. 3, a 4 par.

Bill Bacon, the buttermilk baron, provided a mild surprise by defeating Arthur Vincent 1 up. It was a surprise to those who compared the qualifying scores of the two men, but not to followers of the game who are aware of Bacon's sterling qualities as a match player. The Frisco man was a heavy favorite.

Today will find the golfers getting down to work in earnest. Thirty-six holes must be played by every contestant still in the running. This will wipe out all flights and defeated eights except the championship, president's and vice-president's flights and leave the field clear tomorrow for the finals in the last two flights and the semi-finals in the title frame.

The results of play in all of yesterday's eight rounds: (Thirty-six holes will be played all contestants today.)

OFFICER SEEKS ROTUND REWARD.

Half of Fat Fine Collected from Drug Dispenser is Claimed Under Law.

Patrolman Walter Krug yesterday filed a claim with the Federal court resulting from the arrest and conviction of Dr. Henry Ching, the South Broadway Chinese herbalist, who was recently convicted of violation of the Harrison narcotic law and sentenced to five years in the Federal penitentiary at McNeil Island, the judgment being approved by the United States Circuit Court.

Ching paid a fine of $5100, and under the law Krug, who arrested Ching, may be paid as much as one-half of the amount of the fine levied and collected.

SAVES LIFE OF CHILD.

Florence Weeks, Actress, Collapses after Venice Beach Rescue.

Florence Weeks, a vaudeville actress, known on the stage as Peggy Taylor, rescued an unidentified girl, aged 9 years, from drowning on the Venice beach at noon Sunday. Caught by a heavy breaker, the child was being carried out to sea when Miss Weeks who had been resting on the sand noticed the danger and plunged into the water. For some time she battled with the waves. She was unable to gain the shore with her burden but kept the child afloat until the arrival of Harry Bland of Baltimore street, Venice, and a life guard. Then she collapsed. She lay unconscious in a beach hospital until late in the afternoon, when she recovered sufficiently to go to her home at the York Apartments in Venice. Miss Weeks played at the Princess Theater last week and is booked to play in Seattle next week.

State Convention of Danish Denomination is Held Here.

The California district convention of the Norwegian-Danish Methodist Episcopal denomination opened yesterday forenoon with a business session in the First Norwegian-Danish Church, West Tenth and Bixel streets. More than forty delegates were present from San Francisco, Oakland, Stockton, Fresno, Eureka and other California cities. The preceding evening a reception for the delegates was held.

Forenoon and afternoon business sessions will be held each day this week, with evangelistic services in the evening. The speakers at the services last night were Rev. F. Engebritsen of Oakland and Rev. R. P. Peterson of San Francisco. Miss Marie Danielson of Omaha, a singing evangelist, is providing vocal music at the convention sessions. Next week, following the convention, she will continue her evangelical work here.

Worn Out In Mind and Body

Your child is quick to observe disturbances in your mental attitude or physical condition. And when he asks: "What's the matter, Daddy?" there's a tone of solemn anxiety in his little voice. The depression stamped upon you reflects intensely upon him because of his profound solicitude. He at once drops his playthings and rushes to your side, but his happy smile has disappeared and his buoyant spirits are gone—replaced by a countenance of worry and a bearing of hopelessness.

You owe it to the happiness and welfare of your family to keep trim in body and keen in intellect. You are the sun and the inspiration of their lives. Dark, threatening clouds hover over their heads the instant you show signs of being "out of sorts" or "under the weather." Don't imperil their future by neglecting your health.

LYKO
The Great General Tonic

will banish that "tired feeling" and dispel that worn-out look. It will renew your strength and vigor, overcome the ravishing effects of overwork and worry, revive your spirits and increase your hold on life. Being a refreshing appetizer, a valuable aid to digestion and a worthy promoter of the general health, because of its positive revitalizing and reconstructive value, its use is especially desirable in cases of convalescence. If you suffer from nervous exhaustion, muscular or mental fatigue, or deficiency of vital force due to general weakness or wasting illness, you'll find "LYKO" particularly beneficial. It tones up the entire system and keeps you feeling fit. Ask your druggist for a bottle today.

LYKO is sold in original packages only; the picture shows. Refuse all substitutes.

Fighting Hunger

Hunger is never more than a few days away from the American people.

The coal strike showed us what a narrow margin the country goes on, even in a non-perishable necessity which can be stored.

Swift & Company is engaged in the business of fighting hunger.

From coast to coast, from the Great Lakes to the Gulf, the lines of defense are drawn—packing plants at strategic points; branch houses in four hundred towns and cities; hundreds of car routes; thousands of refrigerator cars; tens of thousands of loyal men and women expert in their work.

Day by day, hour by hour ceaselessly, this fight, your fight, goes on. Yet so smoothly, surely and victoriously that you, unaware how close hunger always is, are as certain each night of tomorrow's meat as you are of tomorrow's sun.

And so economically is this done that the cost to you for this service is less than three cents a pound of meat sold. The profits shared in by more than 30,000 shareholders whose money makes the victory possible is only a fraction of a cent a pound on all products.

If hunger did not make it necessary for us to fight this fight in the best possible way for all concerned, the competition of hundreds of other packers, large and small, would compel us.

WILL LEAVE GOLDWYN'S.

PAULINE FREDERIC TO JOIN FIRST NATIONAL, REPORT.

By Grace Kingsley.

One of the best known of the Goldwyn stars, Pauline Frederick, has severed her connection with that corporation, and has signed up with another organization, according to report yesterday. It is possible she may do one more picture for Goldwyn, however, before leaving. At present, she is engaged in making "Madame X."

Miss Frederick is understood to have signed up with the First National Exhibitors Circuit, and when questioned on the subject Mr. J. D. Williams, president, did not deny the report. Miss Frederick herself likewise declined to deny the rumor, but friends of hers confirmed it.

Clermont Takes First Shot.

Clermont Photoplays Corporation fired their first guns yesterday at the Bernstein studios. Under personal direction of Lloyd B. Carleton the Lloyd Carleton Productions Company began to film an adaption of "Mountain Madness." Anna Alice Chapin's story of the Virginia hills.

This is the first of six special productions to be made for Selznick to be released through the Republic Distributing Corporation. Mr. Carleton's company is the first of several units to get into actual production. Others will be added as soon as the Clermont Corporation can secure a studio as a permanent home. A fully-equipped plant is under consideration, but in case this is not purchased a new studio will be built.

Mr. Carleton announces as his cast for his first picture, Mignon Anderson, Ora Carewe, Edna Pannington, Edward Coxen, Howard Miller, Richard Morris and Jack Lott. His technical assistants are his brother, John T. Carleton, production manager; W. Bradley Ward, assistant director, Delbert L. Davis and Robert Carson, photographers.

Jack Draws Watch.

Little Jack Condon, picture player, 2 years old, was yesterday the recipient of a present from W. A. Clark, Jr. Said present is a watch, one of Mr. Clark's own, and pretty nearly as big as little Jack himself. The boy isn't to be allowed to investigate how the wheels go 'round, for the present.

Bessie Love Rests.

Bessie Love, A. J. Callaghan star, has just finished her latest picture, and is going to take a two weeks' vacation, before resuming work. She will stay at home, except for short motor trips.

Farnum Flits.

If William Farnum doesn't look out he's going to get elected Mayor or Sheriff or something of Palm Springs, for he spends so much time making pictures there that he will acquire citizenship if he isn't careful. He leaves again next Sunday for the southern town, to make scenes for his current Fox picture, "The Joyous Troublemaker." A new canyon location has been discovered where the "devil's tumbler" scene will be staged. At present the canyon is full of snakes and cactus, but these unpleasant things are to be cleaned out of it, and then it will be ready for use as background for Farnum's personality.

Anna Nilsson Bathes.

Anna Q. Nilsson has been vacationing at Arrowhead, where she went with friends to take the sulphur baths—just as a sort of fad, of course, because Miss Nilsson is in perfect health. She is completing work this week with Eugene O'Brien in "The Figurehead."

Shirley Mason Sails.

A yachting trip to Santa Cruz Island is the reward which fate has had in store for a good, hard-working little picture star known as Shirley Mason. Miss Mason left yesterday on her own sixty-five-foot gasoline yacht, which she has just purchased. She was accompanied by sister Viola Dana and husband Burney Durney.

Colleen with Neilan.

Pretty little Colleen Moore yesterday started work in a Marshall Neilan production at the Hollywood studio. She has one of the two leading feminine roles, the other being played by Marjorie Daw. Others in the cast are Pat O'Malley and Wesley Barry. Jack McDermott is directing under supervision of Neilan.

Annette Kissed.

Is a kiss worth $2000? Archie Munro, a well-known citizen of Riverside, Cal., thought that it was, especially as the donor is known as the reincarnation of the famous Venus de Milo.

It all happened the other night at an Elks' Club high jinks, where the members of the Riverside B.P.O.E. were trying to raise a big benefit fund. Annette Kellerman was working on location in that city for her new Sol Lesser picture, and consented to be guest of honor. When a certain article to be raffled off didn't appear to be bringing the required amount, Miss Kellerman offered to throw in a kiss with it, and the bids soared rapidly until the $2000 mark was reached.

No Eggs Allowed.

Winnie Lightner was the busybody of the Orpheum bill Easter. She saw that every member of troupes playing received Easter cards. She says she sent no eggs. Eggs, to stage folk, are always connected with too painful associations.

Lewis Stone with Ince.

Lewis Stone has been signed by Thomas H. Ince for the principal role in "Beau Revel," the first of a series of specials by Louis Joseph Vance, scheduled for early production at the Ince studios.

Rolin Sturgeon Begins.

Rolin Sturgeon began production of "The Girl in the Rain" yesterday. The story will feature Universal's newest star, Anne Cornwall.

Laemmle Makes Trip.

President Carl Laemmle of Universal journeyed to San Francisco to greet Marie Walcamp and her company on their arrival from the Orient. The company, under the direction of Henry McRae, left here last summer to film "The Dragon's Net," a serial whose scenes occur in Japan, China, Korea, the Philippines, Hawaii and America.

With Miss Walcamp is her husband, Harlan Tucker, whom she married while the company was abroad. The two will build a home in Hollywood.

They'll Add Sparkle to the Cinema.

Enid Bennett.

Priscilla Dean

In Next Week's Plays.

Enid Bennett is the star of "The False Road," coming to Clune's Broadway, and Priscilla Dean of "The Virgin of Stamboul," to show at the Superba.

MUSICAL.

FLONZALAY QUARTETTE.

PERFECT ENSEMBLE SHOWN AT TRINITY CONCERT.

By Jeanne Redman.

The Flonzaley Quartette played at Trinity Auditorium last evening on the Philharmonic course. It has been several years since these men, with their simple perfection of ensemble, have been heard in Los Angeles—and so their performance last evening was in the nature of a musical revelation. Their playing of the Haydn Quartette in D. Major brought out the individual superior gifts of each performer, but far more than that they put us under the spell, and that in the very spirit of old Haydn, who is so much a part of chamber music that one cannot conceive the one without the other.

How exquisitely the Flonzaleys played the slow movement! With what a perfect unity of intention and balance of tone! These men are so truly and profoundly lovers of pure music that the projecting of their own personalities—obnoxious word—beyond the aims of the composer is beneath them. There is not one of the men who holds the stage, nor makes any attempt to do so.

It would be impossible to say which musician makes the keenest impression. They are all virtuosi. Adolfo Betti, first violin—he of delicate phrasing and sound rhythm—sometimes seems superior, until a solo phrase is heard from the second violin, played by Alfred Pochon, or a satin-smooth tone from Bailly, one of the finest violists I have ever heard, or a note of D'Archambeau, the 'cellist of supreme facility and astoundingly perfect pitch. The finale of the Haydn gave him a fine opportunity, as it did the first violin, and how both men rose to it!

The audience was persistent in applause, and after the Haydn demanded an encore. The quartette gave the dainty and fanciful Canzonetta by Mendelssohn, played to such a nicety that one smiled in sheer delight at the performance.

The Smetana Quartette in E Minor, a dramatic work, with strongly operatic themes, was, I am tempted to say, more finely played than written. It is a serious work, but suffered, from the point of view of musical form, from being placed in a programme with Haydn. The "By the Tarn" of Goosens, the young English-Belgian composer, is a picturesque little work, which in the hands of the Flonzaleys sounded like a delicate and tenuous vision of clouds, gray and evanescent. Grainger's popular "Molly by the Shore" closed the programme, and closed it in a manner which left an extremely pleasurable memory and a sharp regret.

TO HEAR "GAS" PLEA.

Council will Consider Protest Against High Fuel Requirements.

The meeting of the Councilmanic Committee of the Whole next Monday afternoon will be devoted to the plea of the Independent Petroleum Marketers' Association to have the city's requirements for gasoline and oil reduced.

The dealers say that it is impossible for them to secure oil products to meet the high requirements of the city. The fire department on the other hand, has been complaining that the quality of the gasoline furnished the city now is so poor that at times delay has been caused in starting motorized fire apparatus.

SENNETT FILM COMING.

"DOWN ON FARM" SOON TO HAVE PREMIERE HERE.

By Edwin Schallert.

"Down on the Farm," Mack Sennett's super-comedy picture, is to have its local premiere April 18 at the Kinema Theater, according to announcement yesterday. This production is similar to "Tillie's Puncture Romance," "Yankee Doodle in Berlin" and "Mickey," produced by Sennett.

More than 200,000 feet of film were photographed in producing the feature, which has been reduced to five reels. An all-star cast of funmakers and beauties from the Sennett studios, as well as those popular animal actors, Teddy, the dog, and Pepper, the cat, appear in the rural special.

Arranging Programme.

A number of pictures have been booked for early showing at the recently reopened Walker Theater, it is stated, among them "The Open Door," a mystery story, to be presented the first three days of the coming week; "The Blue Bandanna," with William Desmond; "Anne of Green Gables," starring Mary Miles Minter; Allan Dwan's production, "Soldiers of Fortune," and "Erstwhile Susan," with Constance Binney. The theater is now under the management of Rudolph Bylek, formerly at the Kinema.

Enid Bennett Feature.

Enid Bennett is to be the star at Clune's Broadway next week in her photoplay, "The False Road." Lloyd Hughes, who has since been elevated to the ranks of a star at Ince, plays the leading male role.

Played in "Jest."

Louis R. Wolheim who has an important part with George Walsh in "A Manhattan Inright," which is to show at the Alhambra Theater next week, had a small role in the famous success of the New York stage, "The Jest," in which John and Lionel Barrymore played the leads.

Zazu to Sparkle.

Zazu Pitts is to have the bright particular lead in "Seeing it Through," which is to show next week at the Symphony Theater.

Noted Cinematographer.

Announcement has been made by the Sennett studios of the engagement of James E. Abbe, New York photographer, who came to Los Angeles recently for a brief vacation. He is to direct the making of a two-reel comedy exploiting the beautiae of the Sennett studio in a fantasy.

Abbe has been filling engagements with Margery Daw, Agnes Ayres, Anita Stewart, Charlie Chaplin, Mary Pickford, Betty Compson, Mildred Harris and others. He is credited with being an expert in securing attractive poses on the photographic plate, and will apply the principles of his art to the moving pictures.

Priscilla Honor Guest.

Priscilla Dean, star of "The Virgin of Stamboul," will be guest of honor at a dinner-dance next Saturday evening, given by Walter Bruce at his Westlake studio. Among others present will be Wheeler Oakman, May Preston Dean, Mr. and Mrs. Tod Browning, Mr. and Mrs. Edmund Mortimer, Miss Kate Price, Miss Helene Sullivan, Byron Robinson and Charles Hertzman.

"Open Door" at Hip.

Heading the midweek Hippodrome bill, "The Open Door" is proving a very fascinating film attraction. Anna Lehr and Walter Miller play the leading roles. The vaudeville programme includes the Four Bill Posters, singing quartette music; the Lutes Brothers, in a novelty act; Paul Jones, violinist; Daisy Dean and company in a sketch, "The Crisis;" Louis and Lyde, eccentric dancers, and the Sakato Duo, Chinese jugglers and magicians.

May Return in Play.

Helene Sullivan, who received many plaudits for her portrayal of the vamping widow in "Civilian Clothes," and who has recently been devoting her time to the films, may return to the cast at the Morosco in "The Naughty Wife." Miss Sullivan is at present filling an engagement at the Metro studio, and will probably shortly appear in a Clara Kimball Young feature.

Ornstein Coming.

Leo Ornstein, the modernist of the piano, is to be heard in a special concert about the middle of this month with the Philharmonic Orchestra. He will play the Rubinstein Concerto in G minor. This appearance will be in the nature of a demonstration for the Ampico player piano, which will render a portion of the work.

GODOWSKY HERE FOLLOWING SUCCESS.

Leopold Godowsky, who arrived in Los Angeles this week, will be the soloist with the Philharmonic Orchestra this afternoon, at Trinity Auditorium, playing Chopin's F Minor Piano Concerto, for which he uses the Burmeister orchestration.

Having passed a tremendously successful season concertizing, Mr. Godowsky's most important announcement is the story of his most recent compositions, which are called "Triakontaneron," meaning "A Series of Thirty."

Godowsky accomplished the almost unbelieveable feat of composing twenty-six pieces in the group in a month, while he was holding master classes in piano at Seattle. The other four were added after his arrival in New York in December. Schirmer is publishing the group, which will appear next month.

Godowsky played the compositions at his recital at Chicago last January. The press was unanimous in praise. Conductor Stock, of the Chicago Symphony is orchestrating the work for the coming season. The last piece in the group is a requiem, in which Godowsky has used the "Star-Spangled Banner" in commemoration of Americans who fell during the war.

It is cause for rejoicing that Godowsky will play the entire group at his forthcoming recital at Trinity, April 27. He leaves the same day for Canada and New York on tour.

DRAMATIC RECITAL.

Lee Nichols, the English playwright and lecturer, will give a recital of modern poetry in the Polytechnic High School Auditorium this evening.

DAILY TRADE TALK.

Organize for Thrift, is Plea of Investment Banker; Financial News.

BY CHAPIN HALL.

S. W. Straus, president of the American Society for Thrift, said yesterday that in his opinion, the grave economic problems of the present day can be solved only through thrift, developed by effective organization to bring about price stabilization. "If each business organization in the country," said Mr. Straus, "would launch an intensive thrift campaign within the ranks of its own employees, the stimulating effect on production would be immediate, and we should begin to see at least a modified form of the ceaseless round of increased living costs and increased wages.

"The process of kiting wages and kiting prices that has been going on since the end of the war must come to an end some time, and this condition will ensue only when every interest in the country is resolved to place increased production ahead of every other consideration.

"The business situation in the country today consists of many complexities, and an endless number of plans are being proposed for effecting stabilization. But there can be no panacea excepting broad, unselfish, constructive thrift.

"What we must have is more buildings, more shoes, more furniture, more steel and more commodities of all kinds. If every business organization in America would adopt the slogan, 'organize for thrift,' and then put it into practice we soon would find ourselves approaching the end of the unrest now felt as a result of constantly advancing prices, because in this way only will we be able to bring up our depleted supplies of material resources and restore the correct balance between supply and demand.

"Thrift does not mean merely saving money. It means the elimination of idleness, the application of efficient methods and the avoidance of waste. These are the lessons that can be applied with effective results at this time if each business concern in America will assume the responsibility of leading the movement among the ranks of its own employees."

Los Angeles Stocks.

The market, so far as Los Angeles is concerned, was in a very much improved condition yesterday. News of plans for increasing the capitalization of Union Oil had a beneficial effect on oil stocks generally. Union opened around $194, but under pressure of heavy selling and profit-taking declined in the afternoon to $192. The technical position of the stock remained strong. Union of Delaware reacted sympathetically, selling here at $34.50 and above $35 in New York. Republic Petroleum opened at 27 5-8 cents, moved up quickly to 28 and closed strong at 27. Industrials were also in good demand. Goodyear sold up to par. Edison common weakened slightly, selling at $85.50. Sugars were wanted. Union sold at $54.50 and Hutchinson was in demand around $30. Mines were fairly active. Gold Ore moved up to 4 3-8 cents, a point and three-eighths gain in two days. United Eastern was quoted ex the regular 21-cent quarterly dividend, selling at $2.97 with the dividend on, or $2.76 for the stock. Gruss Mining was very active and sold up to $2.30. Liberty Bonds were fairly active and slightly weaker. The volume of trading was good; orders plentiful. So far this week there has been a steady improvement from day to day.

State Finances.

Payments last month by the State Treasury were $9,270,163.02, being in excess of any month in the history of the State, according to State Treasurer Friend Wm. Richardson. The largest item was for money paid by the State to the counties for support of schools. The second item was a highway bond sale.

The larger payments were as follows:

Grammar school	$3,430,212.97
High school	1,150,148.42
Schools	660,624.61
Compensation insurance	300,925.49
San Francisco Harbor	150,460.66
Third highway bonds	1,911,398.11

The State has a large available cash balance and is prepared to meet all claims.

San Diego Lands.

The Blankenhorn-Hunter-Dulin Company recently issued $600,000 San Dego Lands, Inc., firstmo rtgage 6 per cent. bonds. Sales contracts are in force in excess of $500,000 and payments on same to date have allowed the sinking fund to retire $145,000 bonds. This is of considerable interest to investors inasmuch as the bonds were offered less than a month ago and with sales contracts now in excess of $500,000. It is anticipated that an additional amount of bonds will be retired in the very near future. The land comprising the security approximates 28,000 acres contiguous to National City and Chula Vista in San Diego county. T his territory is served for domestic and irrigation water by the Sweetwater Water Corporation. The bond issue was absorbed within a few days after the offering three weeks ago.

Moore's New Interest.

James O. Moore, assistant to the president of the Los Angeles Trust and Savings Bank has been elected a director of the First National Bank of San Pedro. The new director has had a wide banking experience in Southern California. He was associated witht heold National Bank of California; later became assistant to the clearing house examiner; cashier of the International Savings Bank; assistant cashier of the Bank of Italy at the Broadway and Seventh-street branch and then to the Los Angeles Trust and Savings. He is thoroughly conversant with the banking requirements of the San Pedro district.

Stock Permits.

Stock selling permits have been granted by the commissioner to the National Rubber Corporation; Herbert Hedges, Incorporated, and Figueroa & Co., all of Los Angeles.

Spicer Manufacturing Company.

A group of investment bankers headed by Merrill, Lynch & Co., and Cassatt & Co., is offering 60,000 shares of common stock of the Spicer Manufacturing Company, at $29 per share. The company is said to be the largest manufacturer of universal joints, propellor shafts, springs, axles and allied automobile parts in the United States. Net profits for the fiscal year available for dividends on the common stock, amounted to $8.69 per share before taxes and $4.37 after taxes.

Pennsylvania Offering.

An issue of $50,000,000 Pennsylvania Railroad ten-year 7 per cent. secured bonds was offered locally yesterday. The bonds are dated April 1, 1920 and mature April 1, 1930, with interest payable semiannually. The underwriting syndicate is composed of the National City Company, Guaranty Trust Company, of New York; Kuhn, Loeb & Co.; William A. Read & Co.; Harris, Forbes & Co.; Kidder, Peabody Company, of Boston; Union Trust Company of Pittsburgh; Girard Trust Company, of Philadelphia. E. H. Rollins and Sons, and Blair & Co., also have a participation in the issue.

Pacific Consolidated.

Acting on the advice of its geologists the Pacific Consolidated Oil Company has closed three leases in Los Angeles county land believed to be advantageously located. Two of these are known as the Castaic leases of 80 and 157 acres respectively, and the third, the Chatsworth lease of 179 acres. Among those reported to be affiliated with this new oil company are Walter R. Wheat, George W. Walker, Harry M. Haldeman, W. G. Crandall, R. A. Dulluge, and George P. Machrie, the latter also president of the Wilshire Oil Company.

RAPID FLUCTUATIONS FEATURE CORN MARKET.

MAY MAKES SHARP ADVANCE: RAILROAD STRIKE INFLUENCES TRADING.

[EXCLUSIVE DISPATCH.]

CHICAGO, April 8.—Strike news and curtailed traffic conditions had more influence on trading than did the reports from Federal investigation. Business was lighter, and, while prices covered a good range, the close was rather tame, with corn ½@¾ lower; oats, ½; rye, ½@¾, and better. Its lower, with a nervous feeling.

With limited outside trade, corn bears were unable to maintain breaks. Buying support was in evidence on the declines. On the scalls free selling orders appeared and prices fluctuated rapidly within a range of 1¼@2¼, the close being at intermediate figures.

The government report on winter wheat was construed as bullish, suggesting a smaller crop than was expected, and was mainly responsible for the upturn to the high point, which, put May to 1.65¾, or within 1¼ of the best figure of the year.

May oats showed an independent strength and gained ¾ on the July. Trade is rapidly drifting into the latter. The position of the shorts in May is regarded as precarious, as cash houses are the leading bear against shipping sales to the East and West delivery. Premiums were well maintained in all markets.

The ranges:

	Open.	High.	Low.	Close.
Corn—				
May	1.64	1.65¾	1.61¾	1.64

COTTON PRICES UP CENT AT NEW YORK.

REPORTS OF BETTER WEATHER CONDITIONS WEAKEN LATE MONTHS.

[EXCLUSIVE DISPATCH.]

NEW YORK, April 8.—Another sharp advance in the cotton market today was caused by increasing demand from the trade and buying attributed to southern mill interests. July deliveries were particularly strong, selling up to 30.55, or fully a cent higher than yesterday's close. May sold at 41.72, or 75 cents higher. Advances in later months were less pronounced, owing to improved weather conditions reported in the South. The ranges:

PRICE TREND OF MILO AND BARLEY UPWARD.

Milo showed increasing strength during yesterday's session on the local grain exchange, and barley displayed an upward tendency. Aside the fact that there was little support for either cereal from the buying side of the market.

Immediate shipment milo was from 25 to 50 cents per ton stronger, with no sales transacted, however. Near-by deliveries of barley were unchanged. In futures, May barley was 50 cents per ton lower, while other months, June, July and August, were up 25 cents per ton. The only sales of barley consisted of 200 tons of May delivery at $2.90. A car of No. 2 yellow corn, sacked, was made at $3.80½, an advance of 25 cents over the preceding sales.

ELDER STEEL STEAMSHIP COMPANY, INC.
First Mortgage Serial 7% Gold Bonds
Due $215,000 Annually, Jan. 1921~1930, Inclusive

THE ELDER STEEL STEAMSHIP COMPANY, INC., was organized under the laws of the State of Delaware as successor to the Eldorado Steamship Company, which has heretofore conducted a general maritime and steamship business with headquarters at the Port of New York.

For detailed information regarding the First Mortgage Serial Seven Per Cent. Gold Bonds, attention is directed to a letter from Mr. George R. Elder, Jr., President of the Company, copies of which will be supplied upon request, and from which the following is summarized:

Security: These bonds are secured by a closed first mortgage upon the two steel steamships, Deerfield and West Catanace, appraised at $2,479,875 and $1,901,925, respectively, an aggregate valuation of $4,381,800, or more than 200% of this issue of bonds.

Description of Ships: The S. S. Deerfield was completed in 1918 and the S. S. West Catanace in 1919. They are both of the oil burner type, and the Company is fully protected as to fuel requirements through a very advantageous contract with the Standard Oil Company (New Jersey,) extending to August, 1921. The S. S. Deerfield is a refrigerator ship of 9725 deadweight tonnage and is one of the two largest American meat-carrying steamers. The S. S. West Catanace, of 8453 deadweight tonnage, is considered the most desirable size for a general cargo carrier. These two vessels are of the most modern construction and have the highest classification under Lloyds and the American Bureau, respectively.

Earnings: In accordance with the terms of existing contracts, the gross receipts from January 15 to July 20, 1920, will amount to about $2,010,000. For the calendar year 1920 the gross receipts are estimated at $2,730,000, and the net profits, after deducting all operating and voyage expenses, including insurance, management and repairs, at $1,560,000. After deducting Federal taxes for this period, estimated by independent auditors at $225,000, the balance amounts to $1,335,000, as compared with annual bond interest requirements of $150,500.

Mortgage Provisions: In accordance with the provisions of the mortgage, the Company covenants that:

It will not voluntarily create or suffer to be created any lien or charge having precedence over or parity with these bonds and that it will promptly pay or secure all lawful claims or demands, however arising, which, if unpaid, might by law have precedence over or parity with the bonds as a lien or a charge upon the vessels.

It will maintain the mortgaged vessels and equipment in good repair and first-class seaworthy condition, in accordance with the highest classification and rating for steamships of their ages and types in the American Bureau of Shipping, Lloyds or similar classification bureau.

While any of these bonds are outstanding, it will keep the steamships covered with insurance with responsible underwriters, for an amount equal to not less than 125% of the par value of bonds outstanding. The Trustee covenants to see that vessels are kept fully insured in the event of any such omission on the part of the Company.

NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, April 8.—The same influences and factors that gave upward impetus to recent sessions of the stock market were operative again today, but extensive selling in the final hour caused much irregularity at the close.

At the close, Rails were fairly active and moderately higher for the first time since inception of the current movement.

Large amounts were loaned on call at 6 per cent., but time funds inclined to greater firmness, due to meagre offerings.

As usual, the greater part of the day's activity was furnished by steels, equipments, motors and oils, together with several less distinctive specialties.

Sales amounted to 1,650,000 shares.

Foreign exchange was again unsettled, but the most interesting and significant development in the international situation was the announcement that the Bank of France had increased its discount rate to 6 per cent.

Bonds were reactionary, rails losing 1 to 2 points and Paris 6s declining one point, with pressure against Liberty and Victory Bonds. Total sales, par value, $10,875,000. Old United States bonds were unchanged on call.

ATTENTION FRANK OIL COMPANY'S STOCKHOLDERS

We want to invite the attention of purchasers of Frank Oil Company's stock to the fact that unless you buy the stock from the company, or their authorized agents—THE AMERICAN SECURITIES CO., 828 Story Bldg.—you are not benefitting the company nor furthering your own interests. When you purchase an individual's stock, who may for any reason offer it for less than par ($1.00,) the individual, not the company, gets the money.

You must not overlook the fact that **the stockholders are the company, and unless you buy the stock direct from their authorized agents,** you are not in any way furthering your own or the company's interests. All the money received by the company from the sale of their stock is being used in developing the company's properties.

THE COMPANY MUST GET THE MONEY IN ORDER TO MAKE YOUR STOCK VALUABLE.

PRODUCE MARKET DULL; MOSTLY UNCHANGED.

ONIONS SLUMP SHARPLY; ALL VARIETIES ARE $1.50 PER HUNDRED LOWER.

A slightly weaker tone was in evidence on the local produce market yesterday, although most of the market leaders held firm under a good demand. A nervous feeling pervaded the market, however, on account of the railroad strike. Many of the shippers withdrew entirely from the market and canceled their orders, with the result that supplies of some commodities for local consumption were heavier than usual. The feature of the market was the slump in the price of brown and white onions, which fell almost $1.50 per hundred. White Globes were down $2.50 per hundred for the better grades yesterday, while the yellow and brown varieties were selling as low as $1.50 per hundred for the fancy stock. The onion condition continues to arrive from the Imperial Valley and other districts, and the market for the old stock is very weak. Artichokes were in very liberal supply, and declined 15 cents per dozen for the ordinary run of the offerings. Asparagus was also weaker, particularly the northern offerings, which were in heavy supply, most of only fair quality for the most part. Northern asparagus was down to 15 cents per pound yesterday, a decline of 2 cents; local stock, however, was unsigned. Lettuce held firm at the level of the preceding day, although the shipping market was very uncertain. Tomatoes were generally the only commodity to advance, moving up 1 cent per pound under a brisk demand from local trade.

ESCAPE FOILED, TAKES POISON.

Near-Tragedy Follows Pair's Failure to Break Jail.

One of Desperate Prisoners Attempts Suicide.

Crowd Watches Frantic Men Saw Window Bar.

While about 100 persons stood on the sidewalk yesterday on Temple street, opposite the County Jail, and for thirty minutes watched two men frantically sawing a window bar, a near-tragedy was being enacted in the jail. One of the curious crowd notified Deputy Sheriff Cronin and Chief Deputy Manning, and it was found that Elmore L. Reynolds, the so-called "monkey burglar," and Joe Carney, accused with three others of holding up the manager of the Vermont branch of the Home Savings Bank, were making a bold attempt to escape from the jail.

The two prisoners, according to Capt. George Gallagher, the jailer, had been to the bathroom, and on the way back slipped into the hospital room. There they struck Alec Runion, a trusty, in charge of the room, on the head with a bottle, bound and gagged him by wrapping a piece of cloth over his chin and head, and, kicking him aside, tried to escape. After failing in the attempt, Reynolds saw a bottle containing bichloride of mercury tablets and swallowed three. He was taken to the County Hospital.

The curious persons on the sidewalk watched while Reynolds and Carney sawed feverishly on a window bar. The bar was severed and bent outward by the time the jail guards were notified. It was then that Reynolds took the poison.

Runion, who is a former soldier, was released of his bonds by jail guards and is said not to be much hurt. Reynolds's condition is reported as serious.

Reynolds told Deputy Sheriffs Bell and Harrington, who hurried him to the County Hospital, that he was glad he took poison.

"I served a term in Alcatraz military prison when I was younger," he said, "and I know what life in prison is. I would be sent to San Quentin. I need the sunshine and light, and ought to be free to be happy."

Twice before Reynolds failed in attempts to escape from prison. Recently he heard that his bride of a few months, now in Berkeley, intends to seek a divorce from him.

Late reports from the County Hospital showed that Reynolds has a chance to live.

MOTHERS MUST PAY.

Rex. Pritchard and Douglass Truinette, who pleaded guilty to transporting a motorcycle, without the owner's consent, from this city to Phoenix, where they were captured with the machine, were fined $300 each by United States District Judge Tripper, yesterday. Their mothers, who accompanied the boys to court, agreed to pay $15 down and $15 a month until the obligations are discharged.

LOSES LAURELS, DIES IN JAIL.

Heart Disease Takes Taylor, Held for Trial on Charge of Bigamy.

Harold Fletcher Taylor, whose self-given war record recently faded away at his hearing before Justice Hinshaw on a bigamy charge, will never be tried in the Superior Court, for he died unexpectedly of heart disease yesterday in the County Jail.

Taylor was held to answer following testimony given by Mrs. Fannie Maud Taylor, wife No. 1, and Evelyn Pluss-Taylor, wife No. 2. The latter testified she married him in July, 1919, and wife No. 1 declared the defendant had lived with her constantly for eight years previous to that, and could not possibly have served in all the battles he claimed in the great war.

HIGH TRIBUTE PAID MRS. AMANDA WIGGINS.

DEEP SYMPATHY EXPRESSED BY COMMERCE BOARD AT SECRETARY'S LOSS.

Paying a high tribute to the late Mrs. Amanda P. Wiggins, wife of Secretary Wiggins of the Chamber of Commerce, the board of directors of that association yesterday passed a resolution expressing unbounded sympathy with the secretary and full appreciation of the assistance which she gave him and through him the organization. The board states that Mrs. Wiggins was for thirty-four years an inspiration to her husband and a helpmate in the truest and best sense of the word. After telling of Mrs. Wiggins's great assistance and co-operation the resolution says:

"She was a member of the woman's board at the great world's fair in Chicago in 1893 and a commissioner at the Omaha exposition in 1899. She was official hostess for the State of California at the Cotton States' Exposition at Omaha, at the Trans-Mississippi Exposition at St. Louis, at the Lewis and Clark Exposition at Seattle, and at the exposition held at Buffalo, N. Y. In every instance she discharged her duties with such unvarying courtesy and kindliness as to win the admiration and gratitude of all with whom she came in contact.

"A consistent member of the Friends Church, her sympathies and services were extended alike to all without questions as to their religious or social affiliations. Believing that women were in duty bound to take an active interest in the civic and intellectual life of their community, she was one of the founders of the Friday Morning Club of Los Angeles."

ON LIQUOR CHARGE.

Irving A. C. Moffitt was arraigned before United States Commissioner Long yesterday, charged with selling a gallon of alcohol to J. F. McClure for $10. He put up $500 government bonds as security for his appearance, April 23.

BAN ON PARKING STARTS TONIGHT

Severe New Law Becomes Effective at Midnight.

Traffic Squad to Enforce it to the Letter.

Autos may Stop Two Minutes Only Downtown.

The new traffic regulations and "no parking" ordinance, which will bring about the most sweeping changes in the city's history, become effective at midnight tonight. Enforcement of the regulations and the ordinance will be in the hands of the traffic squad of the Los Angeles police department, Capt. James McDowell, commanding.

The engineering department of the Board of Public Utilities will, through its inspectors, make a careful check of the operation of the no-parking ordinance, with a view of accurately determining the working of the new regulations, and will report to the board as to the results of the survey.

Under the new regulations it will be unlawful to permit any passenger vehicle to stand for a period of more than two minutes in the "no-parking" or congested district, between 11 a.m. and 6:15 p.m. A stop of fifteen minutes is permitted commercial vehicles for the purpose of unloading, and this is allowed only when no alleys are available. The two-minute stop is permitted passenger vehicles only for the purpose of discharging or taking on passengers.

The regulations prohibit left-hand turns at twelve of the busiest corners of the city, those at Fifth, Sixth and Seventh streets on Main, Spring, Broadway and Hill streets.

The new law created a business district lying outside and adjoining the congested district, inside of which parking will be limited to two hours, from 10:30 a.m. until 6:15 p.m.

In neither the congested district nor the business district are the parking regulations to be observed on Sundays or legal holidays.

The following are the limits of the congested or "no-parking" district:

Main street from First street to Ninth street.
Spring street from First street to Ninth street.
Broadway from First street to Ninth street.
Hill street from First street to Ninth street.
Olive street from Fifth street to Eighth street.
Grand avenue from Sixth street to Eighth street.
The east side of Hope street from Sixth street to Eighth street.
First street from Los Angeles street to Olive street.
Second street from Los Angeles street to Olive street.
Third street from Los Angeles street through the tunnel to Figueroa street.
Fourth street from Los Angeles street to Olive street.
Fifth street from Los Angeles street to Olive street.
Sixth street from Los Angeles to Figueroa street.
Seventh street from Los Angeles street to Figueroa street.
Eighth street from Los Angeles street to Figueroa street.
The north side of Ninth street from Main street to Olive street.

The business district as outlined includes the following:

Beginning at Pico street at a point immediately north of Fourteenth street, westerly to Figueroa street, northerly on Figueroa to Sunset boulevard, and easterly on Sunset boulevard to the easterly line of Main street, thence south and southeast along San Pedro street to Jackson street, and east on Jackson street to Central avenue, southeast on Central avenue to East Seventh street, and west on Seventh street to San Pedro street, and south on San Pedro street to the point of beginning at Pico street, immediately north of Fourteenth street.

SEAMAN ELECTED ON BOARD OF EDUCATION.

HIGHLY-QUALIFIED MAN TAKES PLACE AS MEMBER OF LYNN HELM, WHO RESIGNS.

Regretful acceptance of the resignation, by reason of ill-health, of Lynn Helm, president of the Board of Education, was followed yesterday by the unanimous election by the board members of Charles E. Seaman to fill the vacant membership. The office of president will be filled from the membership probably at next Monday's meeting. According to well-informed persons, the most likely candidates are Mr. Seaman, Charles J. McCormick and Melville Dozier. D. K. Edwards will not be a candidate, he stated.

Mr. Seaman was proposed as a member of the board by Mr. Dozier, who referred to Mr. Seaman's experience as a former member and to his high abilities as an economist as eminently qualifying him for the post. Mr. Edwards spoke in similarly laudatory vein, declaring that Mr. Seaman is one of the few men in Los Angeles who can and will devote to the work of the school board the time and ability demanded by the best interests of the schools.

This is the second time that Mr. Seaman has been chosen a member of the Board of Education to fill the unexpired term of another member. On December 9, 1918, he was chosen a member of the board to succeed J. H. Bean, who resigned. Mr. Seaman devoted practically his entire time to the schools. Dr. Albert Shiels, then superintendent, frequently declared that Mr. Seaman was one of the most competent and efficient school directors in his experience.

Mr. Seaman is a national authority on commerce and economic problems. A graduate of Harvard university, he returned there for a post-graduate course, after which he made a two-year world study tour. Returning to the United States he established the department of industry and economics at the University of Vermont and for three years held the chair at the university.

Mr. Helm has been a member of the Board of Education for three years, and during that time has been president of the body. He has always been extremely active and able in all of the work of the board though, of late his ill health has somewhat interfered with it.

TO CONFER TODAY ON JOINT JAIL PROJECT.

The city and the county, it is proposed by members of the City Council, should join in the erection of a new, large, modern jail. The members of the Council's finance and safety committees will confer informally today with the Board of Supervisors to discuss tentative plans for the joint project. Another suggestion to be considered for solving the present problems of overcrowded City and County jails is for the county to build the new jail and allot a section to the city government, for which Los Angeles shall pay rent.

Republican Joint Resolution Declaring State of War with Germany at an End and Repealing Most of Wartime Legislation Is Passed by House.

Peace Declaration Wins in House

Short but Bitter Debate Precedes Adoption of Joint Measure.

Act will Repeal Much of War Time Legislation if it is Enacted.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 9.—The Republican joint resolution declaring the state of war with Germany at an end and repealing most of the war-time legislation was adopted by the House today. It now goes to the Senate.

The vote on the passage of the resolution was 242 to 150.

Twenty-two Democrats joined with the Republican majority in support of the resolution and two Republicans voted against its adoption. Democrats voting for the resolution were:

Ashbrook, Caldwell, Dooling, Crisp, Gallivan, Ganley, Goldfogle, Hamilton, Middleton, McKinery, McLaughlin, Maher, O'Connell, O'Connor, Peters, Quinnell, Olney, Sherwood, Sullivan, Tague, Carew, Evans, Nevada.

Republicans opposing it were Fuller, Massachusetts, and Kelley, Michigan.

Combatting the view of opponents of the resolution that it proposed an invasion of the constitutional powers of the President, Representative Madden, Republican, Illinois, declared it did not "assume to take away any of the President's treaty-making rights."

"If the Treaty of Versailles has been ratified as presented by the President," he said, "it is obvious that no American army of anywhere from 15,000 to 200,000 would have to go to Armenia today and the nation obligated for an expenditure of not less than $757,000,000 to maintain a mandate under the League of Nations over that country."

"A PALPABLE MISNOMER."

Representative Clark of Missouri, Democratic leader, declared that the title of the resolution was "a palpable misnomer," that the measure would bring "confusion twice confounded," and that it would lead to "all sorts of international quagmires."

"Congress has neither mandate nor authority to do the things now attempted," he declared. "It may well be doubted whether the proponents of this resolution believe it will ever get the statute books. In this case they have intimated that the President will veto it. He can do nothing else consistent with his oath to support and defend the Constitution and with an honest and patriotic regard for the duties of the high office which he holds," he said. Representative Mason, Republican, Illinois, said President Wilson "should have been removed from office when he permitted American troops to enter Russia."

"We have power to legislate and to remove the President if he does not obey laws," he said. "On Mondays, Wednesdays and Fridays the President has war; on Tuesdays, Thursdays and Saturdays we're at peace."

CHALLENGES REPUBLICANS.

Representative Kitchin of North Carolina, the former Democratic leader, challenged the Republicans to bring in a "straight-out" bill repealing war-time legislation.

Mr. Kitchin declared that if such a bill were presented it would be passed with Democratic support. "If the President vetoes it, I will guarantee you enough Democratic votes to pass it over his veto," said Mr. Kitchin.
